

Omega Seamaster 007 Edition Price

The Watch is the most popular book on vintage and contemporary mechanical watches, appealing to both beginners and experts. In the decade since it was published, the international audience of watch lovers and watch collectors has grown exponentially. It's time for The Watch, Thoroughly Revised. For this new edition, the original author, Gene Stone, is joined by Stephen Pulvirent of Hodinkee.com. Together, they have thoroughly revamped the book to reflect the current state of the watch world, with the addition of new brands, new models, and more focused and nuanced coverage of the traditional brand leaders, including Rolex, Patek Philippe, Omega, and TAG Heuer.

A leading behavioral economist reveals the tools that will improve our decision making on screens Office workers spend the majority of their waking hours staring at screens.

Unfortunately, few of us are aware of the visual biases and behavioral patterns that influence our thinking when we're on our laptops, iPads, smartphones, or smartwatches. The sheer volume of information and choices available online, combined with the ease of tapping "buy," often make for poor decision making on screens. In The Smarter Screen, behavioral economist Shlomo Benartzi reveals a tool kit of interventions for the digital age. Using engaging reader exercises and provocative case studies, Benartzi shows how digital designs can influence our decision making on screens in all sorts of surprising ways. For example: • You're more likely to add bacon to your pizza if you order online. • If you read this book on a screen, you're less likely to remember its content. • You might buy an item just because it's located in a screen hot spot, even if better options are available. • If you shop using a touch screen, you'll probably overvalue the product you're considering. • You're more likely to remember a factoid like this one if it's displayed in an ugly, difficult-to-read font. Drawing on the latest research on digital nudging, Benartzi reveals how we can create an online world that helps us think better, not worse.

A comprehensive look at the highest discipline of watchmaking: the complications. From bestselling author and watch expert, Gisbert L. Brunner. A perfect gift for watch connoisseurs and watch collectors.

Speak Quebec! is a practical handbook for understanding Quebecois, the day-to-day French spoken in the Province of Quebec. Comprising over three thousand commonly-used words and expressions, it provides a dynamic & fun yet accurate reference for English speakers who wish to express themselves in daily Quebec conversation. Designed to open the door to Quebec culture, Speak Quebec! provides a linguistic basis to help understand and appreciate one of the oldest, richest, and most inspired cultures in North America.

Fan Phenomena: James Bond explores the devoted fanbase that has helped make Bond what he is, offering a serious but wholly accessible take on the many different ways that fans have approached, appreciated, and appropriated Bond over the sixty years of his existence from the pages of Ian Fleming's novels to the screen. The book reveals a fan culture that is richly aware of the history and complexity of the character of Bond and what he represents.

- A new edition of this bestseller, updated and expanded to include watches from 2020 One small step for a man, a giant leap for mankind and an extraordinary destiny for the watch that accompanied Man's first steps on the Moon, thereby becoming the greatest icon in watchmaking history: the Omega Speedmaster "Moonwatch". Introduced to the public by Omega in 1957, the Speedmaster was designed for mainly sporting purposes, such as in motor racing. However, its fate took a completely different turn in the early 1960s. Astronauts going to space, some of whom wore a Speedmaster for private use, wanted to be officially equipped with a reliable, accurate and resistant watch. For this reason, NASA undertook a series of rigorous tests in extreme conditions in 1964 to select the best chronograph to accompany them on their space missions. The Omega Speedmaster won these tests and was

