Get off the diet roller coaster and empower yourself to change your relationship with food. Julieanna Hever, also known as the Plant-Based Dietitian, has helped thousands of people lose weight and achieve optimal health by following a plant-based diet. In *The Choose You Now Diet*, Julieanna condenses the experience she has accumulated over 15 years into 10 easy-to-follow tenets for lasting weight loss and health gains. Instead of counting calories, her joyful approach to eating embraces the health benefits of a whole-food, plant-based diet: one that's focused on vegetables, fruits, whole grains, legumes, mushrooms, nuts, seeds, herbs, and spices. Her low-sugar, plant-based method combined with strategic time-restricted eating and mindfulness techniques has a proven record of success. As Julieanna likes to say, "Results are typical." Supported by 75 delicious, plant-based recipes, *The Choose You Now Diet* provides the information and motivation you need to drop your extra pounds-and change your relationship with food for good. "A book for our times written by a teacher and dietitian for our times. Choose to read this book now, and you will choose healthy and delicious eating for a lifetime."-Michael Klaper, MD, author of *Vegan Nutrition: Pure and Simple*

A guide that cuts through the haze of misinformation and delivers an insightful message to anyone living with or at risk from the following: cancer, diabetes, heart disease, obesity, Alzheimer's disease and /or osteoporosis. Dr Campbell illuminates the connection between nutrition and these often fatal diseases and reveals the natural human diet. He also examines the source of nutritional confusion produced by powerful lobbies, government entities and opportunist scientists. Part medical thriller, part governmental exposé.

You will be able to discover why we are sick and what we can do as a species to reverse these conditions and to live a disease-free life. you've only got one body, take action now and get this book for only £6.50

Power Vegan is a guide to finding the foods that will truly power our daily lives and explains the reasoning behind how eating a more plant-based diet will achieve this aim. Whether readers want to eat better, get fit, or train like an athlete, Power Vegan contains the personalized, balanced approach to a healthier lifestyle. The idea behind power eating is not a fad diet. It's about incorporating foods into your life that you like, make you feel good, are easy to prepare, and are not too expensive. The book is filled not only with tips, but easy 30-minutes-or-less recipes for breakfast, lunch, dinner, desserts, and snacks. Whether the goal is gaining energy, building muscle, or simply feeling and functioning better, Power Vegan will provide the tools to get healthy and avoid all-too-common pitfalls. Power eating is not about being tied to the gym or the kitchen, but rather about fitting in the health concepts everyone needs while ditching the rest of the diet and exercise "noise" that people are bombarded with every day.

A Goop Book Club Pick A new twist on keto: The fat-burning power of ketogenic eating meets the clean green benefits of a plant-centric plate The keto craze is just getting warmed up. The

Read PDF Plant Based Nutrition 2e Idiots Guides

ketogenic diet kick-starts your body's metabolism so it burns fat, instead of sugar, as its primary fuel. But most ketogenic plans are meat- and dairy-heavy, creating a host of other problems, especially for those who prefer plants at the center of the plate. Dr. Will Cole comes to the rescue with Ketotarian, which has all the fat-burning benefits without the antibiotics and hormones that are packed into most keto diets. First developed for individuals suffering from seizures, keto diets have been shown to reduce inflammation and lower the risk of many chronic health problems including Alzheimer's and some cancers. Adding a plant-based twist, Ketotarian includes more than 75 recipes that are vegetarian, vegan, or pescatarian, offering a range of delicious and healthy choices for achieving weight loss, renewed health, robust energy, and better brain function. Packed with expert tips, tricks, and advice for going--and staying--Ketotarian, including managing macronutrients, balancing electrolytes, and finding your carb sweet spot, this best-of-both-worlds program is a game-changer for anyone who wants to tame inflammation and achieve peak physical and mental performance. Let the Ketotarian revolution begin!

