

Oxford Duden Pictorial German English Dictionary

A collection of studies on the role of English in German-speaking countries, covering a broad range of topics.

STATIONEN: EIN KURSBUCH FÜR DIE MITTELSTUFE, Third Edition is an intermediate German program that combines engaging cultural topics with authentic readings and contextualized grammar in a unifying context. Each chapter of STATIONEN revolves around a city or region in the German-speaking world. This overarching concept brings the program together and invites students and instructors to make connections and comparisons between chapters, topics, and cultural issues. STATIONEN also refers to the “stations” between the first beginnings of a journey into German life and language and to more advanced study and exploration on the intermediate level. In addition, the accompanying video component contains footage of videoblogs from eleven cities in Germany, Austria, and Switzerland that complements the textbooks content and serves as windows to contemporary German culture. These snapshots of everyday life connect interview clips with images of public spaces to move students beyond the realm of ordinary language instruction and into the scenarios and situations that reflect a developing German speaker's real-world needs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Anyone writing texts in English is constantly faced with the unavoidable question whether to use open spelling (drinking fountain), hyphenation (far-off) or solid spelling (airport) for individual compounds. While some compounds commonly occur with alternative spellings, others show a very clear bias for one form. This book tests over 60 hypotheses and explores the patterns underlying the spelling of English compounds from a variety of perspectives. Based on a sample of 600 biconstituent compounds with identical spelling in all reference works in which they occur (200 each with open, hyphenated and solid spelling), this empirical study analyses large amounts of data from corpora and dictionaries and concludes that the spelling of English compounds is not chaotic but actually correlates with a large number of statistically significant variables. An easily applicable decision tree is derived from the data and an innovative multi-dimensional prototype model is suggested to account for the results.

Complete with the latest vocabulary, this third edition of the Concise Oxford German Dictionary contains over 150,000 words and phrases, and 250,000 translations, with up-to-date words and phrases in both languages. This edition also includes a correspondence guide with sample letters, emails, and CVs, a section on text messaging in German, notes on life and culture in the German-speaking world, plus notes on language usage and construction, including coverage of German spelling changes. The Concise Oxford German Dictionary is easy to use, with a clear layout and printed thumb tabs for quick reference, making it an essential tool for those who need an authoritative and concise guide to the German language. Discover more on oxforddictionaries.com, Oxford's hub for dictionaries and language reference.

With over 6,500 fully illustrated words and phrases in Korean and English, along with a free bilingual audio app, using and learning Korean has never been easier. Perfect for tourists, business travellers and students, DK's Korean English Bilingual Visual Dictionary is your essential companion when buying food, talking about work, discussing health, and studying the Korean language. The dictionary is incredibly easy to follow, with thematically organized vocabulary so you can find closely related words on a particular topic. Words and phrases are illustrated with full-color photographs and artworks, helping to fix new vocabulary in your mind. A comprehensive two-way index provides an instant reference point for new Korean vocabulary. The supporting audio app enables you to hear over 6,500 words and phrases spoken out loud in both Korean and English. Available on the App Store and Google Play, the audio app is easy to use and provides an intuitive reference for language learning, helping you learn, retain, and pronounce important vocabulary. The dictionary gives a pronunciation guide for every Korean word, and you can use this alongside the app to perfect your pronunciation.

This newly updated and revised edition of the classic dictionary features hundreds of new words reflecting recent cultural, political, and technological changes; full pronunciation keys for both German and English entries; examples illustrating correct usage and meaning; and much more. Original.

Explains the meaning and origins of words created in the last ten years, from access charge and boutique farmer to workaholic and zap-proof

The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

Examines linguistic aspects of the attrition or loss of first language abilities in bilinguals.

This new edition provides an up-to-date and complete picture of contemporary German, including spelling changes ratified in 1996. Featured are more than 260,000 words, sample sentences, and maps. Thumb-indexed.

Lists the best reference materials in the arts and sciences that meet the needs of elementary, secondary, vocational, and junior college students and teachers.

Instructions on how to translate general as well as legal, medical, and business documents from German to English and from English to German.

Spanish & English vocabulary printed with pictures on the same page. Index in English. Includes technical pictures in two languages.

