It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. She writes about starting high school, navigating new friendships, falling in love for the first

From the New York Times bestselling author of *The Unlikely Pilgrimage of Harold Fry* comes an exquisite love story about Queenie Hennessy, the remarkable friend who inspired Harold's cross-country journey. "This lovely book is full of joy. Much more than the story of a woman's enduring love for an ordinary, flawed man, it's an ode to messy, imperfect, glorious, unsung humanity."—*The Washington Post*

A runaway international bestseller, *The Unlikely Pilgrimage of Harold Fry* followed its unassuming hero on an incredible journey as he traveled the length of England on foot—a journey spurred by a simple letter from his old friend Queenie Hennessy, writing from a hospice to say goodbye. Harold believed that as long as he kept

walking, Queenie would live. What he didn't know was that his decision to walk had caused her both alarm and fear. How could she wait? What would she say? Forced to confront the past, Queenie realizes she must write again. In this poignant parallel story to Harold's saga, acclaimed author Rachel Joyce brings Queenie Hennessy's voice into sharp focus. Setting pen to paper, Queenie makes a journey of her own, a journey that is even bigger than Harold's; one word after another, she promises to confess long-buried truths—about her modest childhood, her studies at Oxford, the heartbreak that brought her to Kingsbridge and to loving Harold, her friendship with his son, the solace she has found in a garden by the sea. And, finally, the devastating secret she has kept from Harold for all these years. A wise, tender, layered novel that gathers tremendous emotional force, *The Love Song of Miss Queenie Hennessy* underscores the resilience of the human spirit, beautifully illuminating the small yet pivotal moments that can change a person's life.

years, millions of these letters have poured into Santa Claus, Indiana. Arriving from all corners of the globe, the letters ask for toys, family reunions, snow, and help for the needy—sometimes the needy being the writers themselves. They are candid, heartfelt, and often blunt. Many children wonder how Santa gets into their chimneyless homes. One child reminds Santa that she has not hit her brothers over 1,350 times that year, and another respectfully requests two million dollars in "cold cash." One child hopes to make his life better with a time machine, an adult woman asks for a man, and one miscreant actually threatens Santa's reindeer!

And she doesn't want to think about her identity as Girl A: the girl who escaped, the eldest sister who freed her older brother and four younger siblings. Together with her sister, Evie, Lex intends to turn the home into a force for good. But first she must come to terms with her siblings--and with the childhood they shared. Who invented beds? When did we start cleaning our teeth? How old are wine and beer? Which came first: the toilet seat or toilet paper? What was the first clock? Every day, from the moment our alarm clock wakes us in the morning until our head hits our pillow at night, we all take part in rituals that are millennia old. Drawn from across the world, spanning a million years of humanity, this book is a smorgasbord of historical delights. It is a history of all those things you always wondered about—and many you have never considered. lives of several historical figures across four centuries--beginning with the astronomer Johannes Kepler, who discovered the laws of planetary motion, and ending with the marine biologist and author Rachel Carson, who catalyzed the environmental movement. Stretching between these figures is a cast of artists, writers, and scientists--mostly women, mostly queer--whose public contribution have risen out of their unclassifiable and often heartbreaking private relationships to change the way we understand, experience, and appreciate the universe. Among them are the astronomer Maria Mitchell, who paved the way for women in science; the sculptor Harriet Hosmer, who did the same in art; the journalist and literary critic Margaret Fuller, who sparked the feminist movement; and the poet Emily Dickinson. Emanating from these lives are larger questions about the measure of a good life and what it means to leave a lasting mark of betterment on an imperfect world: Are achievement and acclaim enough for happiness? Is genius? Is love? Weaving through the narrative is a set of peripheral figures--Ralph Waldo Emerson, Charles Darwin, Elizabeth Barrett Browning, Herman Melville, Frederick Douglass, Nathaniel Hawthorne, and Walt Whitman--and a tapestry of themes spanning music, feminism, the history of science, the rise and decline of religion, and how the intersection of astronomy, poetry, and Transcendentalist philosophy fomented the environmental movement.

