Here's a book for lovers of all things Italian. This city on the Adriatic has always tantalized Jan Morris with its moodiness and changeability. After visiting Trieste for more than half a century, she has come to see it as a touchstone for her interests and preoccupations: cities, seas, empires. It has even come to reflect her own life in its loves, disillusionments, and memories. Her meditation on the place is characteristically layered with history and sprinkled with stories of famous visitors from James Joyce to Sigmund Freud. A lyrical travelogue, Trieste and the Meaning of Nowhere is also superb cultural history and the culmination of a singular career-"an elegant and bittersweet farewell" (Boston Globe).

Discusses the mind-body problem, knowledge, personal identity, free will, ethics, death, reality, values, and the meaning of life.

1990 marks the centenary of the publication of William Morris' most celebrated work, the utopian novel News from Nowhere. Originally received as backward-looking and hopelessly romantic, News from Nowhere was in reality ahead of its time, articulating a coherent vision of 'how we live and how we might live' that has much in common with the views of idealists and 'green' thinkers of the present day. William Morris & News from Nowhere: a Vision for Our Time is a revaluation of Morris' ideas on such diverse subjects as love, work, revolution, architecture, economics and ecology. In the light of the breakdown of the old order in Eastern Europe and the crisis of capitalism in the West, together with the 'greening' of societies throughout Europe and elsewhere, Morris has much to contribute to the search for new ways of thinking and action, for new social and political structures, and for new attitudes to Nature and ourselves.

When Gavin Meckler's light aircraft encounters a mysterious cloud and crashes to earth, he discovers that the eerily quiet landscape in which he has landed is 200 years older than the one from which he took off. In this gentle, peaceful, sustainable new world, it is possible to travel from one side of the globe to the other in a matter of minutes without burning fuel, and everyone is a gardener because that's how they can be sure to eat. Inspired by William Morris's utopian novel News from Nowhere, Robert Llewellyn shows us a future where we don't burn anything to make anything else and which isn't hovering on the brink of disaster; where aliens haven't invaded, meteors haven't hit and zombies haven't taken over. In short, a world where humanity eventually gets it right. All the technology described in the novel has seen the

light of day in reality. Llewellyn's future isn't perfect and may not be very likely, but it is entirely possible.

News from Nowhere is the best-known prose work of William Morris. Set in London and the Thames Valley in the twenty-second century, these 'Chapters from a Utopian Romance' draw upon the work of John Ruskin and Karl Marx to describe a decentralized and humane socialist future.

William Morris (1834–96) was an English poet, decorative artist, translator, romance writer, book designer, preservationist, socialist theorist, and political activist, whose admirers have been drawn to the sheer intensity of his artistic endeavors and efforts to live up to radical ideals of social justice. This Companion draws together historical and critical responses to the impressive range of Morris's multi-faceted life and activities: his homes, travels, family, business practices, decorative artwork, poetry, fantasy romances, translations, political activism, eco-socialism, and book collecting and design. Each chapter provides valuable historical and literary background information, reviews relevant opinions on its subject from the late-nineteenth century to the present, and offers new approaches to important aspects of its topic. Morris's eclectic methodology and the perennial relevance of his insights and practice make this an essential handbook for those interested in art history, poetry, translation, literature, book design, environmentalism, political activism, and Victorian and utopian studies.

A ten-year-old girl learns the importance of family and community in this tale of love and hope set during the Hurricane Katrina disaster. Armani Curtis can think about only one thing: her tenth birthday. All her friends are coming to her party, her mama is making a big cake, and she has a good feeling about a certain wrapped box. Turning ten is a big deal to Armani. It means she's older, wiser, more responsible. But when Hurricane Katrina hits the Lower Nines of New Orleans, Armani realizes that being ten means being brave, watching loved ones die, and mustering all her strength to help her family weather the storm. A powerful story of courage and survival, *Upside Down in the Middle of Nowhere* celebrates the miraculous power of hope and love in the face of the unthinkable. Praise for *Upside Down in the Middle of Nowhere* "Lamana goes for and achieves realism here, carefully establishing the characters and setting before describing in brutal detail, beyond what is typical in youth literature, the devastating effects of Katrina—loss of multiple family members, reports of attacks in the Superdome, bodies drifting in the current and less-than-ideal shelter conditions. An honest, bleak account of a national tragedy sure to inspire discussion and research." —Kirkus Reviews "I recommend the book because I think it does a good job of capturing what life was like in New Orleans both before and after Katrina and because Armani's journey will give readers a lot to think about and discuss. But parents will want to know that it doesn't flinch when describing the death and destruction that hit New Orleans during that time and be cautious with younger, sensitive readers." —Cindy Hudson, author of *Book by Book*

News from Nowhere (1890), William Morris' most famous work, is a utopian picture of a future communist society,

depicting a world in which capitalism has been abolished by a workers' revolution, and in which nature and society have become beautiful habitations for humanity. In an era that has seen the collapse of state socialism, Morris' damning critique of this conception, and his positing of a powerful alternative, are compelling reasons for paying attention to this classic of British socialism.