New York Times bestselling author and CEO of 22 Days Nutrition, Marco Borges introduces one of the most inclusive, practical, and revolutionary plant-based lifestyle plans - The Greenprint. By following its 22 proven effective guidelines, you will shift your mindset, improve your health, lose weight, and impact the planet for the better. Accessible and easy-to-follow, The Greenprint is a movement to embrace your absolute best and healthiest life. Through his more than two decades of experience working with clients, including some of the world's biggest celebrities, and spearheading exercise and nutrition research, Borges developed the groundbreaking "22 Laws of Plants," which he's determined are the most important plant-

Read PDF Plant Based Nutrition 2e Idiots Guides

based diet, exercise, and lifestyle secrets for losing weight, increasing energy, boosting metabolism, and reducing inflammation, not to mention helping minimize your carbon imprint to help the planet. The Greenprint outlines three simple, step-by-step plans to implement the 22 Laws into your life, depending on where you are on your journey. Whether you are ready for a gradual shift or excited to tackle them all full-on, in just weeks you will be on your way to a healthier, cleaner approach to eating that includes plenty of whole grains, bountiful veggies, legumes, nuts and more. You'll also find meal plans, more than 60 delicious recipes, countless tips, and inspirational stories to help you along the way. Take control of your diet, create your own Greenprint and forever alter your weight, your health and the planet.

Get healthy, lose weight, and feel great on a plant-based diet The benefits of a plant-based diet have been publicized far and wide, and you can no longer deny it—you're fully ready to experience the health benefits of this lifestyle. *Plant-Based Diet For Dummies* has been created to help even the most stubborn carnivores adapt to and even learn to find joy in a plant-based diet. Besides providing useful tips, delicious recipes, and meal ideas, this lively resource discusses all you have to gain from adopting healthier eating habits, including a decreased risk for cancer, a lower risk of heart disease and stroke, a lower cholesterol count and blood pressure, and a lower risk, and prevention, of diabetes. A meat-free lifestyle has many benefits for your body, and author Marni Wasserman takes you on a journey of discovery into the exciting world of fruits, vegetables, and other nutrient-rich foods. A plant-based diet, while similar to vegetarian and vegan diets, is different in that it allows an individual to experience the benefits of vegetarianism without focusing on the politics of a meat-free lifestyle. This book takes the mystery out of adopting better food habits and making better meal choices. It shows

Read PDF Plant Based Nutrition 2e Idiots Guides

you how to stock your kitchen, cook fantastic meals, and discover the wealth of delicious ingredients at your fingertips. Discusses how to improve energy, lower cholesterol, and protect the body's cells, all through better diet options Includes more than 40 mouthwatering recipes and sample menu plans Gives specific advice and instructions for athletes, those battling illnesses, expectant parents, seniors, and children Covers which plant foods are good sources of fat, protein, complex carbohydrates, and fiber Get healthy, lose weight, and feel great on a plant-based diet.

Benefit from the Mediterranean diet For decades, doctors and nutritional experts have observed—and confirmed—that people in Mediterranean countries have much lower occurrences in vascular disease, obesity, cancer, and diabetes than their counterparts in northern European countries and the United States. Now, *Mediterranean Diet Cookbook For Dummies* shows you how to cook meals inspired by the cuisines of Italy, Greece, Spain, and southern France so you too can live a healthier life free of excess weight and disease. The Mediterranean diet—ranked #2 in Best Diets overall, it is high in vegetables, fruits, olive oil, and whole grains, and moderate in protein and animal fats—has proven to be beneficial in reducing the risk for diabetes, heart disease, and stroke. Now, a new study shows it may also be good for the brain. The Mediterranean diet isn't just a fad or a quick fix—it's a healthy lifestyle choice that's here to stay! Create more than 150 tasty recipes Get expert tips on meal planning and exercise regimes Prevent and fight diseases by eating delicious food Find delicious alternatives to unhealthy ingredients Whether you're just discovering the Mediterranean diet or are looking for some new recipes to add to your repertoire, this updated, hands-on guide offering the latest research has everything you need to start living a healthier life.