officially certified ("Flight Qualified for All Manned Space Missions") by NASA on March 1, 1965 for the Gemini project. It was in July 1969 that it truly made history, serving the astronauts of the Apollo 11 mission (Neil Armstrong, Buzz Aldrin and Michael Collins) for man's first steps on the Moon. This book retraces an extraordinary epic and the evolution of a unique and timeless watch which, from its beginnings in 1957 through to the current models, has remained endlessly fascinating. Updated and expanded to include watches from 2020. More than a fashion accessory or means to tell the time, the wristwatch has become a statement of identity; politician or celebrity, scientist or sportsman, what you choose to wear on your wrist speaks volumes about who you are. *The World's Most Expensive Watches* presents some of the most extravagant, intricate, collectible, decadent, or just plain interesting modern-day timepieces that sit at the top of the price spectrum. Starting at a threshold price of about \$200,000, it is a trip through the last decade or so of watches whose values soar incredibly to prices of \$5 million dollars or more. Additionally, there is a selection of notable watches that yielded extremely high prices at auction - many of which are historically relevant. A stunning collection that is both informative and entertaining; with detailed descriptions of individual watches and articles that usefully deconstruct the price tag with an explanation of the relevance of craftsmanship and complexity of design, as well as the importance of exclusivity, prestige and collectibility. Prepare to be impressed by a larger-than-life-look at some relatively small items that command not only huge prices but kudos and respect, in all areas of a global society fascinated with using accessorizing to create identity.

The ultimate companion to all things 007, covering the making of every single movie in the James Bond franchise, from *Dr. No* to *Spectre*. With more than 1,000 images and an oral history recorded from 150 cast and crew members, this re-edition of the original XL book, as comprehensive as it is compact, will delight fans of the most successful and...

Official, original James Bond from a writer described by Len Deighton as a 'master storyteller'. She is beautiful. She is Russian. And she is very, very dangerous. Once Xenia worked for the KGB. But her new master is Janus, a powerful and ambitious Russian leader who no longer cares about ideology. Janus's ambitions are money and power: his normal business methods include theft and murder. And he has just acquired *Goldeneye*, a piece of high-tech space technology with the power to destroy or corrupt the West's financial markets. But Janus has underestimated his most determined enemy: James Bond.

Uses personal examples, illustrations from Scripture, and twenty years of counseling experience to explain how porn struggles begin, what to do to prevent them, and how to overcome them once compulsive behavior presents itself.

"*Goldfinger*" by Ian Fleming. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

- Iconic portraits and contact sheets from *Goldfinger*, *Diamonds are Forever*, *Live and Let Die*, *Golden Eye* and the Bond spoof, *Casino Royale*- The new James

Bond film, *No Time to Die*, releases world-wide in April 2020- Documented by one of the world's greatest photographers: Terry O'Neill- Contributions from actors including Honor Blackman, George Lazenby and Jane Seymour- Includes rare and unseen images- The perfect gift for fans of James Bond

Terry O'Neill was given his first chance to photograph Sean Connery as James Bond in the film *Goldfinger*. From that moment, O'Neill's association with Bond was made: an enduring legacy that has carried through to the era of Daniel Craig. It was O'Neill who captured gritty and roguish pictures of Connery on set, and it was O'Neill who framed the super-suave Roger Moore in *Live and Let Die*. His images of Honor Blackman as Pussy Galore are also important, celebrating the vital role of women in the James Bond world. But it is Terry O'Neill's casual, on-set photographs of a mischievous Connery walking around the casinos of Las Vegas or Roger Moore dancing on a bed with co-star Madeline Smith that show the other side of the world's most recognizable spy. Terry O'Neill opens his archive to give readers - and viewers - the chance to enter the dazzling world of James Bond. Lavish color and black and white images are complemented by insights from O'Neill, alongside a series of original essays on the world of James Bond by BAFTA-longlisted film writer, James Clarke; and newly-conducted interviews with a number of actors featured in O'Neill's photographs.

The first watch connoisseur's guide to explore a century of high-performing, stylish chronographs used in watersport adventures above and below the waves- sailing, yachting, and diving. From the Rolex Seamaster and the Blancpain Fifty Fathoms to collectibles like Audemars Piguet, Cartier, and Porsche, *Sea Time* takes an enlightening look at more than ninety iconic timepieces used and inspired by diving, sailing, and boating. With a foreword by best-selling adventure novelist Clive Cussler, Aaron Sigmond and Mark Bernardo interweave history and the chronograph's classic style in this first-of-its-kind comprehensive monograph. A detailed look at the development and history of these watches is followed by an encyclopedic index of iconic chronographs, curated into "The Icons," "Sailing & Regatta Watches," "Boating Watches," "Dive Watches," and "By the Pool & At the Shore." Informative and compelling, this fascinating guide is the perfect gift for connoisseurs of timepieces as well as timeless style.

