Pack Rule #3: The alpha must mate. The stronger the alpha, the greater the danger. Moon madness could claim me any time now. I've looked all over the continent, gone to mating games, but I still haven't found the she-wolf meant to be mine. I've already

become too feral in bed. I'm not safe—not for random females. Especially not the human variety. One just moved into the ranch next door. She's way too tempting. And I'm way too dangerous. I have to stay away. I don't dare get near her. Because I would die before I ever let anything harm the little human. Including me.

I CAN'T CLAIM HER...BUT SHE WILL CALL ME MASTER. I was born blind. My genes are defective. Unsuitable for breeding. That's the only reason I don't claim the alluring human we rescued from a slave auction. I have no intention of mating her, especially since she's meant for another. But when she calls me Master, I can't help but take command. And command I will.

How to Date a Werewolf: #1 Never call him 'Good Doggie.' I've got a problem. A big, hairy problem. An enforcer from the Werewolves Motorcycle Club broke into my house. His wolf has claimed me for his mate. Too bad we can't stand each other... # 3 Bad girls get eaten in the bedroom ...until instincts take over. Things get wild. Naked under the full moon, this wolfman has me howling for more. # 4 Break ups are hairy Not even a visit from the mob, my abusive ex, my crazy mother and a road trip across the state in a hippie VW bus can shake him. #5 Beware the mating bite Because there's no running from a wolf when he decides you're his mate.

TWO ZANDIAN WARRIORS. THEIR FEISTY HUMAN CAPTIVE. I can fly a fighter jet in my sleep and kill with the fingers of one hand. I work alone. No being in the galaxy can challenge me-- until I tangle with two Zandian warriors. They say I stole their cargo, and they plan to take me to their planet. Make me theirs. Nobody owns me. I'm not going to let these Zandians master me, no matter how sexy and appealing they are. Because I have a secret mission. And if they find it out, my entire life could be over. My name is Mirelle, and this is my story.

Pack Rule #2: Always protect your mate I protected my country. Protected my platoon. Now all I wanted to protect was her. Too bad that wasn't an option. I couldn't fall for the beautiful slip of a female. The baby sister of my brother's new mate. She was way too young. Way too human. Still in college. And too bright a force of nature. She had her whole life ahead of her. And I had the Green Berets begging me to reenlist. My wolf... he wanted her. But if I let her go without claiming her, I might not survive the

Pack Rule #4: Guard your pups with your life. We hooked up one night at Cody's Saloon. The beautiful nurse wanted a ride, and I'd given it to her. Made her scream and sent her home happy. She didn't tell me there'd been consequences. She'd kept her secret close. For months. But what she didn't know could change everything. That baby she carried wasn't human. And this wolf would never walk away from his pup. She may not have wanted me in her life, but that was too bad. I was moving in—watching over her and providing for my family. She was under my protection now. Whether she wanted it or not. Whether she wanted me or not.

HE DIDN'T BELIEVE IN DESTINY. UNTIL HE MET HER. When a beautiful human slave steals Rok's ship and leaves him stranded on an abandoned planet, he's furious. Discovering her sister is the mate to the prince of his species only makes him more determined to find her. Lily's attraction to the huge Zandian warrior unnerves her. But he intends to turn her over to the authorities, which will mean her certain death. She must find a way to escape the handsome alien before she loses her life--or worse--her heart.
