Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

Over a half century, a small Indiana town hosts a circus troupe during the off-seasons in linked stories "as graceful as any acrobat's high-wire act" (San Francisco Chronicle). A Story Prize Finalist From 1884 to 1939, the Great Porter Circus made the unlikely choice to winter in an Indiana town called Lima, a place that feels as classic as Sherwood Anderson's Winesburg, Ohio, and as wondrous as a first trip to the Big Top. In Lima, an elephant can change the course of a man's life—or the manner of his death. Jennie Dixianna entices men with her dazzling Spin of Death and keeps them in line with secrets locked in a cedar box. The lonely wife of the show's manager has each room of her house painted like a sideshow banner, indulging her desperate passion for a young painter. And a former clown seeks consolation from his loveless marriage in his post-circus job at Clown Alley Cleaners. In this collection of linked stories spanning decades, Cathy Day follows the circus people into their everyday lives and brings the greatest show on earth to the page. "[An] exquisite story collection." —The Washington Post "Often funny, always graceful, and rich with a mix of historical and imaginative detail." —Tim O'Brien, author of *The Things They Carried* "Sublimely imaginative and affecting." —The Boston Globe

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called *East of Eden* "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century.

Created through a "student-tested, faculty-approved" review process with feedback from students and faculty, MKTG 2010, Student Edition, is an engaging and accessible solution to accommodate the diverse lifestyles of today's learners.

This is the only guide to all 3,600 four-year and two-year colleges in the United States for those seeking complete college information.

Fallen angels in the bawdy houses. Migrants barred from Main Street. Homesteaders driven from homesteads when August rained black storms of dust. *The Other Idahoans* recovers their hard-luck stories. Volume 7 of Boise State University's prizewinning research series, the book closes with a driving tour of storied places from history's underside.

A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

It has, improbably, been called uncommonly lucid, even riveting by *The New York Times*, and it was a finalist for the 2004 National Book Awards nonfiction honor. It is a literally chilling read,

especially in its minute-by-minute description of the events of the morning of 9/11 inside the Twin Towers. It is The 9/11 Commission Report, which was, before its publication, perhaps one of the most anticipated government reports of all time, and has been since an unlikely bestseller. The official statement by the National Commission on Terrorist Attacks Upon the United States—which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean—details what went wrong on that day (such as intelligence failures), what went right (the heroic response of emergency services and self-organizing civilians), and how to avert similar future attacks. Highlighting evidence from the day, from airport surveillance footage of the terrorists to phone calls from the doomed flights, and offering details that have otherwise gone unheard, this is an astonishing firsthand document of contemporary history. While controversial in parts—it has been criticized for failing to include testimony from key individuals, and it completely omits any mention of the mysterious collapse of WTC 7—it is nevertheless an essential record of one of the most transformational events of modern times.

Alan Davis directs readers to the most exciting parties on the planet. The Fun Also Rises calendar starts the year at Nassau's Junkanoo and ends at Edinburgh's Hogmany. In between, it directs readers to the Opera Ball in Vienna, the Gay and Lesbian Mardi Gras in Sydney, Rio's Carnival, and dozens of other holiday celebrations, sports events, and music and arts festivals around the world. With detailed three-day itineraries for each event, this guide also directs travelers to restaurants, nightlife accommodations, and attractions at each location.

Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of *Operas in English: A Dictionary*, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the text, with the source title; the date, place, and cast of the first performance; the date of composition, if it occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special musical problems, techniques, or other significant aspects; and other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A–Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also includes a main character index and an index of singers, conductors, producers, and other key figures.