A celebration of the Omega Seamaster watch's seventieth anniversary with exclusive photographs that truly bring the legendary timepiece to life. When the Swiss watchmaker Omega debuted its Seamaster diving watch in 1948, the house proved that functionality and style could coexist. This luxurious volume marks seventy years of Seamaster, exploring the model's excellent craftsmanship, evolving design, and enduring charm. Inspired by the waterproof wristwatches of World War II, the Seamaster appealed to active individuals desiring a watch for "town, sea, and country"—a heritage that shines through today. A precious collectible object, this tome features never-before-seen photographs of vintage and contemporary Seamasters, as well as different shades of paper. For those who appreciate fine timepieces and extraordinary

pieces of bookmaking, this new edition is bound to delight.

Fifty years (and five billion dollars in ticket sales) ago, the dashing Scottish actor Sean Connery declared suavely that he was "Bond, James Bond." Thus began a cinematic series unlike any other. In November 2012, Skyfall, the 23rd movie in what is seen as the authorized line of Bond films, will be released, with Daniel Craig (the sixth Bond) again in the lead role. The world will once more stream to the theaters for another dose of Bond. LIFE was on the scene in the swinging '60s when James Bond became a cultural icon (in fact, when we put the gold-painted actress Shirley Eaton on the cover in 1964, we helped him along), and now LIFE tells the whole story in this commemorative book. Ian Fleming, a high-ranking officer in British Naval Intelligence of World War II, dreamt up his MI6 spy, code number 007, in 1953, and a decade later, with Dr. No, From Russia With Love and then the smash Goldfinger, saw his creation take on a life entirely his own. All the fun of Bond is here: The movies; the reminiscences by the stars; the LIFE photo shoots; the knockoffs and spoofs ("The Man from U.N.C.L.E.;" "Get Smart;" "I Spy;" the first Casino Royale); the artifacts (a model of Bond's Aston Martin DB5 was one of the best-selling toy of 1965); the trivia and inside information on M, Q and Moneypenny—anything a Bond fan would want, packed into one book and then shaken, not stirred. James Bond was, back in the day, one of those cultural phenomena tailor-made for LIFE: It was bright and colorful and vibrant. Today, it still is. Happy birthday, and welcome back, Commander Bond.

Taking a wide-ranging look at factual (and fictional) technology, Millard views the James Bond universe as evidence for popular perceptions of technological development as both inevitably progressive and apocalyptically threatening.

Christmas Word Search Puzzle Activity Book For Kids: Beautiful Christmas Word Search For Kids. Do you love word searches? This is a fun-filled Christmas themed word search book for you! This easy-to-read collection of 47 large-print word searches is designed to get you into the Christmas holiday spirit! In this 8.5 x 11 large-print book, you will find: 47 fun and moderately challenging puzzles with answer sheet A great way to enhance your cognition, memory, and sharpness A variety of Christmas and Winter themed word search puzzles to boost your vocabulary and knowledge of the festive holiday! Easy-to-read pages with large-font and some entertaining layouts for hours of word search fun! Relaxation as you play through this exciting Christmas word search any time of the year. Solutions are also provided in LARGE font. This activity book features fun, moderately challenging puzzles with words that appear backwards and diagonally.

"Casino Royale" by Ian Fleming. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. For your eyes only – the essential guide to all 25 Bond adventures, including the newest film, No Time to Die, starring Daniel Craig! The James Bond Film Guide has it all: facts on the stories, characters, vehicles, gadgets, and locations of each 007 movie. This authorized guide takes fans through six decades of one of the entertainment

industry's greatest, most-enduring film franchises ever, and it boasts nearly 1,000 photographs, posters, and movie images from the filmmakers' extensive archives. 007 expert Will Lawrence, author of *Blood, Sweat and Bond: Behind the Scenes of Spectre*, delivers an indispensable guide to what happened in which film – and when – providing everything new and longtime fans alike could ever want to know about the world of James Bond. That phenomenal world has been at the center of EON Productions' iconic film franchise, the long-running big screen series in history, since the release of *Dr. No* in 1962, and continuing later this year with *No Time to Die*.

