A teenage orphan is caught up in President Lincoln's assassination—and another macabre plot—in this “fast-paced and dramatic” historical novel (Publishers Weekly). Emily's mother always told her that she should avoid Uncle Valentine, a doctor, that he was involved in things she shouldn't know about. But after Emily is orphaned—as Washington, DC, is in chaos due to the end of the Civil War—she has nowhere else to go. Now, in addition to coping with the loss of her mother, the fourteen-year-old finds herself involved in two mysteries. First, she wonders about her best friend, Annie Surratt, and the Surratt family. Annie has a signed picture of the handsome actor John Wilkes Booth in her room—but there seems to be more of a connection between Booth and the Surratt family than Emily thought...possibly including the plot to kill Lincoln. At the same time, Uncle Valentine's odd behavior leads Emily to suspect that he is involved with body-snatching. As dark secrets swirl around her, Emily must figure out who she can trust, in this suspenseful tale “with a wealth of interesting background information” (Publishers Weekly). “Rinaldi has woven two interesting plots here into a fine coming-of-age historical novel....Makes readers feel as if they are living in history.”—Booklist “A vivid account of the moral ambiguities surrounding body snatching—for medical research—at the close of the

Mated to three large alpha shifters? No way, Leah decides. She might be an omega, but who says she needs to follow every dust-covered tradition? She would rather work on her studies than count male abs. Particularly when those abs belong to three of her uncle’s most intimidating enforcers. Unfortunately, her uncle is also the Alpha, the pack leader. And he has too many unmated males to deal with. Still, Leah refuses to solve the Alpha’s ‘problem’.

Excerpt: The next morning, Leah tried to stick to her usual routines and ignore what had happened yesterday. It wasn’t a great success. Her mind seemed to be constantly churning on how she could avoid her fate. But so far, no good ideas had come forward. She needed to calm down. That would help her mind work more efficiently. But even a long, warm shower had failed to calm her nerves. She dried her hair and got dressed. Taking some comfort in doing what she always did in the morning. There had to be a way out of this mess. Some miracle that would restore her life to normal and wake her up from this nightmare. As she left the bathroom, Leah heard her mother call from the story below her. "Leah?" "Yes?" "There's someone here to

see you." "Who?" "Come down and see for yourself, dear." Leah had a strong suspicion who it might be. Taren. Otherwise, her mother would have said so. She had briefly told her mother what her uncle had ordered her to do. Her mother had seemed relieved, but she hadn't nagged about it. Instead, she had kept her questions to a minimum, as if she sensed Leah was too shocked to want to talk about it. In fact, she didn't even want to think or talk about the mating. She wanted to forget the whole thing. But the people around her wouldn't forget. Particularly not if her so-called mate would become a frequent visitor to her house. Leah heard muttered voices coming from the living room as she moved closer. Fearing the meeting, yet it was better to know. She stood in the doorway and looked inside. At the same time, they stopped talking and turned their attention to her. Even if she had moved silently, it felt like she had barged in. Leah stiffened when she saw Taren wasn't the only visitor. Three large men towered over her mother. Each of them so large and broad, their living room suddenly felt tiny. Their faces turned to her. Leah felt their eyes scan her entire body from top to toe. As if they were weighing her, judging her. _____

The History of the World wasn't what Valerie was taught. The daughter of a vampire and sister of a devil walking, Valerie finds out she has something neither her brother nor her father possess: She has Honor. Now, she needs to flee a brother who leaves her for dead. Because, if there is one thing Valerie understands? It's that Justice Doesn't Turn the Other Cheek. 150 years after a near apocalypse, the world is rebuilding. Survival has become the only rule, and justice is in short supply. Now, Justice has come calling. Justice Is Calling is part of The Kurtherian Gambit Universe.

A resource for fans of The Kurtherian Gambit. End of the world as we know it. Plausible. Scary in its simplicity. Horrible in its effect. Set in the Kurtherian Gambit Universe, this story explains how a few mistakes can have grave

consequences. Unfortunately, the technology in the following short story is real. Yes, this could happen. Dammit. Who wants to really dwell on these things? This story was written by Craig Martelle, based on the original WWDE Document as authored by Jeff Morris. You get both in this one short story which gives you insight into how a fiction author takes a technical document and makes a story out of it. Otherwise, I would label this, "Crap, I don't want to ever, ever, ever think about."
