"The second edition of Environmental Ethics for Canadians is a comprehensive introduction to the core ethical questions shaping contemporary environmental debates, both in theory and in practice. A hybrid textbook and reader, this wide-ranging text combines classic essays by leaders of the environmental ethics and philosophy movement with contemporary selections by emerging voices in the field--including original pieces commissioned expressly for this volume by both Canadian and international scholars. This new edition has been revised to have an even more global outlook, with more selections from non-Western sources, while maintaining its focus on the Canadian context."--

Autobiography of the most successful driver in Australian motorsport history He is the most successful driver in Australian motorsport history. One of the icons of the sport, ultimately a Holden hero after starting his career with Nissan: but there is much more to Mark Skaife than just that. Move past the numbers – more touring car round wins than any other driver, equal to the best in touring car titles,

five Bathurst wins, three Australian Drivers' Championships and numerous other accolades – and you'll find a driver with a deeply entrenched popularity in the sport. This is Mark's story in his own words, from before the time the motorsport bug first bit to the final days of his time with HRT and the desire to keep racing at Bathurst. He talks about the level of commitment he put in to become the very best while some of those around him tell how this changed the face of the sport in this country. Find out what motivated him to dominate. How teams he was involved with twice forced the rules to be changed to give others a chance. What he loved about the sport and what he misses today. But also discover the other Mark Skaife. An accomplished businessman with runs on the board, a family man devoted to his three children, a road safety advocate and much more. This is the only place you will read the true story of Mark Skaife and all that has gone on around him.

Mitsubishi Pajero 2000 to 2010, Petrol/Gasoline and Diesel engines including Common Rail and Turbo with World Wide Spec's. This manual has over 500 pages. It has step by step instructions in every chapter. Covering both model produced the Station Wagons and tray models.

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With

more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team

and saved.