The only keto diet cookbook you'll ever need to lose weight and improve your health! Finding delicious recipes that are keto-friendly isn't always easy, but *The Deliciously Keto Cookbook* can help you accomplish your weight loss and health goals with over 150 recipes and variations. No longer will you need to guess whether what you're eating will keep you in a state of ketosis. Every recipe in this book is low-carb and follows the correct ratios for carbs, fat, and protein. You'll learn how to transition to a keto diet, how to safely reach a state of ketosis, and how to stay there so you can maximize the benefits of this revolutionary diet. Here's what you'll find in *The Deliciously Keto Cookbook*: Over 150 mouth-watering, low-carb recipes and variations for breakfasts, snacks, soups and stews, salads, appetizers, mains, and desserts, and all follow the correct ratios for carbs, fat, and protein. Detailed nutrition information and macros for every recipe, with beautiful photography throughout. Simple, straightforward explanations of what the keto diet is, how it works, and how eating the right ratio of fat, carbs, and protein can help you reach ketosis, improve your health, and help you lose weight. In the world of low-carb, there is no shortage of keto recipes, but you need something a little bit more sustainable when the pantry and fridge are just steps away, beckoning you. A low-carb cookbook with hundreds of recipes...say hello to options! Not only do all 330 of these taste-tempting recipes use common ingredients that you can get your hands on, but they also include a range of carbohydrates, so you can definitely find something that works for you. You'll even get to dip into that chocolate stash without the risk of loading on pounds. Every recipe highlights total carbs, total fiber, and total protein, with most meals falling somewhere between 5 and 45 grams of carbs. The low-glycemic load and moderately low carb count makes eating healthy easy and satisfying. There are even many vegetarian and vegan

Vegan for Her, a blueprint for optimal health and wellness at any age, will show you how to: lower your risk for breast cancer and heart disease; manage conditions like arthritis and migraines; diminish PMs and cramps; build strong bones for life; enhance fertility; make an easy transition to a vegan diet; and incorporate principles of both fashion and compassion into

your home and wardrobe.

An evidence-based, practical resource that explores the many benefits of a plant-based diet and provides parents with the tools they need to feed their families for health and with joy. While nearly all parents agree that a nutritious diet is important for children to thrive, most feel that their children are not eating a healthy diet. This is not surprising, given the demands of busy families and confusing, conflicting research about what diet is really best for health. Nourish offers the solution parents have been waiting for when it comes to deciding what and how to feed their families. Authors Reshma Shah, MD, a plant-based pediatrician and affiliate clinical instructor at Stanford University School of Medicine, and Brenda Davis, RD, a world-renowned expert and pioneer in plant-based nutrition, will empower parents to become the experts of nourishing their families. Parents will learn: How a diet centered around plants can optimize health, prevent chronic disease, care for our planet, and be an act of radical compassion. Nutrition specifics for all the stages of childhood—from pregnancy and breastfeeding all the way through adolescence. Tips, strategies, and mouthwatering recipes to bring all of this information to their dinner tables as they transition to plant-based eating. An essential resource for your health?if we are what we eat, let's make every (delicious) bite count! This cookbook will no doubt transform your kitchen, bringing new plant-based, whole food ideas to the table and offering easy yet healthy recipe solutions for everything from celebratory meals to rushed weeknight dinners. Ashley Madden is a pharmacist turned plant-based chef, certified holistic nutritional consultant, and devoted health foodie. A diagnosis of multiple sclerosis changed her whole life and approach to food, eventually shaping a new food philosophy and inspiring this book. The Plant-Based Cookbook is especially helpful for those

with dietary requirements or food allergies as all recipes are vegan, dairy-free, gluten-free, and oil-free without compromising on taste or relying on packaged and processed ingredients. All-natural recipes include: One-pot creamy pasta Vibrant nourish bowls Decadent no-bake cinnamon rolls A show-stopping cheese ball Life-changing carrot cake And so much more! Whether you consider yourself an amateur home cook or a Michelin Star chef, this collection of recipes will inspire you to turn whole foods into magical, mouthwatering meals and give you confidence to prepare plants in creative and health-supportive ways.

By showing that kitchen skill, and not budget, is the key to great food, *Good and Cheap* will help you eat well—really well—on the strictest of budgets. Created for people who have to watch every dollar—but particularly those living on the U.S. food stamp allotment of \$4.00 a day—*Good and Cheap* is a cookbook filled with delicious, healthful recipes backed by ideas that will make everyone who uses it a better cook. From Spicy Pulled Pork to Barley Risotto with Peas, and from Chorizo and White Bean Ragù to Vegetable Jambalaya, the more than 100 recipes maximize every ingredient and teach economical cooking methods. There are recipes for breakfasts, soups and salads, lunches, snacks, big batch meals—and even desserts, like crispy, gooey Caramelized Bananas. Plus there are tips on shopping smartly and the minimal equipment needed to cook successfully. And when you buy one, we give one! With every copy of *Good and Cheap* purchased, the publisher will donate a free copy to a person or family in need. Donated books will be distributed through food charities, nonprofits, and other organizations. You can feel proud that your purchase of this book supports the people who need it most, giving them the tools to make healthy and delicious food. An IACP Cookbook Awards Winner.

