Conditions of Competition Between U.S. and Mexican Fabricated Automotive Glass in the U.S. MarketReport to the President on Investigation No. 332-286 Under Section 332(g) of the Tariff Act of 1930 as AmendedCatalog of Copyright Entries. Third Series1964: July-DecemberCopyright Office, Library of Congress

This edition summarizes developments in antitrust laws during 2004 in the courts, at the agencies, and in Congress, including three Supreme Court cases and three litigated merger cases.

The industry-leading textbook for collision repair and refinishing is now updated to the NATEF 2006 Collision Repair and Refinish Program Standards. Written with clearer explanations and more detail than any other collision repair learning tool on the market, Auto Body Repair Technology, Fifth Edition delves into all aspects of collision repair, from initial collision evaluation, to estimating, to final paint detailing. And because the book is written by a leading author in the auto body field, readers will feel confident that they are learning skills and procedures that incorporate the latest advances in materials and methods. COLLISION REPAIR AND REFINISHING: A FOUNDATION COURSE FOR TECHNICIANS, 2E covers all the major areas of collision repair and refinishing as outlined by NATEF. In-depth coverage includes structural and non-structural analysis and damage repair, welding, painting and refinishing, paint chemistry, sacrificial coatings for corrosion resistance, mechanical & electrical systems, and more. The logical progression of topics and easy-to-understand writing style are perfect for students with little or no prior exposure to collision repair.