A compact, intermediate-level dictionary covering over 90,000 words and phrases, and 120,000 translations ideal for the home, office, or school.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Now available for the first time in flexible covers, The Oxford-Duden Pictorial Japanese & English Dictionary provides parallel English and Japanese word-lists containing 28,000 items for each language. Based on the premise that pictures can more clearly convey certain kinds of information, the dictionary presents a list of vocabulary relating to a subject together with a picture illustrating that subject. Each double-page spread links the words by number to the picture situation drawn from everyday life. Approximately 384 sections cover a broad range of subjects in the fields of science, medicine, technology, industry, commerce, and arts and leisure, including astronomy, automobiles, swimming, supermarkets, nuclear energy, and much more. Both English and Japanese vocabulary appear on the same page for easy use. It also provides fully alphabetized indexes in both languages which refer the reader not only to the various subjects and contexts in which a word is used but also to the correct translation and vocabulary of an entire subject. An essential reference for general readers, students, translators, travelers, and business people, The Oxford-Duden Pictorial Japanese & English Dictionary serves as a valuable supplement to English-Japanese and Japanese-English dictionaries.

This stimulating new book, as the premier work introducing bilingual lexicography from a communicative perspective, is launched to represent original thinking and innovative theorization in the field of bilingual lexicography. It treats the bilingual dictionary as a system of intercultural communication and bilingual dictionary making as a dynamic process realized by sets of choices, characterizing the overall nature of the dictionary. It examines the dictionary and dictionary making by using a model of lexicography which stresses the three-way relationship of compiler, dictionary context and user and incorporates them into a unified coherent framework. Throughout the study, special focus is on English and Chinese bilingual lexicography. It will serve not only as a valuable guide to those interested in dictionary compilation and theoretical inquiries but also as a textbook for undergraduate and postgraduate courses in bilingual lexicography.

Offers more than 350,000 words and 530,000 translations drawn from current language databases and explores idiomatic variations in meaning

New, clearer colour layout. The keywords of the Oxford 3000™ are marked to help you prioritize your learning. The phonetic alphabet appears at the foot of each page. New appendices on expressions with numbers, phrasal verbs, letter writing, etc.

In the 20th century, cumulative millions of readers received books by mail from clubs like the Book-of-the-Month Club, the Book Society or Bertelsmann Club. This Element offers an introduction to book clubs as a distribution channel and cultural phenomenon, and shows that book clubs and book commerce are linked inextricably. It argues that a global perspective is necessary to understand the cultural and economic impact of book clubs in the 20th and into the 21st century. It also explores central reasons for book club membership, condensing them into four succinct categories: convenience, community, concession and, most importantly, curation. This title is also available as Open Access on Cambridge Core.

This outstanding package provides the Concise Oxford-Duden German Dictionary in both book and electronic form. purchase other titles and to download software upgrades).

"A thoroughly original picture dictionary featuring beautiful artwork. The vibrant pictures encourage the reader's creativity while learning to identify objects and words."--Amazon.com.

The book specifies a corpus architecture, including annotation and querying techniques, and its implementation. The corpus architecture is developed for empirical studies of translations, and beyond those for the study of texts which are inter-lingually comparable, particularly texts of similar registers. The compiled corpus, CroCo, is a resource for research and is, with some copyright restrictions, accessible to other research projects. Most of the research was undertaken as part of a DFG-Project into linguistic properties of translations. Fundamentally, this research project was a corpus-based investigation into the language pair English-German. The long-term goal is a contribution to the study of translation as a contact variety, and beyond this to language comparison and language contact more generally with the language pair English - German as our object languages. This goal implies a thorough interest in possible specific properties of translations, and beyond this in an empirical translation theory. The methodology developed is not restricted to the traditional exclusively system-based comparison of earlier days, where real-text excerpts or constructed examples are used as mere illustrations of assumptions and claims, but instead implements an empirical research strategy involving structured data (the sub-corpora and their relationships to each other, annotated and aligned on various theoretically motivated levels of representation), the formation of hypotheses and their operationalizations, statistics on the data, critical examinations of their significance, and interpretation against the background of system-based comparisons and other independent sources of explanation for the phenomena observed. Further applications of the resource developed in computational linguistics are outlined and evaluated.

Groups of German and English words in a particular subject area are illustrated on the same or opposite page.

Provides authoritative coverage of German and English with over 320,000 words and phrases, and 520,000 translations. Features include: essential grammatical information and language usage notes for both languages; cultural notes, providing interesting and helpful information on life in the German- and English-speaking world; boxed notes offering help with language usage and construction; and a centre section covering essential correspondence with sample letters, emails, CVs, resumes, telephone and text messaging.