Whether you're vegan, vegetarian, or omnivore, getting your nutrition from plant-based foods is one of the best things you can do for your health-and it's easier than you might think! The science confirms that a diet rich in whole, plant-based foods can help your body thrive. In fact, a growing number of physicians advocate a completely plant-based diet for many of their patients who suffer from diabetes, heart disease, and cancer. In this all new edition, leading plant-based dietician, Julieanna Hever, and Ray Cronise, the mastermind behind magician Penn Jillette's 100-pound weight loss transformation, team up to give you everything you need to know about following a plant-based diet, including: A wealth of information on the most nutrient-dense foods in the plant kingdom A new Food Triangle, representing a completely new way of looking at food and nutrition New perspectives on macronutrients, and why categorizing protein, carbs, and fats as food groups causes unnecessary confusion about what to eat The latest science on oxidative priority and how it explains why many common recipes drive unintentional weight gain Healthspan and longevity recommendations based on the latest research All new recipes from celebrity chefs: Matthew Kenney, Dreena Burton, Jazzy Vegetarian, Kathy Patalsky, Robin Robertson, Fran Costigan, Jason Wyrick, and Matt Frazier Sample menus to get you started on a plant-based lifestyle Tips for stocking your kitchen, boosting the nutritional content of your favorite dishes, and dining out healthfully Restore your pH balance and live a healthier life Our caveman ancestors followed a diet full of fresh fruits and vegetables, nuts, and legumes, but with time and the advent of agriculture, our diets changed drastically to include grains, dairy products, salt, and large quantities of meat. These new foods altered the

level of acid in our diets, disrupting our ideal pH balance and increasing the loss of essential minerals, making us more prone to illness. This easy-to-follow guide shows you how a simple change in diet to restore your body's crucial pH balance can help you lose weight, combat aging, and keep you healthy! Acid Alkaline Diet For Dummies covers the gamut of this healthy lifestyle choice, from the symptoms of a high acid diet to the food you should have on hand to implement an acid alkaline diet—and everything in between. Covers food to avoid and food with a high alkaline quality Discusses how to lose weight with the acid alkaline diet Offers trusted guidance on how the acid alkaline diet can prevent illnesses like brain disorders, asthma, heart disease, diabetes, arthritis, and many more Includes 40+ healthy recipes to help balance your pH Acid Alkaline Diet For Dummies is essential reading for the millions of people with health problems interested in combating illness with a holistic, successful lifestyle change.

New York Times Bestseller What happens when you eat an apple? The answer is vastly more complex than you imagine. Every apple contains thousands of antioxidants whose names, beyond a few like vitamin C, are unfamiliar to us, and each of these powerful chemicals has the potential to play an important role in supporting our health. They impact thousands upon thousands of metabolic reactions inside the human body. But calculating the specific influence of each of

these chemicals isn't nearly sufficient to explain the effect of the apple as a whole. Because almost every chemical can affect every other chemical, there is an almost infinite number of possible biological consequences. And that's just from an apple. Nutritional science, long stuck in a reductionist mindset, is at the cusp of a revolution. The traditional "gold standard" of nutrition research has been to study one chemical at a time in an attempt to determine its particular impact on the human body. These sorts of studies are helpful to food companies trying to prove there is a chemical in milk or pre-packaged dinners that is "good" for us, but they provide little insight into the complexity of what actually happens in our bodies or how those chemicals contribute to our health. In *The China Study*, T. Colin Campbell (alongside his son, Thomas M. Campbell) revolutionized the way we think about our food with the evidence that a whole food, plant-based diet is the healthiest way to eat. Now, in *Whole*, he explains the science behind that evidence, the ways our current scientific paradigm ignores the fascinating complexity of the human body, and why, if we have such overwhelming evidence that everything we think we know about nutrition is wrong, our eating habits haven't changed. *Whole* is an eye-opening, paradigm-changing journey through cutting-edge thinking on nutrition, a scientific tour de force with powerful implications for our health and for our world.

