This book explores some of the basic principles of a wide range of relationship topics from boundaries, to sex, to differentiation, assertive communication, and conflict. We often are not taught these rules of the game of life when we are growing up and so have to learn them the hard way: by trial and painful error. This book won't explain how to manipulate people to make lots of money. Nor how to charm everyone to your point of view. Rather it is about learning to relate more openly and effectively—to lead a good life that brings fulfilment and joy.

This book focuses on the tensions that emerge in teaching the English language arts methods course within teacher education programs. It features chapters that grapple with the historical legacies of influence on methods/pedagogy as well as contemporary challenges in teaching methods courses alongside field experiences.

Despite the fact that the public's trust in the news media is at historic lows, despite the fact that hardly a day goes by without another report of unethical behavior by news professionals, journalists and teachers remain dedicated to ethical issues—perhaps more so now than at any other time in history. News companies are developing rigorous codes of conduct; journalists and editors are vigorously reporting on ethical lapses by their peers, and many journalism schools are creating standalone courses in journalism ethics and hiring faculty members who are devoted to ethics research and instruction. Using more than two-dozen actual cases from around the world to examine and apply those principles of ethical journalism, Knowlton and Reader suggest an easy-to-follow, commonsense approach to making ethical decisions in the newsroom as deadlines loom. *Moral Reasoning for Journalists* serves as an introduction to the underpinnings of journalism ethics, and as a guide for journalists and journalism teachers looking for ways to make ethical choices beyond going with your gut.

Ten years ago, *Reading Power* was launched in an elementary school in Vancouver. It has since evolved into a recognized approach to comprehension instruction being implemented across Canada, in the United States, United Kingdom, Sweden, and China. This ground-breaking approach showed teachers how to help students think while they read — connect, question, visualize, infer, and transform. Since the publication of the first edition of *Reading Power*, Adrienne Gear has continued to reflect on and refine her ideas about metacognition, comprehension instruction, and the *Reading Power* strategies. This revised and expanded edition shares these new understandings, and offers teachers new ideas, new lessons, and, of course, new anchor books to support the *Reading Power* principles. An ideal resource for teachers familiar to this strategic approach to teaching reading, or for those looking for new ways to connect thinking with reading.

"Blessed is the wife whose husband offers prayers on her behalf such as those in this book." -DONALD S. WHITNEY, author of "Spiritual Disciplines for the Christian Life" "For husbands, or men desiring to fill God's noble calling to love their wives as Christ loved the church and gave himself up for her, *Water of the Word* provides not only a biblical framework, replete with verses to focus one's attention and catalyze one's spiritual thinking, but also beautiful prose to stir the soul of devotional prayer. More than a guidebook, it is rather a springboard to a deepening love relationship with God and with one's wife. I have used this book personally, as well as for a devotional guide for the Marriage Enrichment class here at Southern Seminary. A book to savor, reflect on, and then offer prayers from a pure heart and clear conscience." -WILLIAM R. CUTRER M.D.,

author of "Sexual Intimacy in Marriage" Andrew Case has provided an ingenious and glorious tool for Christian husbands, one that has the potential of binding husbands and wives ever closer together while these prayers seek more intimate relationship between their wives and their God. By employing themes, principles, promises, and pleas from Scripture itself, Case has crafted hundreds of rich and meaningful prayers that any and every Christian husband can pray for his own wife. What power and insight one finds in these prayers, along with beauty and variety. Husbands here are led not only into specific prayers for their wives that focus on the central and most significant needs they have as women, but they are led also to cultivate better the habit of praying for their wives, and through this assisting the spiritual growth of those closest to them in all of life."-BRUCE A.
