important stories in TV news. But behind the scenes was a war room of clashing producers, anchors, and the most formidable 60 Minutes figure: legendary correspondent Mike Wallace. Based on decades of access and experience, Ira Rosen takes readers behind closed doors to offer an incisive look at the show that invented TV investigative journalism. With surprising humor, charm, and an eye for colorful detail, Rosen delivers an authoritative account of the unforgettable personalities that battled for prestige, credit, and the desire to scoop everyone else in the game. As Mike Wallace's top producer, Rosen reveals the interview secrets that made Wallace's work legendary, and the flaring temper that made him infamous. Later, as senior producer of ABC News Primetime Live and 20/20, Rosen exposes the competitive environment among famous colleagues like Diane Sawyer and Barbara Walters, and the power plays between correspondents Chris Wallace, Anderson Cooper, and Chris Cuomo. A master class in how TV news is made, Rosen shows readers how 60 Minutes puts together a story when sources are explosive, unreliable, and even dangerous. From unearthing shocking revelations from inside the Trump White House, to an outrageous proposition from Ghislaine Maxwell, to interviewing gangsters Joe Bonanno and John Gotti Jr., Ira Rosen was behind the scenes of 60 Minutes' most sensational stories. Highly entertaining, dishy, and unforgettable, Ticking Clock is a never-before-told account of the most successful news show in American history.

work actress Sloane Ford is in desperate need of something to do after losing her steady TV gig. When her famous family ropes her into working as a producer on their World War II-era romance, they neglect to mention that the film will be headlined by Joseph Donovan, her least favorite former co-star of all time. The roguish actor made her life a living hell the last time they worked together, using his movie star good looks and Irish charm to cover for his erratic professional behavior. On their new film set, he promises he's different now, but Sloane is far from convinced. As filming gets underway, it becomes clear that anything that can go wrong will go wrong. When the lead actress is abruptly fired, Sloane agrees to step in and take over the role, and she starts to remember why she fell in love with acting in the first place. On camera, she and Joseph share an electric chemistry. Off camera, they've been honing their characters and, much to Sloane's surprise, growing closer. But playing the role of a woman in love with Joseph Donovan is a dangerous business, and the more time they spend together, the less Sloane can tell what's real between them, and what's just for show.
