Horror comics were among the first comic books published—ghastly tales that soon developed an avid young readership, along with a bad reputation. Parent groups, psychologists, even the United States government joined in a crusade to wipe out the horror comics industry—and they almost succeeded. Yet the genre survived and flourished, from the 1950s to today. This history covers the tribulations endured by horror comics creators and the broader impact on the comics industry. The genre's ultimate success helped launch the careers of many of the biggest names in comics. Their stories and the stories of other key players are included, along with a few surprises.

"A dictionary of the Bible and not of theology. It is intended to elucidate the antiquities, biography, geography, and natural history of the Old Testament, New Testament, and Apocrypha."--Pref.

Like Letters in Running Water explores ways in which fiction (prose, drama, poetry, myth, fairytale) yields transformative insights for educational theory and practice. Through a series of intensely original, powerful essays drawing on curriculum theory, literary analysis, psychology, and feminist theory and practice, Doll seeks to confront a commonly held bias that reading literary fictions is "mere" entertainment (not a learning experience). She suggests that fiction has immense teaching power because it connects readers with their alliances within themselves and this connection attends to social, outer issues addressed by traditional pedagogies with greater, deeper awareness. Her elaboration in this book of the concept of currere--the lived experience of curriculum--through literature, drama, and myth is a major contribution to the field of curriculum theory.

Little House in the Big Woods Wolves and panthers and bears roam the deep Wisconsin woods in the late 1870's. In those same woods, Laura lives with Pa and Ma, and her sisters, Mary and Baby Carrie, in a snug little house built of logs. Pa hunts and traps. Ma makes her own cheese and butter. All night long, the wind howls lonesomely, but Pa plays the fiddle and sings, keeping the family safe and cozy. Little House on the Prairie Pa Ingalls decides to sell the little log house, and the family sets out for Indian country! They travel from Wisconsin to Kansas, and there, finally, Pa builds their little house on the prairie. Sometimes farm life is difficult, even dangerous, but Laura and her family are kept busy and are happy with the promise of their new life on the prairie. Farmer Boy While Laura Ingalls grows up in a little house on the western prairie, Almanzo Wilder is living on a big farm in New York State. Almanzo and his brother and sisters work at their chores from dawn to supper most days -- no matter what the weather. There is still time for fun, though, especially with the horses, which Almanzo loves more than anything. On the Banks of Plum Creek Laura's family's first home in Minnesota is made of sod, but Pa builds a clean new house made of sawed lumber beside Plum Creek. The money for materials will come from their first wheat crop. Then, just before the wheat is ready to harvest, a strange glittering cloud fills the sky, blocking out the sun. Soon millions of grasshoppers cover the field and everything on the farm. In a week's time, there is no wheat crop left at all. By the Shores of Silver Lake Pa Ingalls heads west to the unsettled wilderness of the Dakota Territory. When Ma, Mary, Laura, Carrie, and baby Grace join him, they become the first settlers in the town of De Smet. And Pa begins work on the first building in what will soon be a brand-new town on the shores of Silver Lake. The Long Winter The first terrible storm comes to the barren prairie in October. Then it snows almost without stopping until April. Snow has reached the rooftops, and no trains can get through with food or coal. The people of De Smet are starving, including Laura's family, who wonder how they're going to make it through this terrible winter. It is young Almanzo Wilder who finally understands what needs to be done. He must save the town, even if it means risking his own life. Little Town on the Prairie The long winter is over. With spring come socials, parties, and "Literaries." There is also work to be done. Laura spends many hours each day sewing shirts to help send Mary to a college for the blind. But in the evenings, Laura makes time for a new caller, Almanzo Wilder. These Happy Golden Years Laura is teaching school, and it's terrifying! Most of the students are taller than she is, and she must sleep away from home for the first time. Laura is miserable, but the money is needed to keep Mary in a college for the blind. And every Friday -- no matter what the weather -- Almanzo Wilder arrives to take Laura home to her family for the weekend. Laura and Almanzo are

courting, and even though she's not yet sixteen, she knows that this is a time for new beginnings. The First Four Years Laura and Almanzo Wilder have just been married! Their life on a small prairie homestead begins with high hopes. But each year seems to bring unexpected disasters -- storms, sickness, fire, and unpaid debts. These first four years call for courage, strength, and a great deal of determination. Always, though, there is love, especially for the newest member of the family -- baby Rose.

