I know how you feel. Why should I have to take this test? I'm not going to be a math teacher! Thousands of others have felt the same way. We have found that this workbook will increase your chances of passing the test exponentially! This is a workbook to enable you to pass the Core Academic Skills for Educators: Mathematics (5732). You can now use a calculator for this test but, of course, they have made it harder. Now you have to memorize a lot of formulas but, don't worry, I will provide them all for you in this book. There are questions with multiple correct answers and there are questions where you have to fill in the blank. Samples of each type of question are included in the book. Core Math Made Easy is written in very clear and easy to understand language. The four chapters cover the four sections of the test: Number & Quantity, Algebra & Functions, Geometry, and Probability and Statistics. There are samples of each type of question on the test and answer keys that guide you through each problem in detail. At the end of each section, you will find sample test questions and explanations. Core Math Made Easy is currently being used as the textbook for the workshops at George Mason University. - Publisher.