Intended originally for the political Right, *The Poor Man's James Bond* is now geared for use by the Civil Authorities. It embodies all the practical paramilitary knowledge collected and studied by dissident groups through-out America. It is a kind of Reader's Digest of do-it-yourself mayhem. Sections include the Still, Fougasse, How to Beat a Metal Detector, Evading Pursuit, Eleven Shot Twelve Gauge Shotgun, Blowing Up a Car, Napalm, Poisons and over fifty other fascinating items. 8.5 x 11, softcover, illustrated, 400+ pages.

A Collector's Guide to Omega watches.

A history of the James Bond wardrobe.

Provides historical information on watches and includes a listing of watch manufacturers, identification guides, and prices.

A Robb Report Best Coffee Table Book to Gift in 2020 A Sports Car News and InsideHook Best Coffee Table Book for Car Lovers Celebrate That Special Bond Between Men and Cars, and the Stories That Connect Them Discover actor and director Ed Burns talking about his 1969 Oldsmobile Cutlass Supreme, a model he'd been dreaming about since his days pumping gas. NBA legend Shaquille O'Neal, whose favorite cars are trucks—he loves the wow factor of an International CV Series 6.6. Or Jay Leno on his 1955 Buick Roadmaster, big enough for him to sleep in while trying to make it as a comic. Filled with stunning photographs of the whole cars and of the exquisite details that make car lovers' hearts beat just a little faster, as well as more than 80 personal stories, it's a joy for every reader who knows that a car is never just a car.

From Steve McQueen in the movie *Le Mans* with his now-famous TAG Heuer Monaco to James Bond's tricky Rolexes, wristwatches are iconic fashion statements for both men and women. Here are movie and rock stars, super models, VIPs, and politicians and the watches they wear. Jackie Kennedy, James Dean, Audrey Hepburn, Paul Newman, Clark Gable, Claudia Schiffer, JFK, Humphrey Bogart, Marilyn Monroe, and many more are all here, sporting their trendy watches from Cartier, Bulgari, Hamilton, and other makers. From auto racing to yachting, tennis, equestrian events, mountain climbing, and world exploration—wristwatches are there. And in movies and fashion shows, and on the world's political stages, watches help make the man or woman.

Live and let drive. This bespoke, collector's edition is presented in a slip case, and features an envelope of exclusive posters and documents from the EON Bond archives. *Bond Cars: The Definitive History* is a lavish celebration of the cars that also became the stars alongside the world's most famous fictional spy. Featuring exclusive and priceless assets such as the original call sheets, technical drawings and story-boards, accompanied by previously unpublished photography and exclusive interviews, we put you behind the wheel of every car driven by 007 on film. With insights from the producers and keepers of the Bond flame, Michael G. Wilson and Barbara Broccoli as well as Daniel Craig and special effects and action vehicles supervisor and veteran of 15 Bond films, Chris Corbould, this is the story of cinema's greatest icon, told through the prism of the legendary cars he has driven.

The “media” used to mean television, radio, newspapers, and magazines; but today it largely

involves social media, which has swallowed up all of these other forms and is now controlled by a small group of Silicon Valley titans who decide what billions of people are able to see and hear online.

The convergence of old technology and new has centralized unimaginable power into the hands of a few gigantic corporations that now dictate how we communicate with each other and perceive the outside world.

Media analyst Mark Dice details how the rise of social media that tipped the balance of power regarding the production and distribution of information has also resulted in a massive backlash from those conspiring to regain the influence they once held.

Now conservatives are experiencing widespread censorship as the tech giants scramble to put the genie back in the bottle.

