Winner of the Pulitzer Prize for Drama and winner of the New York Drama Critics Circle Award for Best Play, this modern American classic is about family, and the legacy of slavery in America. August Wilson has already given the American theater such spell-binding plays about the black experience in 20th-century America as *Ma Rainey's Black Bottom*, *Joe Turner's Come and Gone*, and the Pulitzer Prize-winning *Fences*. In his second Pulitzer Prize-winner, *The Piano Lesson*, Wilson has fashioned perhaps his most haunting and dramatic work. At the heart of the play stands the ornately carved upright piano which, as the Charles family's prized, hard-won possession, has been gathering dust in the parlor of Berniece Charles's Pittsburgh home. When Boy Willie, Berniece's exuberant brother, bursts into her life with his dream of buying the same Mississippi land that his family had worked as slaves, he plans to sell their antique piano for the hard cash he needs to stake his future. But Berniece refuses to sell, clinging to the piano as a reminder of the history that is their family legacy. This dilemma is the real "piano lesson," reminding us that blacks

are often deprived both of the symbols of their past and of opportunity in the present.

100 Different Ways to play the same song. Piano students learn 100 fun left hand patterns to take any music and change it up 100 different ways. Also included in the book is the FUN FAKEBOOK which includes 100 piano pieces in facebook format where the melody (Right Hand - treble clef) and the given chords for each measure are shown. The students can then fake or make up a left hand pattern to go along with the melody.

How to Play the PianoThe Experiment

Play Piano by Letters is a method of learning featuring unique color-coded illustrations of sheet music. Play Piano by Letters translates musical notation by replacing note symbols with letters. Someone with very little music reading ability could figure it out pretty quickly. This book contains 200 Pop Songs (Intro & Main Riffs) in piano tablature; a color coded, easy interpretation of piano music that requires little training. The piano tabs display right and left-hand fingering numbers with red and blue note letters. The Play Piano by Letters book is perfect for the visual learner. Play Piano by Letters is an interesting and fun way for musicians to play well-known songs on the piano. The most remarkable feature about this method is that it modifies standard sheet music and uses letters instead of note symbols, so those who want to play the piano can learn in a much easier and more visual way. If you're a visual learner, intimidated with the complexities of reading standard piano sheet music, and want an additional tool to learn a song the Play Piano by Letters book is for you.
