"This book is fast, furious, compelling, and angry as hell." -- Seanan McGuire, New York Times bestselling author *The Boys* meets *My Year of Rest and Relaxation* in this smart, imaginative, and evocative novel of love, betrayal, revenge, and redemption, told with razor-sharp wit and affection, in which a young woman discovers the greatest superpower—for good or ill—is a properly executed spreadsheet. Anna does boring things for terrible people because even criminals need office help and she needs a job. Working for a monster lurking beneath the surface of the world isn't glamorous. But is it really worse than working for an oil conglomerate or an insurance company? In this economy? As a temp, she's just a cog in the machine. But when she finally gets a promising assignment, everything goes very wrong, and an encounter with the so-called "hero" leaves her badly injured. And, to her horror, compared to the other bodies strewn about, she's the lucky one. So, of course, then she gets laid off. With no money and no mobility, with only her anger and internet research acumen, she discovers her suffering at the hands of a hero is far from unique. When people start listening to the story that her data tells, she realizes she might not be as powerless as she thinks. Because the key to everything is data: knowing how to collate it, how to manipulate it, and how to weaponize it. By tallying up the human cost these caped forces of nature wreak upon the world, she discovers that the line between good and evil is mostly marketing. And with social media and viral videos, she can control that appearance. It's not too long before she's employed once more, this time by one of the worst villains on earth. As she becomes an increasingly valuable lieutenant, she might just save the world. A sharp, witty, modern debut, *Hench* explores the individual cost of justice through a fascinating mix of Millennial office politics, heroism measured through data science, body horror, and a profound misunderstanding of quantum mechanics.

From two-time Newbery Medalist Kate DiCamillo and two-time Caldecott Medalist Sophie Blackall comes a fantastical meditation on fate, love, and the power of words to spell the world. We shall all, in the end, be led to where we belong. We shall all, in the end, find our way home. In a time of war, a mysterious child appears at the monastery of the Order of the Chronicles of Sorrowing. Gentle Brother Edik finds the girl, Beatryce, curled in a stall, wracked with fever, coated in dirt and blood, and holding fast to the ear of Answelica the goat. As the monk nurses Beatryce to health, he uncovers her dangerous secret, one that imperils them all—for the king of the land seeks just such a girl, and Brother Edik, who penned the prophecy himself, knows why. And so it is that a girl with a head full of stories—powerful tales-within-the-tale of queens and kings, mermaids and wolves—ventures into a dark wood in search of the castle of one who wishes her dead. But Beatryce knows that, should she lose her way, those who love her—a wild-eyed monk, a man who had once been king, a boy with a terrible sword, and a goat with a head as hard as stone—will never give up searching for her, and to know this is to know everything. With its timeless themes, unforgettable cast, and magical medieval setting, Kate DiCamillo's lyrical tale, paired with resonant black-and-white illustrations by Caldecott Medalist Sophie Blackall, is a true collaboration between masters.

Super 8 meets Friday Night Lights in this smart and action-packed coming-of-age novel from the author of *The End Games*, T. Michael Martin. Benji's lived his whole life in the same sleepy midwestern town—the same town his father grew up in, and his grandfather. But he wants nothing more than to put his past in the rearview mirror as soon as he graduates high school. Benji yearns for a Moment—the Moment that will redeem and transform his ordinary life. The Moment that will propel him into a new, star-bright future. Then one night, the Moment happens: Benji and his tight group of friends—CR, Ellie, and Zeeko—accidentally shoot down a flying saucer in the local quarry. At Benji's urging, they decide to keep it a secret and solve its mysteries on their own. But as they face threats both earthly and alien, and old tensions among the friends surface, Benji begins to question whether this Moment is the miracle he's always dreamed of—or a curse that could destroy them all.

This book has Paper Panda's very distinctive stamp on it and begins with a design section which takes the reader through a very personal account of what inspires her, how she works, and how Paper Panda came about. The techniques involved in papercutting are fairly simple and easy to explain, and this is covered through step-by-step demos. There is a design section, taking readers through the design process itself and including numerous examples of Louise's papercut designs. Starting with the themes and subjects that inspire her, it explains how she creates finished artwork suitable for papercutting, followed by how to make the template itself, and how to use the papercut to make cards, framed pictures, and so on. The aim of this section will be not only to provide readers with an insight into Paper Panda's creative world, but also to inform and inspire people to design papercuts for themselves. There are 20 papercut projects in the book; five from Paper Panda herself and five each from three of Paper Panda's design colleagues (Sarah Trumbauer, Louise Dyer and Suzy Taylor - all accomplished papercutters with online presences). Each project will consist of a template, which will be reproduced full-size at the back of the book, and a finished paper cut, together with some step-by-step instructions. The designs will be simple enough for beginners, though attractive and interesting enough to inspire more advanced paper cutters. The projects themselves will include cards, decorations, and mounted and framed pictures to hang on the wall, all using a variety of colored and patterned papers to show off Paper Panda and friends' distinctive and beautiful designs to their best advantage.

