When Iberian Jews were converted to Catholicism under duress during the Inquisition, many struggled to retain their Jewish identity in private while projecting Christian conformity in the public sphere. To root out these heretics, the courts of the Inquisition published checklists of koshering practices and "grilled" the servants, neighbors, and even the children of those

suspected of practicing their religion at home. From these testimonies and other primary sources, Gitlitz & Davidson have drawn a fascinating, award-winning picture of this precarious sense of Jewish identity and have re-created these recipes, which combine Christian & Islamic traditions in cooking lamb, beef, fish, eggplant, chickpeas, and greens and use seasonings such as saffron, mace, ginger, and cinnamon. The recipes, and the accompanying stories of the people who created them, promise to delight the adventurous palate and give insights into the foundations of modern Sephardic cuisine.

Carefully and judiciously edited by Barrick, the Tercera Celestina is a rare piece of Spanish prose fiction, a literary masterpiece, and a mine of linguistic and proverbial materials.

El mio será el de gracioso. La risa y el placer disimularán las arrugas de mi cara. Abráseme el vino las entrañas, antes que el dolor y el llanto me hielen el corazón. ¿Por qué un hombre, que tiene sangre en las venas, ha de ser como una estatua de su abuelo en mármol? ¿Por qué dormir despiertos, y enfermar de capricho? Antonio, soy amigo tuyo. Escúchame. Te hablo como se habla á un amigo. Hombres hay en el mundo tan tetricos que sus rostros están siempre, como el agua del pantano, cubiertos de espuma blanca, y quieren con la gravedad y el silencio adquirir fama de doctos y prudentes, como quien dice: «Soy un oráculo. ¿Qué perro se atreverá á ladrar, cuando yo hablo?» Así conozco á muchos, Antonio, que tienen reputacion de sabios por lo que se callan, y de seguro que si despegasen los labios, los mismos que hoy los ensalzan serian los primeros en llamarlos necios. Otra vez te diré más sobre este asunto. No te empeñes en conquistar por tan triste manera la fama que logran muchos tontos. Vámonos, Lorenzo. Adios. Despues de comer, acabaré el sermon.

Mexican and Mexican American women have written about Texas and their lives in the state

since colonial times. Edited by fellow Tejanas Inés Hernández-Ávila and Norma Elia Cantú, *Entre Guadalupe y Malinche* gathers, for the first time, a representative body of work about the lives and experiences of women who identify as Tejanas in both the literary and visual arts. The writings of more than fifty authors and the artwork of eight artists manifest the nuanced complexity of what it means to be Tejana and how this identity offers alternative perspectives to contemporary notions of Chicana identity, community, and culture. Considering Texas-Mexican women and their identity formations, subjectivities, and location on the longest border between Mexico and any of the southwestern states acknowledges the profound influence that land and history have on a people and a community, and how Tejana creative traditions have been shaped by historical, geographical, cultural, linguistic, social, and political forces. This representation of Tejana arts and letters brings together the work of rising stars along with well-known figures such as writers Gloria Anzaldúa, Emma Pérez, Alicia Gaspar de Alba, Carmen Tafolla, and Pat Mora, and artists such as Carmen Lomas Garza, Kathy Vargas, Santa Barraza, and more. The collection attests to the rooted presence of the original indigenous peoples of the land now known as Tejas, as well as a strong Chicana/Mexicana feminism that has its precursors in Tejana history itself.

From the fifteenth century to the beginning of the nineteenth century, devotional music played a fundamental role in the Iberian world. Songs in the vernacular, usually referred to by the generic name of 'villancico', but including forms as varied as madrigals, ensaladas, tonos, cantatas or even oratorios, were regularly performed at many

religious feasts in major churches, royal and private chapels, convents and in monasteries. These compositions appear to have progressively fulfilled or supplemented the role occupied by the Latin motet in other countries and, as they were often composed anew for each celebration, the surviving sources vastly outnumber those of Latin compositions; they can be counted in tens of thousands. The close relationship with secular genres, both musical, literary and performative, turned these compositions into a major vehicle for dissemination of vernacular styles throughout the Iberian world. This model of musical production was also cultivated in Portugal and rapidly exported to the Spanish and Portuguese colonies in America and Asia. In many cases, the villancico repertory represents the oldest surviving source of music produced in these regions, thus affording it a primary role in the construction of national identities. The sixteen essays in this volume explore the development of devotional music in the Iberian world in this period, providing the first broad-based survey of this important genre.