The fast and easy way to get a flatter belly Tens of thousands of Americans have changed their bodies—and their lives—with the help of the recipes and guidelines developed to eliminate body fat. Flat Belly Cookbook For Dummies includes an overview of the belly fat; grocery shopping and pantry stocking tip; delicious, nutritious, and even kid-friendly flat belly recipes. All 125 recipes are carefully developed by America's Belly Fat Fighter to make sure every meal includes just the right amount of belly-flattening monounsaturated fatty acids (or MUFAs), found in nuts and seeds, vegetable oils, olives, avocados, and dark chocolate, so you can mix and match meals to suit your taste. Explains the importance of replacing sugars, saturated fats, and trans fats with whole grains, lean proteins, and fiber Teaches you how to effectively structure your diet, practice good nutrition, and drop belly fat at the same time Includes 125 flat belly recipes If you're looking to shed fat and tone your midsection through diet and exercise, Flat Belly Cookbook For Dummies has you covered.

The healthy vegan diet-made easy. Vegans face their own special challenges when it comes to nutrition and this book provides answers. There are about one million vegans in the U.S. and about 50,000 new ones every year. A growing number of physicians advocate a completely plant-based diet for many of their patients who suffer from diabetes, heart disease, and cancer. In The Complete

Idiot's Guide® to Plant-Based Nutrition, readers will find: ? Where to get nutrients that others get from meat and dairy. ? How to avoid the vegan pitfall of overfed but undernourished. ? How to spot hidden animal ingredients in packaged foods. ? Tips for eating at restaurants. ? Special considerations for children and seniors. The Complete Idiot's Guide® Greens Cookbook includes more than 200 mostly vegan and many vegetarian recipes for greens and provides nutritional and preparation information to help readers get the most flavor and nutrition from the greens they eat. In addition to traditional greens, this cookbook covers many newly-popular greens, such as bok choy, beet, kale, and dandelion.

The comprehensive guide for optimal plant-based nutrition at every stage of life, now completely updated. Are you considering going vegan, but not sure how to start? Are you already committed to an animal-free diet, but are unclear about how to get proper nutrients? Vegan for Life is your comprehensive, go-to guide for optimal plant-based nutrition. Registered dietitians and long-time vegans Jack Norris and Virginia Messina debunk some of the most persistent myths about vegan nutrition and provide essential information about getting enough calcium and protein, finding the best supplements, and understanding the "real deal" about organics, processed foods, raw foods, and more. Now, ten years since its original publication, the book has been completely revised and updated, with: A

brand-new chapter on vegan eating for weight management Guidance on eating to prevent chronic disease The latest findings on sports nutrition and muscle mass Easy-to-follow vegan food guides, menus, and pantry lists Covering everything from a six-step transition plan to meeting calorie and nutrient needs during every stage of life, *Vegan for Life* is the guide for aspiring and veteran vegans alike.

The easy way to transition to the raw food lifestyle Celebrities like Demi Moore, Sting, Madonna, and Woody Harrelson as well as experts in diet and nutrition have drawn attention to the newest trend in eating: raw foods. As the demand for raw foods increases, so does the demand for informative and supportive facts about this way of life. *Raw Food For Dummies* shares reasons for incorporating raw food into your diet and life, tips on how to do it, and includes nearly 100 recipes. Whether you're interested in incorporating raw foods into an existing meal plan, or transitioning to a raw foods-only diet, *Raw Food For Dummies* will help. Main areas of coverage include the benefits of eating raw foods, tips for avoiding undernourishment and hunger, information on transitioning to the raw food lifestyle (including where to buy and how to store raw foods), along with coverage of the popular methods of preparing meals, including sprouting, dehydrating, juicing, and greenening. Features nearly 100 recipes covering

breakfast, lunch, dinner, appetizers, and snacks Includes advice on transitioning to the raw food lifestyle Written by a veteran vegan chef and culinary arts teacher Raw Food For Dummies is for anyone interested in incorporating raw foods into an existing meal plan, as well as people interested in transitioning to a raw foods-only diet.

Previous edition titled: The complete idiot's guide to plant-based nutrition.

The vegetarian diet is praised for being sustainable and animal-friendly, but after 20 years of being a vegan, Lierre Keith has changed her opinion. Contravening popular opinion, she bravely argues that agriculture is a relentless assault against the planet. In service to annual grains, humans have devastated prairies and forests, driven countless species extinct, altered the climate, and destroyed the topsoil - the basis of growth and life itself.