A never-before-seen collection of deeply personal love letters from Kurt Vonnegut to his first wife, Jane, compiled and edited by their daughter “A glimpse into the mind of a writer finding his voice.”—The Washington Post “If ever I do write anything of length—good or bad—it will be written with you in mind.” Kurt Vonnegut’s eldest daughter, Edith, was cleaning out her mother’s attic when she stumbled upon a dusty, aged box. Inside, she discovered an unexpected treasure: more than two hundred love letters written by Kurt to Jane, spanning the early years of their relationship. The letters begin in 1941, after the former schoolmates reunited at age nineteen, sparked a passionate summer romance, and

promised to keep in touch when they headed off to their respective colleges. And they did, through Jane's conscientious studying and Kurt's struggle to pass chemistry. The letters continue after Kurt dropped out and enlisted in the army in 1943, while Jane in turn graduated and worked for the Office of Strategic Services in Washington, D.C. They also detail Kurt's deployment to Europe in 1944, where he was taken prisoner of war and declared missing in action, and his eventual safe return home and the couple's marriage in 1945. Full of the humor and wit that we have come to associate with Kurt Vonnegut, the letters also reveal little-known private corners of his mind. Passionate and tender, they form an illuminating portrait of a young soldier's life in World War II as he attempts to come to grips with love and mortality. And they bring to light the origins of Vonnegut the writer, when Jane was the only person who believed in and supported him supported him, the young couple having no idea how celebrated he would become. A beautiful full-color collection of handwritten letters, notes, sketches, and comics, interspersed with Edith's insights and family memories, *Love, Kurt* is an intimate record of a young man growing into himself, a fascinating account of a writer finding his voice, and a moving testament to the life-altering experience of falling in love.

*More Letters of Note* is another rich and inspiring collection, which reminds us that much of what matters in our lives finds its way into our letters. These letters deliver the same mix of the heartfelt, the historically significant, the tragic, the comic and the unexpected.

Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

“Brontez Purnell’s *100 Boyfriends* is a symphony of sex, trouble and wisdom—as if the composer had sex with each member of the orchestra by way of getting it right. An electric prismatic genre-defying punk literary flight, Purnell is twirling here— I loved every page.” --Alexander Chee, author of *How to Write an Autobiographical Novel* An irreverent, sensitive, and inimitable look at gay dysfunction through the eyes of a cult hero “It’s like that saying, ‘Where god closes a door, he opens a window,’ but in this particular case the window was on the fifth floor and the house was on fire.” Transgressive, foulmouthed, and devastatingly funny, Brontez Purnell’s *100 Boyfriends* is a revelatory spiral into the imperfect lives of queer men desperately fighting—and often losing—the urge to self-sabotage. His characters solicit sex on their lunch breaks, expose themselves to racist neighbors, sleep with their coworker’s husbands, rub Preparation H on their hungover eyes, and, in an uproarious epilogue, take a punk band on a disastrous tour of Europe. They also travel to claim inheritances, push past personal trauma, and cultivate community while living on the margins of a white supremacist, heteronormative society. Armed with a deadpan wit that finds humor in even the lowest of nadirs, Brontez Purnell—a widely acclaimed underground writer, filmmaker, musician, and performance artist—writes with the peerless zeal, insight, and horniness of a gay punk messiah. From dirty warehouses and gentrified bars in Oakland to desolate farm towns in Alabama, Purnell indexes desire, desperation, race, and loneliness with

a startling blend of levity and vulnerability. Together, the slice-of-life tales that writhe within 100 Boyfriends are a singular and uncompromising vision of an unexposed queer underbelly. Holding them together is the vision of an iconoclastic storyteller, as fearless as he is human.

One Million Lovely Letters is one woman's inspirational journey to recovery. A witty and uplifting testament to the power of words to heal the heart and mind. As featured on 'Jodi's Lovely Letters', part of the popular BBC One series 'Our Lives'. In the summer of 2011, aged only 22, Jodi Ann Bickley contracted a serious brain infection that would change her life forever. Jodi had been performing at Camp Bestival on the Isle of Wight. Returning with pockets full of glitter, she thought the happy memories would last forever. A week later, writhing in pain on the doctor's surgery floor, Jodi found out that she had been bitten by a tick and contracted a serious brain infection. Learning to write and walk again was just the start of the battle. In the months that followed Jodi struggled with the ups and downs of her health and the impact it had on her loved ones. Some days Jodi found herself wondering whether she could go on. She had two choices: either to give up now or do something meaningful with the time she had been given. Jodi chose the latter. This is the story how she turned her life around. 'An extraordinary woman.' Stephen Fry 'There is so much emotion in these pages that we challenge you not to cry.' Cosmopolitan 'It's a fantastic book, from a fantastic wordsmith, and I'm so proud of how much Jodi has achieved since I've known her. Proper chuffed. Susan Orlean's bestseller and New York Times Notable Book is "a sheer delight...as rich in insight and as varied as the treasures contained on the shelves in any local library" (USA TODAY)—a dazzling love letter to a beloved institution and an investigation into one of its greatest mysteries.

