Part of a series of exciting and luxurious Flame Tree Notebooks. Combining high-quality production with magnificent fine art, the covers are printed on foil in five colours, embossed, then foil stamped. And they're powerfully practical: a pocket at the back for receipts and scraps, two bookmarks and a solid magnetic side flap. These are perfect for personal use and make a dazzling gift. This example features a Classic Book Cover. Book covers functioned solely as protective devices for hundreds of years, keeping the luxurious handmade pages from harm, while providing a decorative testimonial to the prestige of the book. But in the 1820s, thanks to the invention of steam-powered presses, books became cheaper to produce and increasingly they were designed to communicate the contents and to be seen face-up on a table instead of spine-out on a shelf.

A deluxe special edition of the ancient classic written by the Roman Emperor known as "The Philosopher" Meditations is a series of personal journals written by Marcus Aurelius, Emperor of Rome from 169 to 180 AD. The last of the "Five Good Emperors," he was the most powerful and influential man in the Western world at the time. Marcus was one of the leaders of Stoicism, a philosophy of personal ethics which

sought resilience and virtue through personal action and responsibility. Stoicism, viewed as a foundation of modern self-help, has inspired many personal development and psychotherapy approaches through to the present day. Meditations is perhaps the most important source of our modern understanding of Stoic philosophy. Its twelve books chronicle different stages of Marcus Aurelius' life and ideas. Although he ruled during the Pax Romana, the age of relative peace and stability throughout the empire, his reign was marked by near-constant military conflict and a devastating plague which killed upwards of five million people. Aurelius' writings give modern readers an unprecedented look into the "spiritual exercises" which helped him through his tumultuous life and strengthened his patience, empathy, generosity, self-knowledge and emotional health. The private reflections recorded in the Meditations were never meant to be published, rather they were a source for Marcus' own guidance and self-improvement, and jotted down by campfires or in military tents on the Roman front. The lessons, insights and perspectives contained within this remarkable work are just as relevant today as they were two millennia ago. This volume: Presents the timeless wisdom of Emperor Marcus Aurelius and his Stoic philosophy, with new research on his life and times Contains valuable insights on topics such as resilience, moderation and emotional control Discusses how to live "in agreement with nature" and abide by strong ethical principles Part of the bestselling Capstone Classics Series edited by Tom Butler-Bowdon, this attractive, high-quality hardcover volume includes: An original Introduction by Marcus Aurelius authority and Stoicism expert Donald Robertson, author of How To Think Like A Roman Emperor. A modernised, up to date version of the classic George Long translation. Meditations: The Philosophy Classic is a volume which will occupy a prominent place in any library

Everybody wants to think of a great idea that will make them rich. A good indication that you have a great idea is that someone copies it but, by then it can be too late.

This is too bad as a lot of the knowhow to protect your ideas is free but buried in a mass of detail and exceptions which most people put in the "too hard" basket. Some IP protection you must pay for, such as trademarks but it is well worth it, provided it is done properly. Intellectual Property ("IP") has been described by the Financial Times as one of the key drivers of business competitiveness in the 21st century. Therefore, a clear understanding is essential not only for creative people or entrepreneurs but for anyone who wants to succeed in business and not have their ideas stolen. It does not even need to be your idea. Using IP law you can cheaply gain ownership of other people's ideas and then use your business skills to make a killing. By focusing on the IP legal advice that his small to medium sized business clients have been willing to pay for, Paul Brennan has written a book which will enable you to say "that's my IP" and at least sound as if you know what your talking about which can be the cheapest and most powerful of weapons available to you.