The fun and easy way® to live a vegan lifestyle Are you thinking about becoming a vegan? Already a practicing vegan? More than 3 million Americans currently live a vegan lifestyle, and that number is growing. Living Vegan For Dummies is your one-stop resource for understanding vegan practices, sharing them with your friends and loved ones, and maintaining a vegan way of life. This friendly, practical guide explains the types of products that vegans abstain from eating and consuming, and provides healthy and animal-free options. You'll see how to

From the creators of the groundbreaking documentary comes the New York

Times bestselling diet plan Sanjay Gupta called “the prescription you need to live a long, healthy life”—a plan to transition to a delicious whole-foods, plant-based diet in just twenty-eight days. The trailblazing film *Forks Over Knives* helped spark a medical and nutritional revolution. Backed by scientific research, the film’s doctors and expert researchers made a radical but convincing case that modern diseases can be prevented and often reversed by leaving meat, dairy, and highly refined foods off the plate and adopting a whole-food, plant-based diet instead. Now, *The Forks Over Knives Plan* shows you how to put this life-saving, delicious diet into practice in your own life. This easy-to-follow, meal-by-meal makeover is the approach Doctors Alona Pulde and Matthew Lederman (featured in the documentary) use every day in their nutritional health practice—a simple plan that focuses on hearty comfort foods and does not involve portion control or worrying about obtaining single nutrients like protein and calcium. In just four short weeks you’ll learn how to stock your refrigerator, plan meals, combat cravings, and discover all the tips and tricks you’ll need to eat on the go and snack healthily. You’ll also get 100 simple, tasty recipes to keep you on the right track, beautiful photographs, a 28-day eating guide, and advice throughout the book from people just like you. Whether you’re already a convert and just want a dietary reboot, or you’re trying a plant-based diet for the first time, *The Forks*

A definitive guide to a plant-based diet, with 100+ easy and satisfying recipes packed with all the nutrition and energy to fuel great workouts and even lose weight. Plants have superpowers. They can fill your stomach, fuel your workouts, and even extend your life. But for some people, a plant-based diet might seem stressful, especially if they believe the "experts" who tell us to eat only plants. Not true. Smart plant-based diets are nutritious and delicious and still make room for meat, fish, dairy and eggs. In fact, they aren't diets at all, but blueprints for a lifetime of eating well. The recipes and simple guidelines in Men's Health Plant-Based Eating, devised with help from some of the most brilliant minds in nutrition, will help you harness the full powers of plants. Inside you'll find:

- Five simple steps to start eating plant-based meals
- 100+ filling and flavorful recipes
- The top 15 plant-based protein sources. You'll never guess the plant that offers a whooping 19 grams per ½ cup. Hint: It's NOT tofu.
- Plant-based shakes that help you build muscle fast
- Six amazing grains for weight loss
- A foreword by Brian St. Pierre RD, CSCS and a comprehensive introduction by Paul Kita, food and nutrition editor for Men's Health
- Vibrant color photos and complete nutrition information with every recipe
- Lie-flat binding for easy use

With this cookbook, you'll learn how to make dozens of hearty, delicious meals so you can add muscle, defend against disease, maintain a healthy weight, and unleash a ton of energy. Everything you need to start eating clean Whether you've lived on white carbs and

trans fats all your life or you're already health conscious but want to clean up your diet even further, *Eating Clean For Dummies*, 2nd Edition explains in plain English exactly what it means to keep a clean-eating diet. Brought to you by a respected MD and licensed nutritionist, it sets the record straight on this lifestyle choice and includes recipes, the latest superfoods, tips and strategies for navigating the grocery store, advice on dining out, and practical guidance on becoming a clean eater for life. Clean eating is not another diet fad; it's used as a way of life to improve overall health, prevent disease, increase energy, and stabilize moods. *Eating Clean For Dummies* shows you how to stick to foods that are free of added sugars, hydrogenated fats, trans fats, and anything else that is unnatural or unnecessary. Plus, you'll find recipes to make scrumptious clean meals and treats, like whole grain scones, baked oatmeal, roasted cauliflower, caramelized onion apple pecan stuffing, butternut mac and cheese, and more. Get the scoop on how clean eating helps you live longer, prevent disease, and lose weight Change your eating habits without sacrificing taste or breaking your budget Make more than 40 delicious clean-eating recipes Deal with food allergies and sensitivities You are what you eat! And *Eating Clean For Dummies* helps get you on the road to a healthier you.