A dazzlingly original memoir, *Paper Cuts* takes us inside the mind of a young Oxford academic devastated by severe mental illness. 'I have a small line of red dots on the back of my left hand, where the needle goes in. I have had hundreds of ketamine injections, more than anyone else, perhaps. The needle goes in, and the truth comes out. Sometimes I am a child again. Sometimes I have the innocence of a child, but I am not innocent. I know too much. I have known too much.' With *Paper Cuts*, Stephen Bernard boldly lives through the trauma of childhood abuse and mental illness. He writes to escape and confront, to accuse and explain. Each morning when he wakes, Stephen Bernard must reconstruct his self: every night he writes himself a letter to be read the next day. The fractured, intensely personal narrative of *Paper Cuts* follows a single day in his life as he navigates a course through the effects of mania, medication and memories. 'Beautifully written... Brilliant' Henry Marsh 'Distinguished and desolating... The saving grace is the writer's undaunted eye for the beauty of the world' Hilary Mantel 'Chilling, riveting, extraordinary, wonderful' Roddy Doyle 'It is an extraordinary book in its unblinking truthfulness' Hannah Jane Parkinson, Observer

Being back around everyone he used to know makes Adrien question the person he's become, while being back around Grace makes him feel like someone he doesn't want to be. For as much as Adrien wants to move on, someone seems determined to reopen old wounds. And when Adrien starts to suspect that Grace knows more about their parents' deaths than she let on, he realizes there are some wounds no amount of time can heal. "From the Pulitzer Prize-winning author of perhaps the most bestselling and beloved literary fiction of our time comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of *Cloud Cuckoo Land* are children trying to figure out the world around them, and to survive. In the besieged city of Constantinople in 1453, in a public library in Lakeport, Idaho, today, and on a spaceship bound for a distant exoplanet decades from now, an ancient text provides solace and the most profound human connection to characters in peril. They all learn the story of Aethon, who longs to be turned into a bird so that he can fly to the paradise of Cloud Cuckoo Land, a better world. Twelve-year-old Anna lives in a convent where women toil all day embroidering the robes of priests. She learns to read from an old Greek tutor she encounters on her errands in the city. In an abandoned priory, she finds a stash of old books. One is Aethon's story, which she reads to her sister as the walls of Constantinople are bombarded by armies of Saracens. Anna escapes, carrying only a small sack with bread, salt fish-and the book. Outside the city walls, Anna meets Omeir, a village boy who was conscripted, along with his beloved pair of oxen, to fight in the Sultan's conquest. His oxen have died; he has deserted. In Lakeport, Idaho, in 2020, Seymour, a young activist bent on saving the earth, sits in the public library with two homemade bombs in pressure cookers-another siege. Upstairs, eighty-five-year old Zeno, a former prisoner-of-war, and an amateur translator, rehearses five children in a play adaptation of Aethon's adventures. On an interstellar ark called *The Argos*, Konstance is alone in a vault with sacks of Nourish powder and access to all the information in the world-or so she is told. She knows Aethon's story through her father, who has sequestered her to protect her. Konstance, encased on a spaceship decades from now, has never lived on our beloved Earth. Alone in a vault with sacks of Nourish powder and access to "all the information in the world," she knows Aethon's story through her father. Like Marie-Laure and Werner in *All the Light We Cannot See*, Konstance, Anna, Omeir, Seymour, the young Zeno, the children in the library are dreamers and misfits on the cusp of adulthood in a world the grown-ups have broken. They through their own resilience and resourcefulness, and through story. Dedicated to "the librarians then, now, and in the years to come," Anthony Doerr's *Cloud Cuckoo Land* is about the power of story and the astonishing survival of the physical book when for thousands of years they were so rare and so feared, dying, as one character says, "in fires or floods or in the mouths of worms or at the whims of tyrants." It is a hauntingly beautiful and redemptive novel about stewardship-of the book, of the Earth, of the human heart"--

I became good friends with Krist Novoselic and Kurt Cobain in the late 1980's. Nirvana became one of my favorite bands if not favorite band from the time I first saw them at the Community world theater. This book goes into the details of my relationship with Kurt and Krist and the band over a period of about 6 1/2 years. I made it short and to the points not trying to draw out to many details because it has been 29-30 years. I stayed with only what I could remember clearly as facts. I wrote this between 2010 and 2018. Thank you for everyone who has supported me through sharing my stories.

Hate is a strong word. Depending on the company, loathe is a good substitute. Abhor might be a little fancy, but it gets the job done. But the word that really sums up how I feel about Liam Darcy is, without question, hate. He doesn't seem to think much of me either. The second he lays his fault-seeking eyes on me, he sets out to oppose me. Everything about him is imposing, as if he consumes the nearby air to power the rise and fall of his broad chest, and it's clear he resents my presence on his advertising team. Every idea I have is shot down. Every olive branch I offer is set on fire by nothing more than the blistering coals he calls eyes. In return, I light him up with my words. It's not as if he can dismiss me, since I work for his client, Wasted Words. Instead, he's forced to tolerate me, which seems the closest we'll ever be to friends. Fine by me. I can be civil and still hate Liam Darcy. But if there's more to him than his exterior shows, I won't be able to hate him at all. I might stumble over that line between love and hate and fall right into his arms.
