

Par William Marrion Branham Eglisedabidjan

BOOK ONE: THE BOY AND HIS DEPRIVATION (1909-1932) William Branham is one of the greatest healing evangelists in Church history. From the minute he was born, William Branham was set apart from the ordinary. Plagued by poverty and rejection, he became a nervous child. Unusual things kept happening to him, mystifying and spiritual things...but he did not start thinking about God until he was 14, when he nearly lost both legs in a shotgun accident. As he lay dying in a pool of blood, he saw a terrifying vision of hell - saw himself falling constantly deeper into that region of lost and drifting souls. He cried out to God for mercy and miraculously was given a second chance - a chance which later he almost failed to grasp. [Click Here To Purchase..](#)

BOOK TWO: THE YOUNG MAN AND HIS DESPERATION (1933-1946) As a young pastor, William Branham struggled to understand his peculiar life. Why was he the only minister in town who saw visions? When God first called him into nation-wide evangelism in 1936, he refused, only to pay dearly for his mistake by losing his wife and daughter to tuberculosis. The visions continued. Ministers told him that these visions came from Satan. Desperation finally drove him to seek a supernatural being. The angel gave him a commission from God to take a gift of Divine healing to the peoples of the world. When William Branham questioned whether the people would believe an angel had really met him, the angel said he would be given two supernatural signs to prove his calling. Then they would have to believe. And believer they did!

BOOK THREE: THE MAN AND HIS COMMISSION (1946-1950) Soon after the angel visited William Branham and told him he was ordained to take a gift of healing to the peoples of the world, the first sign appeared - a physical reaction in his hand that happened only when he touched the hand of someone suffering from a germ-caused disease. Within two months of his commission, William Branham's extraordinary gift had gained national attention. People by the thousands flocked to his meetings, where he preached salvation and Diving healing in the Name of Jesus Christ. Miracles abounded. The world had not seen anything like it since the days when Jesus walked through Galilee, casting out demons and healing all who were sick and afflicted. Even so, some people still questioned whether an angel had really met this humble man. Then the second sign appeared...and they had to believe!

The subject of this book is William Branham, he was one of the key leaders in the healing revival movement. The young reader will be inspired to live for God and obey Him no matter what the cost may be.

An anthology celebrating twenty-five years of the Carolina African American Writers' Collective edited by founder Lenard D. Moore. The Reverend Clarence Larkin was one of the most widely influential pop theologians of the early twentieth century: his works are the source of many of the "prophecies" and "truths" end-times Christians hold to even today. This stupendous 1918 book-perhaps his greatest work-is the result of more than 30 years' worth of, the author informs us, "careful and patient study of the Prophetic Scriptures." Fully illustrated by charts describing God's plan for humanity, Dispensational Truth covers: Pre-Millennialism the Second Coming of Christ the present evil world the Satanic trinity the world's seven great crises prophetic chronology the threefold nature of man the Book of Revelation five fingers pointing to Christ the False Prophet and much more. American Baptist pastor and author CLARENCE LARKIN (1850-1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological matters.

BOOK FOUR: THE EVANGELIST AND HIS ACCLAMATION (1951-1954) William Branham is a paradox in modern history. Beginning in 1946 his ministry leaped from obscurity to gain national attention in less than six months, and in the process it sparked a worldwide faith-healing revival. He accomplished this feat with the help of a unique gift - a supernatural sign that startled people into taking notice. Soon Christians around the world were noticing. Between 1951 and 1954, William Branham conducted the largest Christian meetings in history up to that time - around 300,000 people at one meeting in Bombay, India. The demand for his services in American and abroad seemed insatiable. But William Branham wasn't satisfied. Something seemed wrong. For a long time he didn't know what it was, but by the end of 1954 he knew. His ministry would have to change.

BOOK FIVE: THE TEACHER AND HIS REJECTION (1955-1960) William Branham's international ministry had three main stages. First, he discerned diseases through a supernatural sign in his hand. Later, visions allowed him to discern sickness and more. Between 1946 and 1954, over 500,000 people accepted Jesus Christ as their Savior because of his preaching - and there was no way to estimate how many millions received healing because of his prayers. Discerning that the people were not accepting the spiritual depths and heights that God's Word and Spirit was offering unto them, William Branham felt the Spirit of God was calling him to do more. He knew that people came to his meetings for many reasons. Some people came because they believed the Spirit of Jesus Christ was present. Others came for the novelty and excitement of it, just as when people flocked to see Jesus healing the sick and multiplying wine, bread, and fish. But, it was the teachings of Jesus that changed the history of the world. William Branham felt that God was calling him to teach more during his faith-healing campaigns. He believed his ministry could make a lasting, beneficial contribution to the Christian church. Starting in 1955, he not only taught Divine healing, but he also taught other aspects of God's Word. God gave him a vision of a new stage to his ministry - a "third pull" (to use the angel's words) - which would surpass everything God had done through him in the past. Inevitably, he offended some people.

Roberts Liardon chronicles the lives and legacies of men and women who were empowered by the Holy Spirit to bring worldwide revivals.

