Our nation used to look at violence, poverty, and gentrification and assign those problems to urban centers. Today, these issues concern the suburbs, too. The Christian community is responding to this reality. Churches and parachurch ministries are actively working to transform lives and restore communities throughout the city and suburbs. In *A Heart for the Community: New Models for Urban and Suburban Ministry*, you will be challenged by a collection of voices seeking community renewal. These individuals are involved in creative church planting initiatives, and they are serving the growing Hispanic and Muslim populations. Additional endeavors include serving racially changing communities, economic development strategies, and more. As anyone who has been in ministry for any length of time can attest, tackling some of the most challenging issues of our times is no mere academic exercise. The voices within these pages write from experience and offer workable, vibrant models of ministry that make a difference.

Most churches have sought out a new pastor many times, yet search committees often feel as though they are inventing the process from scratch. In *The Pastoral Search Journey*, John Vonhof provides detailed guidance for search committees to ensure a good match between pastor and congregation. This is Vonhof's third book about the pastoral search -- but the first to discuss interim pastors, transitions between pastors, and the use of the Internet and digital media. Vonhof advises congregational leaders on establishing the search committee; ensuring the congregation is cared for during the pastoral vacancy; conducting the congregational self-study and creating an information packet; finding, communicating with, and interviewing candidates; determining selection criteria as well as evaluating and recommending candidates; managing call negotiations; and finally welcoming the congregation's new pastor. Sample letters, forms, and other tools are provided.

The concept of missionary baptism is based on the household baptism of converts and their families described in the New Testament. This is most commonly experienced today in missionary situations, when entire families become Christians. Building on the work of nineteenth-century Scottish theologian William Cunningham, this study explores some implications for the connection between believers' baptism, infant baptism, baby dedication, and Christian unity, particularly among evangelicals.

Clarity of vocational practice is key to clergy health. The center of clergy practice is the ministry of Word and Sacrament. What takes place at the pulpit, font or pool, and table is the divine intent and extent of ministry. While this may sound in-house and parochial in the extreme, it is both priestly and prophetic. John Weborg's argument in this book is that the clergy can be made healthy in ministry for ministry by maintaining vocational clarity. The priestly and prophetic acts of Word and Sacrament address the clergy before they address the congregation. Hence what is offered here is a spirituality through practices—the clergy are hearers before preachers, baptized before baptizers, communicants before celebrants. Neither a how-to book nor a work of pastoral theology, *Made Healthy in Ministry for Ministry* is aimed toward helping clergy appropriate the gifts and graces of the practices they are called and authorized to carry out.

Also included are rarely found items such as:• an author's guide to obtaining permissions• guidelines for using American, British, and Mid-Atlantic styles• discussions of inclusive language, profanity, and ethnic sensitivities• discussions of Internet and computer-related language style• a list of problem words• style issues regarding words from major world religions• a discussion of handling brand names in text• a list of common interjections• issues of type design, paper, copy-fit This edition has been completely updated since the 1988 edition and contains more than twice as much information as the previous edition. This is the most detailed and comprehensive guide of its kind.

For centuries, evangelical Protestants and Catholics have hurled harsh epithets at each other. But that has changed dramatically in the last forty years. In 1960, many prominent evangelicals opposed John Kennedy for president because he was a Catholic. Today, Catholics and evangelicals work together on many issues of public policy. This book records one important process in this transformation. In 2004, the board of The National Association of Evangelicals (NAE--the largest representative body of evangelicals in the US) unanimously approved For the Health of the Nation as the official public policy document for its public policy efforts representing 30 million evangelicals. When scholars read this new ground-breaking document, they quickly

realized there was widespread agreement between the NAE's official public policy document and the official public policy positions of American Catholics. The result was a series of annual meetings held at Georgetown University and Eastern University that brought together prominent Catholic and Evangelical scholars and public policy specialists to explore the extent of the common ground. This book reports on that dialogue--and its contribution to the increasing Catholic-evangelical cooperation. Many today are discarding the evangelical label, and as a lifelong evangelical, Dan Stringer has wrestled with whether to stay or go. In this even-handed guide, he offers a thoughtful appreciation of evangelicalism's history, identity, and strengths, but also lament for its blind spots, showing how we can move forward with hope for our future together.

A comprehensive guide to the nature and work of the church, including pastor, staff members, and planning the total church program.

Although American Protestants often claim that they are opposed to the use of devotional images in their religious life, they in fact draw on a vast body of religious icons to disseminate confessional views, to teach, and to celebrate birthdays, baptisms, confirmations, and sacred holidays. This fascinating book focuses on the production, marketing, and reception of one such set of religious illustrations, the art of Warner Sallman (1892-1968), whose 1940 Head of Christ has been reproduced an estimated five hundred million times. Five scholars--three art historians, a church historian, and a historian of material culture--investigate various aspects of Sallman's career and art, in the process revealing much about the role of imagery in the everyday devotional life of American Protestants since the 1940s. The chapters examine Sallman's work in terms of the visual sources, media, and forms of use that shaped its making; its mass production, marketing, and distribution by publishers and vendors; and the commercial nature of Sallman's training and his work as an illustrator. Other chapters explore the reception of his religious imagery among those who admired it and saw in it a vision of the world as they would have it exist; the religious and theological context of conservative American Protestantism in which the imagery flourished; and its critical reception among liberal Protestant intelligentsia who despised Sallman's work and what it represented in popular Christianity. By placing Sallman's art in theological, ecclesiastical, and aesthetic perspective, the book sheds light on the evolving shape of twentieth-century American evangelicalism and its influence on modern American culture.

Spirituality is lived belief. When we pray, worship, or reach out to our neighbors, we live out our beliefs. Our beliefs structure our spirituality like skin stretched over the bones of our bodies. These beliefs start with faith in God the Father through Jesus Christ as revealed through the Holy Spirit in scripture, in the church, and in daily life. Our Trinitarian theology orders our beliefs. Without a coherent theology, we lose our identity in space and time having no map or compass to guide us on our way. In the end, we focus on ourselves, not God. Christian spirituality starts with God, not with us. A Christian Guide to Spirituality takes the form of 50 daily devotions. Each topic is treated with a scriptural reference, reflection, prayer, and questions for discussion.

Occasionally, references are provided for further study. The first four chapters (Introduction, Apostle's Creed, Lord's Prayer, and Ten Commandments) cover 40 days making them suitable as a Lenten study. Ten additional days focus on the spiritual disciplines and a short conclusion. Reading A Christian Guide to Spirituality will help readers understand Christian spirituality better and nurture their faith. There is no such thing as quality time with the Lord; there is only time. The living God speaks to us in many ways, but especially through scripture. These three sources cited (Apostle's Creed, Lord's Prayer, and Ten Commandments) are commonly called the rule of faith (regula fidei) and were utilized for nearly two millennia as a means to apprentice the faith. These sources are the heart of the confessions of most Christian faith communities and denominations. Hear the words; walk the steps; experience the joy! Author Stephen W. Hiemstra (MDiv, PhD) is a slave of Christ, husband, father, tentmaker, economist, and writer. He lives with Maryam, his wife of 30 years, in Centreville, VA and they have three grown children. The foreword is written by Neal D. Presa. This book might be classified appropriately in spirituality, Christian living, devotion, faith, religion, and theology.