Enjoy your meals-and lose weight! People who want to lose weight are faced with a dizzying array of options: low-fat, low-carb, gluten-free ... the list is endless. But the truth behind them all is that the only real way to lose weight is to burn more calories

than you take in. Those who have rediscovered calorie counting want calorie-controlled options that take the guesswork out of dieting. But they also want food they can enjoy and feel good about. And for many, that means going light on the artificial sweeteners. The Complete Idiot's Guide to 200-300-400 Calorie Meals helps readers put together a meal plan that keeps them to their calorie goals and helps them lose weight safely-and keep it off. This book features: A system for calculating a calorie budget based on current weight, activity levels, and weight-loss goals. How to keep track of calories consumed and estimate calorie content of meals on the go. Two weeks of meal plans for various calorie-budget levels. Eating schedules to keep people feeling full and satisfied between meals. Recipes for 300 and 400-calorie meals that taste great. Recipes for 200-calorie snacks and light meals to satisfy hunger without blowing the diet. Ways to satisfy a sweet tooth without overdosing on artificial sweeteners, which often make people crave more sugar.

Increase your lifespan and optimize your health with plant-based recipes for a longer, more vibrant life. Authors and leading plant-based nutrition experts Julieanna Hever and Ray Cronise have spent over a decade researching diet and nutrition, analyzing longevity studies, and helping their clients achieve sustainable, lasting health benefits by adopting a whole food, plant-based diet. In *The Healthspan Solution*, they share the simple and effective diet that has allowed their clients to lose weight, reverse disease, reduce or eliminate medication use, and achieve optimal health. This accessible and

easy-to-follow guide examines the health risks posed by typical Western eating habits and explains how a diet rich in vegetables, fruits, whole grains, legumes, mushrooms, nuts, seeds, herbs and spices can lead to lower blood pressure, healthy weight management, and longer life. Their flexible, customizable approach to eating challenges the conventional idea of breakfast, lunch, and dinner and focuses instead on soups, salads, sides, and sweets. With 100 delicious recipes to choose from, The Healthspan Solution make adopting a plant-based lifestyle simple and sustainable. Evidence-based research on the scientific underpinnings of the healthspan diet Easy-to-follow guidelines simplify food choices without being restrictive Beautifully photographed recipes offer options and flexibility Praise for The Healthspan Solution: "Ray and Julieanna didn't write a fad diet book. It's about making a permanent lifestyle transformation. The magic is I still can eat anything I want. The trick is what I want has profoundly changed. They did the trick for me and saved my life-now let them help you."-Penn Jillette, Las Vegas entertainer and magician "Ray is a scientific visionary and Julieanna is a master of nutrition. Together they've written a fact-based recipe book for longevity that belongs in every kitchen. Buy it."-David Sinclair, PhD, AO, Professor of Genetics, Harvard Medical School "Working with Julieanna and Ray has given me a profoundly new understanding of how food impacts health and how what we eat is often dictated by social influences. I'm excited to be a part of their effort to push to this message out to a far bigger audience."-Cyan Banister, angel investor and entrepreneur

"Julieanna and Ray are an incredible team. While others have sought to demonstrate the adequacy of an exclusively plant-sourced diet, they teach how it can be superior and mimics longevity research."-Rich Roll, plant-powered ultra athlete and author

What should we eat? It's a simple and fundamental question that still bewilders us, despite a seemingly infinite amount of available information on which foods are best for our bodies. Scientists, dieticians, and even governments regularly publish research on the dangers of too much fat and sugar, as well as on the benefits of exercise, and yet the global obesity crisis is only worsening. Most diet plans prove to be only short-term solutions, and few strategies work for everyone. Why can one person eat a certain meal and gain weight, while another eating the same meal drops pounds? Part of the truth lies in genetics, but more and more, scientists are finding that the answer isn't so much what we put into our stomachs, but rather the essential digestive microbes already in them. Drawing on the latest science and his team's own pioneering research, *The Diet Myth* explores the hidden world of the microbiome, and demystifies the common misconceptions about fat, calories, vitamins, and nutrients. Dr. Tim Spector shows us that only by understanding what makes our own personal microbes tick and interact can we overcome the confusion of modern nutrition, allowing us to regain natural balance in our bodies. Countless recent scientific papers have been written on weight-loss topics like prebiotics and fructans, and *The Diet Myth* gathers these latest findings into one place, revealing new information about how best to lose weight and manage our

bodies. Mixing cutting-edge discoveries, illuminating science, and his own case studies, Spector reveals why we should abandon fads and instead embrace diversity for a balanced diet, a healthy stomach, and a nourished body.

