Each text is crammed with a range of learning objectives, cases, questions, activities, definitions, study tips and summaries to support and test your understanding of the theory

- * Contains past examination papers and examiners' reports to enable you to practise what has been learned and help prepare for the exam

Many new states entered the United States around 200 years ago, but only Missouri almost killed the nation it was trying to join. When the House of Representatives passed the Tallmadge Amendment

banning slavery from the prospective new state in February 1819, it set off a two-year political crisis in which growing northern antislavery sentiment confronted the aggressive westward expansion of the peculiar institution by southerners. The Missouri Crisis divided the U.S. into slave and free states for the first time and crystallized many of the arguments and conflicts that would later be settled violently during the Civil War. The episode was, as Thomas Jefferson put it, “a fire bell in the night” that terrified him as the possible “knell of the Union.” Drawn from the of participants in two landmark conferences held at the University of Missouri and the City University of New York, those who contributed original essays to this second of two volumes—a group that includes young scholars and foremost authorities in the field—answer the Missouri “Question,” in bold fashion, challenging assumptions both old and new in the long historiography by approaching the event on its own terms, rather than as the inevitable sequel of the flawed founding of the republic or a prequel to its near destruction. This second volume of *A Fire Bell in the Past* features a foreword by Daive Dunkley. Contributors include Dianne Mutti Burke, Christopher Childers, Edward P. Green, Zachary Dowdle, David J. Gary, Peter Kastor, Miriam Liebman, Matthew Mason, Kate Masur, Mike McManus, Richard Newman, and Nicholas Wood. BH CIM Coursebooks are crammed with a range of

learning objective questions, activities, definitions and summaries to support and test your understanding of the theory. The 07/08 editions contains new case studies which help keep the student up to date with changes in Marketing Environment strategies. Carefully structured to link directly to the CIM syllabus, this Coursebook is user-friendly, interactive and relevant. Each Coursebook is accompanied by access to MARKETINGONLINE (www.marketingonline.co.uk), a unique online learning resource designed specifically for CIM students which can be accessed at any time.

Internationally recognized for having reinvigorated and redefined his field, distinguished military historian Edward M. Coffman is a dedicated and much-admired teacher and mentor. In *The Embattled Past*, several of his most important essays have been assembled into a collection that serves as an essential reference to the discipline and an initiation to the study of military history for aspiring scholars. Coffman's introduction to the volume charts his own professional journey and sets the book within the larger context of Americans' attitudes toward their military, both inside and outside of academia. The essays explore a range of critical issues in military historiography -- such as strategies for conducting oral history and research methodologies -- and examine questions at the heart of the field. Included are two seminal essays on World War I, which provide a fascinating overview of American war strategies and illuminate the reasons why so many historians have ignored this critical turning point in twentieth-century history. The volume concludes with an unpublished essay detailing Coffman's experience of interviewing General Douglas MacArthur in 1960. This exciting new book offers readers insights into more than two hundred years of United States military history while also providing a comprehensive overview of Coffman's

stellar contributions to the field. Important and engaging, *The Embattled Past* is a primer on the profession from one of the most honored scholars of our time.