An incendiary examination of burnout in millennials--the cultural shifts that got us here, the pressures that sustain it, and the need for drastic change

Bekim Sejranovic's *From Nowhere to Nowhere* is a subtle yet unforgettable meditation on the factors that shape identity. The novel's unnamed narrator, raised by his grandparents and scattered to the wind from his hometown of Brcko, Bosnia and Herzegovina, during the Yugoslav Wars of the 1990s, travels to Croatia and Norway, trying to reclaim a sense of self he isn't sure he ever possessed in the first place. From his days playing soccer with friends on Unity Street outside his home to Muslim funerals, his job as an interpreter for Balkan refugees, and his fractious relationships with women, a nomadic aesthetic emerges brilliantly rendering what it means to live a life from which you have always been removed. This stunning picture book looks into the life of Georgia Gilmore, a hidden figure of history who played a critical role in the civil rights movement and used her passion for baking to help the Montgomery Bus Boycott achieve its goal. Georgia decided to help the best way she knew how. She worked together with a group of women and together they purchased the supplies they needed—bread, lettuce, and chickens. And off they went to cook. The women brought food to the mass meetings that followed at the church. They sold sandwiches. They sold dinners in their neighborhoods. As the boycotters walked and walked, Georgia cooked and cooked. Georgia Gilmore was a cook at the National Lunch Company in Montgomery, Alabama. When the bus boycotts broke out in Montgomery after Rosa Parks was arrested, Georgia knew just what to do. She organized a group of women who cooked and baked to fund-raise for gas and cars to help sustain the boycott. Called the Club from Nowhere, Georgia was the only person who knew who baked and bought the food, and she said the money came from "nowhere" to anyone who asked. When Martin Luther King Jr. was arrested for his role in the boycott, Georgia testified on his behalf, and her home became a meeting place for civil rights leaders. This picture book highlights a hidden figure of the civil rights movement who fueled the bus boycotts and demonstrated that one

person can make a real change in her community and beyond. It also includes one of her delicious recipes for kids to try with the help of their parents!

Follows the journey of a sun-baked, shirtless man as he walks without seeing through the shifting desert sands.

Poet, pattern-designer, environmentalist and maker of fine books, William Morris (1834-96) was also a committed socialist and visionary writer, obsessively concerned with the struggle to achieve a perfect society on earth. *News From Nowhere*, one of the most significant English works on the theme of utopia, is the tale of William Guest, a Victorian who wakes one morning to find himself in the year 2102 and discovers a society that has changed beyond recognition into a pastoral paradise, in which all people live in blissful equality and contentment. A socialist masterpiece, *News From Nowhere* is a vision of a future free from capitalism, isolation and industrialisation. This volume also contains a wide selection of Morris's writings, lectures, journalism and letters, which expand upon the key themes of *News From Nowhere*.

Inspired by letters from family members who served on the Western Front and written home to Bangor, *News From Nowhere* describes the impact of war on a family, including Bronwyn, the sister coming of age as her brothers and father endure the torments of the trenches and the battlefield

A Virginia Book Award Finalist "A beautiful, haunting novel."--Tom Franklin "John Gregory Brown is a writer I've long admired, and this new novel is his best book yet. *A Thousand Miles from Nowhere* is a marvelous depiction of one man's stumbling journey from despair toward a hard-won redemption."--Ron Rash "You have lost everything, yes?" Everything? Henry thought; he considered the word. Had he lost everything? Fleeing New Orleans as Hurricane Katrina approaches, Henry Garrett is haunted by the ruins of his marriage, a squandered inheritance, and the teaching job he inexplicably quit. He pulls into a small Virginia town after three days on the road, hoping to silence the ceaseless clamor in his head. But this quest for peace and quiet as the only guest at a roadside motel is destroyed when Henry finds himself at the center of a bizarre and violent tragedy. As a result, Henry winds up stranded at the ramshackle motel just outside the small town of Marimore, and it's there that he is pulled into the lives of those around him: Latangi, the motel's recently

widowed proprietor, who seems to have a plan for Henry; Marge, a local secretary who marshals the collective energy of her women's church group; and the family of an old man, a prisoner, who dies in a desperate effort to provide for his infirm wife. For his previous novels John Gregory Brown has been lauded for his "compassionate vision of human destiny" as well as his "melodic, haunting, and rhythmic prose." With *A THOUSAND MILES FROM NOWHERE*, he assumes his place in the tradition of such masterful storytellers as Flannery O'Connor and Walker Percy, offering to readers a tragicomic tour de force about the power of art and compassion and one man's search for faith, love, and redemption.