A definitive edition of stories by the master of supernatural fiction Howard Phillips Lovecraft's unique contribution to American literature was a melding of traditional supernaturalism (derived chiefly from Edgar Allan Poe) with the genre of science fiction that emerged in the early 1920s. This Penguin Classics edition brings together a dozen of the master's tales--from his early short stories "Under the Pyramids" (originally ghostwritten for Harry Houdini) and "The Music of Erich Zann" (which Lovecraft ranked second among his own favorites) through his more fully developed works, "The Dunwich Horror," The Case of Charles Dexter Ward, and At the Mountains of Madness. The Thing on the Doorstep and Other Weird Stories presents the definitive corrected texts of these works, along with Lovecraft critic and biographer S. T. Joshi's illuminating introduction and notes to each story. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The first biography to give Mary Anne Lewis her due and to examine her singular marriage to Benjamin Disraeli When Mary Anne Lewis met Benjamin Disraeli, she was married to Wyndham Lewis, a rich, mildly successful politician at the center of nineteenth-century British high society. The three became friends and with his deep pockets Wyndham helped Disraeli—young, ambitious, and swimming in debt—get his start in the political arena. Mary Anne even referred to him as her "Parliamentary protégé." But when Wyndham suddenly died of a heart attack, Mary Anne's friendship with Disraeli (fifteen years her junior) soon evolved into a peculiarly romantic and undoubtedly advantageous marriage: Mary Anne avoided life as a widow, while Benjamin used her financial means to stay out of prison and make a run for office. Anecdotally the Disraelis cultivated an outrageous reputation. Once asked if he had read any new novels, Benjamin reportedly replied, "When I want to read a novel, I write one." Mary Anne, on the other hand, supposedly once told Queen Victoria that she always slept with her arms around her husband's neck. "My wife is a very clever woman," Benjamin said, "but she can never remember who came first, the Greeks or the Romans." An unusual story of Victorian romance and politics, Mr. and Mrs. Disraeli moves beyond the anecdotes to reveal the interior life of one of Britain's most influential couples. Often eclipsed by Benjamin, Mary Anne had at least as much political acumen as her husband, and this dual biography shows that she was frequently his voice of reason. In the wake of British Romanticism, Daisy Hay examines the paths available to women like Mary Anne, and chronicles a relationship that is surprising, unconventional, and deeply inspiring.

NEW YORK TIMES BESTSELLER Soon to be a Hulu original series "If three characters were good in Big Little Lies, nine are even better in Nine Perfect Strangers." —Lisa Scottoline, The New York Times Book Review From the #1 New York Times bestselling author of Big Little Lies Could ten days at a health resort really change you forever? In Liane Moriarty's latest page-turner, nine perfect strangers are about to find out... Nine people gather at a remote health resort. Some are here to lose weight, some are here to get a reboot on life, some are here for reasons they can't even admit to themselves. Amidst all of the luxury and pampering, the mindfulness and meditation, they know these ten days might involve some real work. But none of them could imagine just how challenging the next ten days are going to be. Frances Welty, the formerly best-selling romantic novelist, arrives at Tranquillum House nursing a bad back, a broken heart, and an exquisitely painful paper cut. But the person that intrigues her most is the strange and charismatic owner/director of Tranquillum House. Could this person really have the answers Frances didn't even know she was seeking? Should Frances put aside her doubts and immerse herself in everything Tranquillum House has to offer – or should she run while she still can? Combining all of the hallmarks that have made her writing a go-to for anyone looking for wickedly smart, page-turning fiction that will make you laugh and gasp, Liane Moriarty's Nine Perfect Strangers once again shows why she is a master of her craft.

Lu Hsun (also known as Lu Xun), was the pen name of Zhou Shuren (1881–1936), a leading figure of modern Chinese literature. Writing in Vernacular Chinese as well as Classical Chinese, Lu Xun was a short story writer, editor, translator, literary critic, essayist, and poet. In the 1930s he became the titular head of the League of Left-Wing Writers in Shanghai. Lu Xun was born into a family of landlords and government officials in Shaoxing, Zhejiang; the family's financial resources declined over the course of his youth. Lu aspired to take the imperial civil service exam; but, due to his family's relative poverty, was forced to attend government-funded schools teaching "Western education". Upon graduation, Lu went to medical school in Japan, but later dropped out. He became interested in studying literature, but was eventually forced to return to China due to his family's lack of funds. After returning to China, Lu worked for several years teaching at local secondary schools and colleges before finally finding a job at the national Ministry of Education. After the 1919 May Fourth Movement, Lu Xun's writing began to exert a substantial influence on Chinese literature and popular culture. Like many leaders of the May Fourth Movement, he was primarily a leftist and liberal. He was highly acclaimed by the Chinese government after 1949, when the People's Republic of China was founded, and Mao Zedong himself was a lifelong admirer of Lu Xun's writing. Though sympathetic to socialist ideas, Lu Xun never joined the Communist Party of China.
