

Of The Ring Of Earls An Epic Chronicle Of Love And Loyalty During The Norman Invasion Conqueror Trilogy Book 1

Of the Ring of Earls Curse of the Red Cross Ring St. John's, Nfld. : Flanker Press

"Chemise. Stockings. Piano." Three words, uttered by the beautifully rakish Lord Welles, leave Margaret Lainscott speechless. His improper request, that she play the piano for him in her...underthings is as shocking as it is titillating. Margaret should never have asked his help in reintroducing her to Lord Carstairs. But his friend meets all of Margaret's criteria for a husband; passably attractive, of below-average intelligence, and possessed of an obsessive outdoor hobby which will leave her free to pursue her own life. Welles is one of London's most committed bachelors, known for his notorious dealings with women and his part ownership of one of London's pleasure clubs. He's long admired Miss Lainscott's unrestrained passion at the piano; a passion he suspects is not reserved only for her music. Welles is certain Miss Lainscott will not entertain his improper request despite the attraction burning between them. A young lady such as Miss Lainscott would never ruin herself willingly. And Welles? Nothing would make him compromise his heart... Until a duet with a passionate pianist changes his mind. The Theory of Earls is a steamy, sexy regency romance with a guaranteed happily ever after and the first in a new series, The Beautiful Barringtons by Kathleen Ayers.

This is a revealing account of the family life and achievements of the Third Earl of Rosse, a hereditary peer and resident landlord at Birr Castle, County Offaly, in nineteenth-century Ireland, before, during and after the devastating famine of the 1840s. He was a remarkable engineer, who built enormous telescopes in the cloudy middle of Ireland. The book gives details, in an attractive non-technical style which requires no previous scientific knowledge, of his engineering initiatives and the astronomical results, but also reveals much more about the man and his contributions – locally in the town and county around Birr, in political and other functions in an Ireland administered by the Protestant Ascendancy, in the development and activities of the Royal Society, of which he was President from 1848–54, and the British Association for the Advancement of Science. The Countess of Rosse, who receives full acknowledgement in the book, was a woman of many talents, among which was her pioneering work in photography, and the book includes reproductions of her artistic exposures, and many other attractive illustrations.

You can't teach an old dog new tricks... but what about his mistress? Henry Forster has loved only one woman his entire life. Sarah, a farmer's daughter, bore him a son when he was merely the nephew of the Earl of Gisborn. Despite Henry's numerous proposals, Sarah has refused to marry him, claiming he must seek a wife suitable to his rank. And now that he's inherited the earldom and needs a legitimate heir, he is determined to find a biddable wife but keep Sarah as his lover and his young son in his life. Lady Hannah Slater, the daughter of the Marquess of Devonville, decided long ago that men have no regard for their wives and only ever love their mistresses. Husbands, she thinks, are for fathering children. Her large dog, Harold MacDuff can provide protection, but she wants desperately to have a child. So when the Earl of Gisborn offers for her hand, she readily accepts. When the earl doesn't bed her on their wedding night – he thought it inappropriate to take her virtue in her childhood bed – Hannah is upset and makes her displeasure known while the two are on their way to Oxfordshire. In an effort to appease her, Henry agrees to the proviso that he bed only Hannah until she is with child – then he can resume his relations with Sarah. He is unaware that his true love has set her sights on a different future – one that doesn't include him. It will take the antics and devotion of man's best friend to teach Henry and Hannah that sometimes love is right in front of your nose in "The Seduction of the Earl".

Is it about the man... or the manor? It's love at first sight for Lady Harriet Hamilton—love with Thomas Anson's ancestral home, that is. Thomas's father, the Earl of Lichfield, has gambled away the family's honor, and now it's cost them everything at Shugborough Hall. The estate sale is shameful enough for Thomas without some little brat sneaking around his property, but vivacious Harry has caught him sneaking around as well... When they meet again years later, neither Harry nor Viscount Anson has forgotten their encounter. While Thomas has grown into the exact opposite of his reprobate father, Harry is outspoken, audacious, and now, Thomas must admit, quite a beauty. But he's committed to restoring the family holdings, not chasing after a wife. If only she wasn't hurling herself against his principles—and having such a good time doing it...

From housekeeper...to lady of the manor! The terms of the will are simple: to keep his family's Scottish castle, Alasdair McBride, Earl of Duncairn, must marry his housekeeper, Jeanie Lochlan. Given their difficult past, there's no love lost between these two...but their chemistry is undeniable! Now, vows exchanged and living together in their sumptuous Scottish castle, they start to uncover closely held secrets. And as their carefully erected barriers start to crumble, suddenly they're wondering, will one year be enough...?

Arguably the best of Earl B. Pilgrim's works, Curse of the Red Cross Ring was first published in the year 2000 and has been praised as a "tour de force" (Atlantic Books Today) and "the greatest Newfoundland story ever told" (The Downhomer). An epic tale of betrayal set in outport Newfoundland in the 1920s, Curse of the Red Cross Ring is more than just a murder story: it is a masterfully crafted saga that is the Newfoundland character defined. Azariah Roberts, the author's grandfather, was a respected fishing captain and

community leader in the small town of L'Anse au Pigeon. Living in a remote community on the Great Northern Peninsula of Newfoundland, "Uncle Az" and his loved ones were unprepared when a murderer came to town. Sod Mugford, whose name resonates with infamy throughout Newfoundland and Labrador, had perpetrated a heinous crime in 1928. And it was only a precursor to the horrific events that were to follow.