4,000 words and phrases are organized thematically within 163 topics. Includes English to Vietnamese translations of vocabulary throughout, and an extensive index in Vietnamese at the back of the book. A fully integrated vocabulary development program in American English, progressing from essential words to the more complex, delivered in short thematic units. Realistic scenarios and modern artwork are easy to relate to and these, together with story pages and practice exercises, have been applauded for their success in promoting critical thinking skills. Content is fully supported by a range of components (in English only) - including Workbooks, Classroom Activities, Audio and website. Teaches English as a second language to French speakers through the use of pictures dealing with everyday topics such as the body, post office, law, travel, and family.

Designed as a contribution to contrastive linguistics, the present volume brings up-to-date the comparison of German with its closest neighbour, Dutch, and other Germanic relatives like English, Afrikaans, and the Scandinavian languages. It takes its inspiration from the idea of a "Germanic Sandwich", i.e. the hypothesis that sets of genetically related languages diverge in systematic ways in diverse domains of the linguistic system. Its contributions set out to test this approach against new phenomena or data from synchronic, diachronic and, for the first time in a Sandwich-related volume, psycholinguistic perspectives. With topics ranging from nickname formation to the IPP (aka 'Ersatzinfinativ'), from the grammaticalisation of the definite article to /s/-retraction, and from the role of verb-second order in the acquisition of L2 English to the psycholinguistics of gender, the volume appeals to students and specialists in modern and historical linguistics, psycholinguistics, translation studies, language pedagogy and cognitive science, providing a wealth of fresh insights into the relationships of German with its closest relatives while highlighting the potential inherent in the integration of different methodological traditions.

Pioneers in dictionary publishing for over 175 years, Collins are now proud to offer the Concise English Dictionary in print and online. The eighth edition of the groundbreaking Collins Concise Dictionary is the only dictionary in concise format with encyclopedic entries for people, places, and regions. Have confidence - comprehensive and authoritative, with all the words and definitions you need Get it right - language notes help you choose the right words for every situation and give advice on words that are changing in meaning or use. Get there fast - clear layout with colour. Find out more - thousands of entries for people and places.

Over the past decade, the Oxford-Duden family of German-English dictionaries has established itself as a world leader, recommended for teachers, translators, and students. Backed up by the unique language databanks maintained and continuously expanded by Oxford University Press and the Dudenverlag (Germany's leading language reference publisher) for their celebrated monolingual dictionaries, every title in the range provides a more accurate, up-to-date, and complete picture of real language than has ever been possible before. The Oxford-Duden German Dictionary is the flagship dictionary of the line, in a major new edition. Here one will find unmatched coverage of German worldwide (including Swiss and Italian German), incorporating the spelling changes ratified in 1996. Now, for a limited time only, this outstanding dictionary will include the cutting-edge Text-to-Speech CD-ROM which will pronounce any word in German--FREE with purchase of the dictionary. Text-to-Speech (TTS) is a software application that translates words on the screen into spoken language. Just type your sentence in German, and the computer will read it back to you with perfect pronunciation. Cut and paste a letter from a friend and you can hear what your friend has to say. It will even recognize times and dates written in abbreviated form and will change intonation according to punctuation. This new software makes language come alive, providing a unique opportunity to practice pronunciation, as well as giving excellent guidance in pronouncing particularly difficult words. This innovative language technology is an ideal learning tool, and there is nothing else like it available in the marketplace. Acclaimed by language professionals the world over-and now packaged with the free pronunciation CD, the unabridged Oxford-Duden is the most comprehensive, accurate, and up-to-date dictionary of German and English.

A topic-based, illustrated dictionary for all ages.

A practical guide to translation as a profession, this book provides everything translators need to know, from digital equipment to translation techniques, dictionaries in over seventy languages, and sources of translation work. It is the premier sourcebook for all linguists, used by both beginners and veterans, and its predecessor, *The Translator's Handbook*, has been praised by some of the world's leading translators, such as Gregory Rabassa and Marina Orellana."

Over 30,000 words, clear and accessible meanings and age-appropriate example sentences, make this an ideal dictionary for homework help for children aged 8+. Each letter opens with a fun word fact such as at A: "almost" is the longest word with all the letters in alphabetical order, and it is illustrated throughout. Compiled using the Oxford Children's Corpus, it reflects children's vocabulary and delivers support and help where it's needed. The new supplement shows grammar and punctuation in action - making it easy to see how to write clearly and effectively as well as targeting the top words children most often misspell.

A comprehensive, flexible, and up-to-date vocabulary reference and teaching tool for English language learning. The Oxford Picture Dictionary and its components create a highly teachable programme that can be used as a complete, four-skills beginning course, or as a language development supplement and practical reference.