"Everybody who loves books should check out *The Library Book*" (The Washington Post). On the morning of April 28, 1986, a fire alarm sounded in the Los Angeles Public Library. The fire was disastrous: it reached two thousand degrees and burned for more than seven hours. By the time it was extinguished, it had consumed four hundred thousand books and damaged seven hundred thousand more. Investigators descended on the scene, but more than thirty years later, the mystery remains: Did someone purposefully set fire to the library—and if so, who? Weaving her lifelong love of books and reading into an investigation of the fire, award-winning New Yorker reporter and New York Times bestselling author Susan Orlean delivers a "delightful...reflection on the past, present, and future of libraries in America" (New York magazine) that manages to tell the broader story of libraries and librarians in a way that has never been done before. In the "exquisitely written, consistently entertaining" (The New York Times) *The Library Book*, Orlean chronicles the LAPL fire and its aftermath to showcase the larger, crucial role that

libraries play in our lives; delves into the evolution of libraries; brings each department of the library to vivid life; studies arson and attempts to burn a copy of a book herself; and reexamines the case of Harry Peak, the blond-haired actor long suspected of setting fire to the LAPL more than thirty years ago. "A book lover's dream...an ambitiously researched, elegantly written book that serves as a portal into a place of history, drama, culture, and stories" (Star Tribune, Minneapolis), Susan Orlean's thrilling journey through the stacks reveals how these beloved institutions provide much more than just books—and why they remain an essential part of the heart, mind, and soul of our country.

A book of over 100 love letters written in poetic form. Unsent letters written to an unnamed individual or thought only known as Lovely, Lovely Soul. An idea sparked from A.R. Gurney's Love Letters play only letters never sent. The trials and spilled ink thoughts fighting depression, anxiety, adolescent love, inward torture, and fighting through painful thoughts many of us can relate to by putting pen to paper. If you enjoyed "the words I wish I said" by Caitlin Kelly you should find this compilation enjoyable. I started writing these letters back in 1997 after I moved away from New Jersey out to Arizona for school. While taking what I had for granted, I did not believe that my childhood was... shall we say, "the best?" Moving away meant a fresh start, a new life, freedom. Getting as far away from the small, one square mile town I grew up in and out into the wider world where I always felt like I was meant for bigger and brighter things. I craved that freedom and could not wait for it. But a few mere months before I was destined to leave... something tragic happened. I, in my unlearned youth, discovered the sensation of what I believed to be, "Love". It ended up being so fleeting as my time was so short before departure to the desert. Heartbreak was inevitable. It was the first of many that would happen in

my life and I would go on to develop this concept of a small light... willow wisp like. Always bouncing from one girl to the next. Getting close, but always fleeing right at the moment when it was about to be captured. It seemed like a repelling magnet getting just close enough for an attraction before flipping and bounding away from a certain distance. Changing its poles once again and becoming attractive. That seemed to be the metaphor to me of what "Love" meant to me and what it would be for my remaining days. The wisp always moving, teasing, getting closer, and running away. "Catch me if you can" it would haunt. "Catch me if you can" and like the fool, I was destined to be, I would continue to chase. I have finally compiled these poems if you will, which I wrote off and on for the last 20+ years. While I know my style in some of them work, and others fall very short of publishable work, it is my life crafted on paper that I felt compelled to share. Knock something off the bucket list, if you will. Not just that, however, more to share with those out there that can relate. Understand and realize that you are not alone even in the moments when you look around and only darkness is staring back at you. Time does heal and as we mature in life we learn to appreciate fleeting moments and understand that sometimes things do happen for a reason. Whether you push your wisp away or it flees on its own, it's always on the horizon. While its warmth might get cold, its light still shines bright and waits for you to "catch it if you can". Enjoy as you may.
