

## **Onondaga County Sheriff Since 1794 Book By Turner Publishing Compan**

The Onondaga County Sheriff's Office was formed on March 5, 1794. At that time, its jurisdiction covered what had previously been known as the Military Tract, a 1.75 million-acre stretch of land made available as bounty to soldiers of the Continental army during the Revolutionary War. Since then, the episodes that sketched the history of Onondaga County and Central New York have painted an exciting historical portrait of the sheriff's office and the role it has played in the development of its communities. Intriguing theaters of the office's history include promoting peace with the Haudenosaunee (Iroquois) Confederacy, maintaining jails, conducting early legal hangings, suppressing insurrections, policing the storied Erie Canal, and keeping pace of the ever-changing trends in crime, technology, and strategy.

History of Cayuga County, New York. With illustrations and biographical sketches of some of its prominent men and pioneers.

Around Marcellus recounts the rich history of a community founded by strong and determined settlers. Marcellus and its neighbors Otisco and Marietta are located just

Part III-American Period: Constitutional History, The Courts of Last Resort, The Supreme Court, The Court of Chancery. Part IV: Judicial Distracts and Associations of the Bar, Law Libraries and Law Schools. 59 illustrations.

The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half-century. In nearly 2,000 pages and 4,000 signed entries, this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas, as a cradle of abolitionism and feminism, and as an apex of modern urban, suburban, and rural life. The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history. Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world, but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi; New York is the only state to border both the Great Lakes and the Atlantic Ocean; the Erie Canal opened New York City to rich farmland upstate . . . and to the west. Entries by experts chronicle New York's varied areas, politics, and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads, weaving the state's diverse regions and peoples into one idea of New York State. Lavishly illustrated with 500 photographs and figures, 120 maps, and

140 tables, the Encyclopedia is key to understanding the state's past, present, and future. It is a crucial reference for students, teachers, historians, and business people, for New Yorkers of all persuasions, and for anyone interested in finding out more about New York State.

Some vols. include supplemental journals of "such proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of the House."

A biographical narrative based on the autobiography, letters and diaries of Joseph Owen Seely.
