to place. Designed to be the stepping stone to the popular Little Kids First Big Book series, these board books take similar subjects and distill them down to the simplest nonfiction concepts for the youngest audience. Not only will readers learn how animals move, they can also find recurring shapes and patterns in the art, while adults can keep their eyes open for occasional funny commentary from the animals. Sidebar text offers additional learning for older siblings or those ready for more complex information. With their square shape, bright and playful design, awesome photography, clear text, and cues to encourage interactive learning, the Little Kids First Board Books mirror the beloved First Big Books while taking a fresh new approach to excite a baby's sense of wonder and make learning about nature and science fun. Adventure, danger, and a thrilling global mission await 12-year-old Cruz Coronado as he joins an elite school for explorers. Cruz leaves his tranquil home in Hawaii to join 23 talented kids from around the globe to train at the Explorer Academy with the world's leading scientists to become the next generation of great explorers. But for Cruz, there's more at stake. No sooner has he arrived at the Academy than he discovers that his family has a mysterious past with the organization that could jeopardize his future. In the midst of codebreaking and cool classes, new friends and augmented reality expeditions, Cruz must tackle the biggest question of all: Who is out to get him, and why? Readers can get in on the excitement with puzzles and codes embedded throughout.

"The most complete ocean reference ever, more than 350 amazing color photos throughout the book."

Swim with sharks! Dive with dolphins! Stroll the beach with penguins! Young readers will joyfully immerse themselves in this awesome adventure at sea, in which stunning National Geographic photos reveal hidden worlds of action and beauty. We meet 30 favorite sea creatures and explore their watery homes: playful dolphins, mysterious sharks, graceful sea turtles, waddling penguins, and dozens of others. Kids will marvel at speedy swimmers on the hunt, and smile at cuddly scenes of animal families. To give background on the attention-grabbing photographs, each page is sprinkled with fun facts and layered with information about ocean wildlife and environments. Age-appropriate text tells each animal's story in language that's accurate, lively, and non-intimidating. National Geographic maps encourage kids to learn about the geography of land and sea. Conservation tips help readers of all ages understand how we can be kind to the oceans. At home in the classroom and on the family bookshelf, is a trove of thrilling sights and discoveries. Timed to coordinate with the release of Disney's much-anticipated movie on Earth Day 2010, this exciting book taps into and encourages new awareness about the world's marine environments.

U.S. paper money is magnetic? In this latest and greatest edition of *Weird But True!*, you'll encounter all kinds of bizarre people, places, events, and things that make our country great.

He's quick. He's silent. He has five rows of deadly teeth. Chomp! Meet the shark—the fish who ruled the deep before dinosaurs roamed the Earth! This fish has soft cartilage so he can glide, twist, and turn before his prey can say "gulp!" He can smell a single drop of blood in 25 million drops of ocean. He can feel electricity given off by his prey. He will lose and replace more than 10,000 teeth in his lifetime. Cool photos bring kids into the shark's world. Fun facts go deep into the shark's scary science.

"Information and photos of oceans for young children"--

"Welcome to the coral reef--a giant city under the sea. Here you'll discover how tiny coral polyps form stony skeletons that become large 'buildings' rising up from the ocean floor. You'll also find out how clownfish, parrotfish, and other colorful residents depend on the reef--and on one another--to survive"--P. [4] of cover.

Pictures and vocabulary present sets for you to choose ones that are alike.

Roar, ribbit, squeak, snore! Children will love imitating the noises made by creatures in the wild, from lions to dolphins to frogs and more.
