This handbook of ophthalmic nursing standards and procedures has been developed to assist healthcare professionals working in a wide range of ophthalmic settings, and also to provide the patient with safe and consistent ophthalmic nursing care. Ophthalmic care is constantly changing and progressing, with new technical roles being introduced all the

time. The authors discovered within their own unit that new healthcare professionals, both registered and non-registered, were often shown slightly different ways of doing things by more experienced members of the team, which led to confusion. They felt it was a bit like driving; bad habits can easily slip into everyday practice. For this reason, they developed standards of care to act as a benchmark for the ophthalmic practitioner. Written in response to a widely expressed need for greater clarity and consistency, this highly regarded book offers a comprehensive one-stop resource for all ophthalmic practitioners, whether they are registered nurses, healthcare assistants or ophthalmic technicians. This new edition has been revised to make the text even clearer and bring all the guidance up to date, covering communication, visual acuity testing, ocular medications, the ophthalmic outpatient department, biometry, the ophthalmic accident and emergency department, the slit lamp and tonometry, additional standards using specific equipment, and suggested documentation for providing evidence of development and competence. Sections include: Communication Visual Acuity Testing Ocular Medications The Ophthalmic Outpatient Department Biometry The Ophthalmic Accident and Emergency Department Slit Lamp and Tonometry Additional Standards Using Specific Equipment Next Steps Using Standards

The signature creation of cartoonist Roger Langridge, Fred the Clown is the thinking man's idiot. Fred has an eye for the ladies, as well as several other organs, but the only part of themselves they're willing to share with him is a carefully placed kneecap. Fred the Clown's misadventures are a curious balance of bleakness and joyful absurdism; the universe may dump on Fred from a great height, but he never gives up. More often than not, they involve the pursuit of a lady—any lady will do, it seems, but bearded ladies are at the top of the list. Disappointment seems inevitable, and it usually is; yet, almost despite himself, Langridge will occasionally give Fred a happy ending out of