The liberal media has launched an information war against President Trump and his supporters, and are using their monopolies to manipulate public opinion in order to further their aims of a socialist revolution.

Daniel Craig contributed the foreword to this deluxe book that – in words and stunning photos – tells the history of 007's Aston Martin DB5. James Bond first took the wheel of the DB5 in *Goldfinger* (1963), redefining the action movie forever, and setting a standard for everything that followed. Over the ensuing decades, the Bond-Aston Martin association has only grown stronger. They're the perfect match: understated, stylish, powerful, and not to be underestimated. This book spans that... bond, starting in 1963, when the DB5 was brand-new, to the upcoming 25th Bond film, *No Time to Die*, with the DB5 again taking center stage. EON and Aston Martin provided author Simon Hugo unprecedented access to their official archives, enabling Hugo to present the DB5's inside story and complement it with original production artwork, film storyboards, and exclusive photography. This deluxe coffee-table book measures 11"x12 ½" and is packed with full-page, high-quality photographs, including multiple shots illustrating the DB5's appearance in *No Time to Die*, making it the ideal gift for James Bond fans.

Bond is back with a license to thrill. Forty-three years ago, Ian Fleming wrote his last great 007 adventure. Now, in *Devil May Care*, the world's most iconic spy returns in a Cold War story spanning the world's exotic locations. By invitation of the Fleming estate to mark the centenary of his birth, acclaimed novelist Sebastian Faulks picks up where Fleming left off, writing a tour de force that will electrify every James Bond fan. A fitting tribute to the Bond tradition, *Devil May Care* stands on its own as a triumph of witty prose and plenty of double-0 action. "In his house in Jamaica, Ian Fleming used to write a thousand words in the morning, then go snorkeling, have a cocktail, lunch on the terrace, more diving, another thousand words in the late afternoon, then more martinis and glamorous women. In my house in London, I followed this routine exactly, apart from the cocktails, the lunch, and the snorkeling." —Sebastian Faulks
A visual journey behind the scenes of the new James Bond movie *Casino Royale* offers a photographic record of the making of the blockbuster film, along with portraits of the cast and crew, spectacular European locations, set designs, special effects, and more.

The watch has long been a favorite of the design world - both as an indication of the wearer's style and as a test of the designer's ethos and aesthetic. From the early efforts of Le Corbusier and Louis-Francois Cartier to the advent of the digital era and the arrival of the smartwatch, the Design Museum examines the 50 most important and eye-catching examples of all time.

Apollo 11 astronaut Buzz Aldrin's courageous, candid memoir of his return to Earth after the historic moon landing and his personal struggle with fame and depression. "We landed with all the grace of a freight elevator," Buzz Aldrin relates in the opening passages of *Return to Earth*, remembering Command Module Columbia's abrupt descent into the gravity of the blue planet. With that splash, Aldrin takes readers on a journey through the human side of the space program, as one of the first two men to land on the moon learns to cope with the pressures of his new public persona. In honest and compelling prose, Aldrin reveals a side of instant fame for which West Point and NASA could never have prepared him. One day a fighter pilot and engineer, the next a cultural hero burdened with the adoration of thousands, Aldrin gives a poignant account of the affair that threatened his marriage, as well as his descent into alcoholism and depression that resulted from trying to be too many things to too many people. He didn't realize that when he landed on his home planet his odyssey had just begun. As Aldrin puts it, "I traveled to the moon, but the most significant voyage of my life began when I returned from where no man had been before." *Return to Earth* is a powerful and moving memoir that exposes the stresses suffered by those in the Apollo program and the price Buzz Aldrin paid when he became an American icon.

Presents a visual journey behind the scenes of the James Bond movie "Skyfall," offering a photographic record of the making of the film, along with portraits of the cast and crew, location shots, set designs, special effects, and movie stills.

Monthly lifestyle magazine.

Intended originally for the political Right, *The Poor Mans James Bond* is now geared for use by the Civil Authorities. It embodies all the practical paramilitary knowledge collected and studied by dissident groups through-out America.
