The penny stock market is one of the most misunderstood markets in the world. So many people enter this market with little knowledge but the skill, trading ability, and other things that are required to be successful. Everyone wants to have heard of someone who made thousands of dollars in pennies, and naturally, they want to do that too. The fact of the matter is that pennies are not made in a matter of minutes, which is what the majority of these classes to help you, and it doesn't take a ton of money to get started. I can tell you from experience that when you make your first profitable trade, there's no better feeling in the world, but I must warn you that the real profit is not in the penny stock market it's not how you get the rich quick scheme. These false beliefs are the primary reason that so many people fail. The key to consistent profit in pennies is not how you make the market for that matter it's to extract the maximum profit from the medium size and compound your profits.

Penny stocks are great stocks to trade for the right trader as there are many advantages. A great advantage to trading penny stocks is that they create a great starting point for beginning traders as they have a lower entry of capital. This helps reduce your total monetary risk in the stock market as you learn the art of trading. It allows you to practice, execute trades, and watch the markets with a lower dollar amount invested. One of the other major advantages is that many people who trade penny stocks are often retail traders - it is not the professionals. This means if you have a read a few books, build up a set of skills, and practiced you will often have an edge over the average trader. Even though there are more retail traders than hedge fund managers trading penny stocks, this doesn't mean it is easy. You still have to learn the fundamentals of trading, chart basics, and learn how penny stocks move and behave because they move differently than the Blue Chip companies. If you learn to spot these little signals, have the right mindsets, understand the behavior, and natural tendencies of penny stocks then your trading decisions will be more favorable and you will be more confident. That is what this book focuses on teaching you. This book focuses on training your visual senses so that you can learn to spot the subtle signals as well as entry and exit opportunities when trading penny stocks. By looking at hundreds of charts you will notice a pattern and improve your visual senses. This book focuses on trading penny stocks to the long and short side. Use books in the series for samples with other types of charts that will allow you to continue your education. The more charts that you look at the easier it gets!