Within Pentecostal and Charismatic circles William Branham appeared a man with the combined prophetic status and prowess of Moses, Elijah and John the Baptist. His ministry of healing spearheaded the Healing Revival of the '40s and '50s. The miraculous which was said to attend his meetings dwarfed even the biblical accounts of Jesus' ministry. Appearances of pillars of fire, Christ, the Holy Spirit, angels, clouds and other phenomena were stated to accompany his meetings. Discernments of illnesses and personal information of his patients, staggered the minds of many. His name is found in many religious encyclopedia and in countless Internet Websites, pro and con. Legend of the Fall examines Wm. Branham's life and ministry from the position of an insider. Peter M. Duyzer's evaluation of Wm. Branham's life and his message challenges the status quo of Wm. Branham as a man sent from God. Duyzer holds a Master's degree (MACS) in Modern Apologetics from Northwest Baptist Seminary at Trinity Western University, in Langley, BC, Canada.

Newly released and enhanced Volume Four, Maria Woodworth-Etter now includes an updated study section with cross curricular themes,

suitable for home schooling groups This very popular book takes a look at the story of Maria Woodworth Etter. She had a very tough childhood and, as she grew older, life wasn't always easy. It was only when she turned to God that she found a peace that would not go away. As she obeyed God, many people were saved and healed. She also experienced strange trances and heard God speaking to her, but the world could not understand her. Newspapers accused her of making people go crazy, and she was often threatened by hooligans. Through all of this, she kept on following God, even though she never knew that growing older, life wasn't always easy. It was only though, that God would always be with her. As you read about Maria, you will see how God can use you, too, as you learn to obey Him. If she were here today, she would say to you, "Learn about God and salvation through His Son, Jesus Christ. Pray and ask the Lord to lead your life, and then listen carefully, for you, too, may be called to be a trailblazer for God.

Karlheinz Deschner (1924-2014) was a German scholar. He spent the first sixty years of his life investigating the history of the Catholic Church before starting the ten volumes of his maximum opus, *Kriminalgeschichte des Christentums* (Christianity's Criminal History), which ended at ninety. White nationalists are pretty knowledgeable of the Jewish problem. But very few are aware that Jewish subversion is an epiphenomenon of a religion of Semitic origin: Christianity. Who among the white nationalists-or what more recently is known as the Alt-Right-knows the real history of Christianity? Who is aware that Christian fanatics literally destroyed the Greco-Roman world? The present book is an abridged translation of some chapters of the first three volumes of Deschner's *Christianity's Criminal History*.

BOOK SIX: THE PROPHET AND HIS REVELATION (1960-1965)When the first two stages of William Branham's ministry had been well established, the question persisted: what was the third stage to be? Following the leading of God, William Branham set about in the final five years of his life to deliver a series of sermons that would carry the church into a deeper understanding of the mysteries of the scripture that have been hidden since time began. What do the mysterious symbols in the book of Revelation mean? What is the "mystery of God" spoken of in the New Testament? These are things that have been probed at, speculated on, and debated in the institutions of Christianity for two thousand years. But what happens when God Himself undertakes to reveal the answers? It has happened, and the wonderful story is here for you to read.

Since the beginning of times man always had a deep longing to know the future. As God forbids fortune telling, he nevertheless sends prophets to prepare his people. One of the prophets in the twentieth century was a Pentecostal Pastor called William Branham. In 1933 he received seven prophetic visions on end time events. In the fourth vision he saw cars running automatically on American highways. Cars had no steering wheel and the front passengers were turned backwards playing some kind of game. The roof was completely transparent and cars were egg shaped. This prophecy is now in the process of being fulfilled. In 1997 a dozen of cars moved automatically on a Californian highway. The technology is now present to help establish these highways. Science will soon accomplish what God foretold. This book explains scientifically how and when science will fulfill this prophecy in the twenty first century. For more information contact Edwin Standley: Edwin.Standley@gmail.com Leonidas Muganda and Edwin Standley are Pastor and Engineer in Electronics respectively. They met for the first time at Hull University in England during their studies. Leonidas is married to Francoise and has three sons. He lives in Leicester and is a leader in his church. He has a passion for the word of God that he knows from Genesis to Revelation. Edwin lives in France, and is interested in science and especially automated cars. He read about the ministry and prophecies of a Pastor called William Branham. Leonidas and Edwin decided it was time to write a book explaining how the establishment of automated highways will fulfill what William Branham predicted in his prophecies a long time ago.

Paradoxically, as 1954 came to an end William Branham was not satisfied. He thought his supernatural gift should have revolutionized the Christian world, broken down denominational barriers, and brought all Christians together in oneness of spirit, purpose and doctrine. It had not. He decided the reason for this failure was because many Christians did not understand the God they were trying to worship. To remedy this problem, Bill felt led to teach more doctrine in his evangelistic campaigns, explaining the fundamentals of the Christian faith. This decision produced some unexpected results. During 1955, attendance at his faith-healing campaigns declined sharply. Evidently, people welcomed miracles as long as they didn't have to change their own ideas. Some people felt he should concentrate on divine healing and leave the teaching to the pastors, or teachers who had more education.