Learn Everything That You Need To Know About The Plant-Based Diet With This Comprehensive 4-in-1 Bundle! Are you looking for a balanced and natural Diet to improve your physical performance and boost your energy? Maybe with new and tasty recipes to add to your routine? Then keep reading. In general, protein-based foods are highly acid forming in the human body. This is because their predominant minerals are the acidic minerals ? chlorine, phosphorus, and sulfur. To maintain homeostasis, the body must counterbalance the acidity caused by excess protein consumption.

Unfortunately, it does so in part by taking a precious alkaline mineral ? calcium ? from our bloodstream. The body replaces calcium into the bloodstream, where calcium levels must remain relatively constant, by removing it from our bones and teeth, setting the stage for osteoporosis and tooth decay. It is no coincidence that fruits and vegetables contain just the right amount of protein to build and maintain the human body. Nor is it a coincidence that the minerals they supply are predominantly the alkaline ones: calcium, sodium, magnesium and potassium. Scientifically speaking, a Plant-Based Diet is much more beneficial and less harmful for humans, which is why it is recommended to shift from meat to whole grains, legumes, vegetables and other nutritional foods of this kind. The goal of this Bundle is simple: provide all the information that you need to know in

order to get ALL the benefits from a Plant-Based Diet. Here is a taste of what you will learn: Why Go Plant-Based and what are the Basics of a Plant-Based Diet The Macro and Micro Essentials of a Plant-Based Diet How to Eliminate Bad Eating Habits What are the Plant-Based Foods that Boost Your Immunity What does Plant-Based Bodybuilding Mean and What are the Main Plant-Based Protein Sources How to Eliminate Weight and Improve Vitality and Energy with a High-Protein Diet All You Have to Know about Proteins, Plant-Based Supplements and Cooking Methods on a Plant-Based Diet 10 Tips for Success on a Plant-Based Diet and Plant-Based Diets Myths Quick Energy & Recovery Snacks, Vegan Cheese and Flavor Boosters And Much, Much More! With 300 Recipes and 4 Meal Plans, this Bundle is the perfect guide you were looking for! Forget about those low-cal frozen dinners and processed foods and learn to love the foods that will keep your body healthier and leaner. Where most books provide little information about the real benefits of a Plant-Based Diet, focusing on low-calorie diets and promising weight loss but not delivering on taste, this 4-in-1 Bundle goes further, taking the time to explain why switching to such diet is beneficial for many reasons. If you are suffering from any kind of illnesses or have obesity issues, you should focus on a Plant-Based Diet as a way to improve your health and reduce the symptoms, if not cure the illness completely. Even if you are new to this lifestyle, the benefits of a vegan diet are plentiful for bodybuilders, crossfitters, marathon runners, and all other types of athletes. Contrary to the myths and misconceptions about plant-

based eating, there are many sources of protein, calcium, vitamins, and other nutrients to support the healthy development of muscle and tissue growth at a cellular level.

Penn Jillette's New York Times bestselling account of his "extremely funny and somewhat profane journey to discovering a healthy lifestyle...that will motivate others to seek weight-loss solutions" (The Washington Post). More than three hundred and thirty pounds and saddled with a systolic blood pressure reading at dangerous heights, legendary magician Penn Jillette found himself at a crossroads. He needed a drastic lifestyle change if wanted to see his small children grow up. Enter Crazy Ray. A former NASA scientist and unconventional, passionate innovator, Ray Cronise changed Penn Jillette's life with his wild "potato diet." In *Presto*, Jillette takes us along on his journey from skepticism to the inspiring, life-changing momentum that transformed the magician's body and mind. He describes the process in hilarious detail, as he performs his Las Vegas show, takes meetings with Hollywood executives, hangs out with his celebrity friends and fellow eccentric performers, all while remaining a dedicated husband and father. Throughout, he weaves in his views on sex, religion, and pop culture, making his story a refreshing, genre-busting account. Outspoken, frank, and bitingly clever, *Presto* is an incisive, rollicking read. In the end, it is "undeniably inspiring" (Booklist).