This ebook collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Apart from the autobiographies and biographies of the most influential suffragettes, this edition includes the complete 6 volume history of the movement - from its beginnings through the ratification of the Nineteenth Amendment to the U.S. Constitution, which enfranchised women in the U.S. in 1920. Elizabeth Cady Stanton (1815-1902) was an American suffragist, social activist, abolitionist, and leading figure of the early women's rights movement. Susan Brownell Anthony (1820-1906) was an American social reformer and women's rights activist who played a pivotal role in the women's suffrage movement. Emmeline Pankhurst (1858-1928) was a British political activist and leader of the British suffragette movement who helped women win the right to vote. Anna Howard Shaw (1847-1919) was a leader of the women's suffrage movement in the United States. Dame Millicent Garrett Fawcett (1847-1929) was a British feminist, intellectual, political and union leader, and writer. Jane Addams (1860-1935), known as the "mother" of social work, was a pioneer American settlement activist, public philosopher, sociologist, protestor, author, and leader in women's suffrage and world peace. Lucy Stone (1818-1893) was a prominent U.S. orator, abolitionist, and suffragist, and a vocal advocate and organizer promoting rights for women. Carrie Chapman Catt (1859-1947) was an American women's suffrage leader who campaigned for the Nineteenth Amendment to the United States Constitution, which gave U.S. women the right to vote in 1920. Alice Stokes Paul (1885-1977) was an American suffragist, feminist, and women's rights activist, and one of the main leaders and strategists of the campaign for the Nineteenth Amendment to the U.S. Constitution, which prohibits sex discrimination in the right to vote.

*Opera Production II* was first published in 1974. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. For the world of opera this is an indispensable basic reference work which provides essential information about more than 350 operas. Producers, singers, directors, students, orchestras, and audiences will find useful, concise information in this handbook, a sequel to the author's earlier book *Opera Production I: A Handbook*, which contains similar information about more than 500 other operas. While the first volume concentrates on more familiar operas, this book is devoted principally to lesser known works, both old and new, including many as yet unperformed contemporary operas. The details given about each opera are those needed to assess the production requirements for a given work: the number and importance of settings; size of orchestra, chorus, and ballet; number of singers, their relative importance and individual requirements; vocal and acting demands of performers, including vocal ranges in most cases; plot synopsis; and brief historical material to anchor the reader in the necessary knowledge of the period and source of the libretto. The information is compressed into capsule form so that anyone using the book can tell at a glance the suitability of a work to the particular facilities, talents, or tastes of an opera company or its public. In addition to the reference material, there is a chapter "Production Problems in Handel's Opera" by Randolph Mickelson, a helpful feature since

nine of Handel's operas are included and they are apt to pose special production problems.

A Tale of Two Cities (1859) is a historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. The novel tells the story of the French Doctor Manette, his 18-year-long imprisonment in the Bastille in Paris and his release to live in London with his daughter Lucie, whom he had never met. The story is set against the conditions that led up to the French Revolution and the Reign of Terror.

The final novel of one of America's most beloved writers—a tale of degeneration, corruption, and spiritual crisis In awarding John Steinbeck the 1962 Nobel Prize in Literature, the Nobel committee stated that with *The Winter of Our Discontent*, he had “resumed his position as an independent expounder of the truth, with an unbiased instinct for what is genuinely American.” Ethan Allen Hawley, the protagonist of Steinbeck's last novel, works as a clerk in a grocery store that his family once owned. With Ethan no longer a member of Long Island's aristocratic class, his wife is restless, and his teenage children are hungry for the tantalizing material comforts he cannot provide. Then one day, in a moment of moral crisis, Ethan decides to take a holiday from his own scrupulous standards. Set in Steinbeck's contemporary 1960 America, the novel explores the tenuous line between private and public honesty, and today ranks alongside his most acclaimed works of penetrating insight into the American condition. This Penguin Classics edition features an introduction and notes by leading Steinbeck scholar Susan Shillinglaw. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

This book is produced by women's suffrage leaders: the Great Elizabeth Cady Stanton, Susan B. Anthony, Matilda Joslyn Gage & Ida Husted Harper. It presents the complete history of the women's suffrage movement, primarily in the United States. This edition presents the major source for primary documentation about the women's suffrage movement from its beginnings through the ratification of the Nineteenth Amendment to the U.S. Constitution, which enfranchised women in the U.S. in 1920. In addition to the remarkable history of suffrage movements this collection is enriched with the biographies of the most influential figures of American movement for women's suffrage: Elizabeth Cady Stanton, Susan B. Anthony, Anna Howard Shaw, Jane Addams, Lucy Stone, Carrie Chapman Catt and Alice Paul.

A multi-volume set giving detailed information on every aspect of opera - over 100,000 entries. Improves on Steiger's *Opernlexikon* by including two additional data-categories for each work (language of text and literary sources) and by covering composers who have appeared since the end-date of Steiger's work (1934).

In v.1-8 the final number consists of the Commencement annual.
