Coming of age and lost innocents in the early 50's. A tale of teenage romance, tragedy, betrayal and adventures of a young Marine awaiting his 18th birthday so he can be shipped to Korea. Reminiscent of J. D. Salinger's *Catcher In The Rye* except Never Kiss An Angel hero Ken Meers makes Holden Caulfield priest like in comparison. Carpetbag author Harold Robins would have loved Ken Meers fumbling sex scenes. This book has it all: Death, heroism, history, humor, sex and friendships. Destined to be a classic Myers teaches us what it was like to be a teenager in the 1950s. Beginning in Indianapolis the book takes the reader to Yorktown, Virginia for Marine Barracks guard duty, the steamy side of Norfolk that any old time sailor or Marine will relate to. The final chapters of hitching hiking across the United States are a story unto itself. Staging regiment at Camp Pendleton, Oceanside, California, a squad liberty in Los Angeles and the troopship that will take replacements to Korea is a great final. A stunning epilogue. Also an invitation that has never been done in the history of book writing. Women will also enjoy this book.

English Grammar for Today seeks to promote the study of grammar in the English curriculum. It takes a new approach which gives weight not only to analytical skills but also to the integration of English grammar with other linguistic skills such as composition and comprehension.

The Key to the Red Workbook gives clear, thoroughly-explained answers to all exercises in the Red Workbook, the second of four non-sequential books in the Grammar for the Well-Trained Mind series, providing detailed, well-designed exercises in the correct use of English grammar. The Key, along with the accompanying Red Workbook and the Core Instructor Text, make up Grammar for the Well-Trained Mind: a complete course that takes students from basic definitions ("A noun is the name of a person, place, thing, or idea") through advanced sentence structure and analysis—all the grammar skills needed to write and speak with eloquence and confidence. This innovative program combines the three essential elements of language learning: understanding and memorizing rules (prescriptive teaching), repeated exposure to examples of how those rules are used (descriptive instruction), and practice using those rules in exercises and in writing (practical experience). Each year, parents and teachers go through the dialogue, rules, and examples in the Core Instructor Text; students follow along in the Workbook. This repetition solidifies the concepts, definitions, and examples in the student's mind. There are four Student Workbooks, one for each year. Each Student Workbook contains the same rules and examples—but four completely different sets of exercises and assignments, allowing students to develop a wide-ranging knowledge of how the rules and examples are put to use in writing. Each Key to the Workbooks provides not only answers, but also explanations for the parent/instructor, and guidance as to when the answers might be ambiguous (as, in English, they often are). All of the rules covered, along with the repeated examples for each, are assembled for ongoing reference in the Comprehensive Handbook of Rules. This will become the student's indispensable guide to writing through high school, into college and beyond. Step-by-step instruction takes students from the most basic concepts through advanced grammatical concepts such as modal and hortative verbs and multiple functions of noun clauses. Extensive diagramming exercises reinforce the rules and help technical and visual learners to understand and use the English language effectively. Each step of the diagramming process is illustrated and thoroughly explained to the student. Text for examples and exercises are drawn from great works of literature, as well as from well-written nonfiction texts in science, mathematics, and the social sciences. Regular review is built into each year of work. The Key accompanies the second of four non-sequential workbooks, each containing new exercises that allow students to practice and apply the grammar principles under study.
