The President is dead! A man is running in the night. He is afraid and needs to rest. But there are people behind him - people with lights, and dogs, and guns. A man is standing in front of a desk. His boss is very angry, and the man is tired and needs to sleep. But first he must find the other man, and bring him back -

dead or alive. Two men: the hunter and the hunted. Which will win and which will lose? Long live the President!
