

New Headway Pre Intermediate 4th Edition

The first four levels of a new video series to accompany the New Headway. It can be used as an additional component to the New Headway, or as a supplement to any course at the appropriate level. Key Features Each level consists of six self-contained comedy stories looking at the lives and misadventures of four people in their twenties who share a house. The syllabus is closely linked to the New Headway. Each episode provides a natural context to consolidate the grammatical, functional and lexical areas covered by the course, and to develop listening skills. Key language is controlled and contextualized throughout. Each episode provides clear grammar and functional language, with an emphasis on developing communicative skills. The video is supported by an Activity Book for students and a Video Guide for teachers. Student's Book Before you watch, While you watch, and After you watch activities for full exploitation of the video Attractive illustrations in full colour Complete transcript

A clear and effective approach to learning evidence-based DBT skills—now in a fully revised and updated second edition. Do you have trouble managing your emotions? First developed by Marsha M. Linehan for treating borderline personality disorder, dialectical behavior therapy (DBT) has proven effective as treatment for a range of other mental health problems, and can greatly improve your ability to handle distress without losing control and acting destructively. However, to make use of these techniques, you need to build skills in four key areas: distress tolerance, mindfulness, emotion regulation, and interpersonal effectiveness. The Dialectical Behavior Therapy Skills Workbook, a collaborative effort from three esteemed authors, offers evidence-based, step-by-step exercises for learning these concepts and putting them to work for real and lasting change. Start by working on the introductory exercises and, after making progress, move on to the advanced-skills

chapters. Whether you're a mental health professional or a general reader, you'll benefit from this clear and practical guide to better managing your emotions. This fully revised and updated second edition also includes new chapters on cognitive rehearsal, distress tolerance, and self-compassion. Once you've completed the exercises in this book and are ready to move on to the next level, check out the authors' new book, *The New Happiness Workbook*.
