

Professional Guide To Wheel Building Free

From the comfort of your home or office this book gives the reader access to Montana's national parks, national forests, state parks, and wilderness areas. Over 300 fishing access sites and locations are available including stream flow table information. OHV facts, sites of interest, and the very popular FYI section to help further your knowledge, interests, and opportunities. Makes a great gift to compliment any outdoor education course. Included also as a bonus are phone numbers and locations of departments involved with Montana's outdoors. If you plan on visiting or if you're serious about discovering Montana then this is a great tool and resource.

There are many books and resources dedicated to the sport of Road Cycling and Triathlon racing, but none which I know of dedicated to training and racing for Track Cycling. Track Cycling is a niche / cult sport in the US and probably in other Countries; maybe that is why no one has bothered writing a book for this rather small target audience. The information in this book was gleaned over the years and comes from a variety of sources. It would certainly be great to have a comprehensive book dedicated to tactics & training for Track Cycling. Many new comers to the track have to learn by trial and error which can become quite time consuming and expensive. Track coaches are rare and costly, and only available to elite riders or those who can afford them. Hopefully this book can give you some direction on how to proceed into the fast paced world of Track Cycling.

Don't Shoot Yourself in the Foot Before You Even Open Your Mouth! The Writing Guide for Professional Speakers. Do you want to become a professional public speaker, someone who gets paid to speak in public about topics you are passionate about? If so, I've got good news and bad news. The bad news is that it's a crowded ole world out there-every Tom, Dick, and Harriet seem to be a "professional" speaker, armed with a book, a blog, and a boatload of subject-matter expertise. The good news is that only a few of these "professionals" can spell or even construct a correct sentence in American English. Look around! If you want to stand out, if you want to impress potential hosts, if you want to get hired again and again, then you have to recognize that your written words will probably be read before your spoken words are heard. In other words, your written words have to be flawless. In Before You Even Open Your Mouth, nine-time, award-winning author and public speaker Liz Coursen shares her expertise about how to write to impress. Liz speaks professionally 80-100 times each year, and part of her success, she believes, is the attention to detail she brings to every aspect of her speaking, including her promotional materials. "Punctuation and grammar is easy, and it's fun," she says. "And, since our writing is part of how people judge us, it's important for every professional speaker to know how to write well." The Indian Fantail has become one of the most popular breeds of fancy pigeons. This guide book, by one of the leading experts of the breed, presents the received wisdom on all the finer points of the official breed standard as well as fully-informed advice on 21st century methods of proper care for the year-round well-being of the birds. The book includes an abundance of excellent full-color pictures that vividly illustrate even the most subtle points. It is a must read for all serious Indian Fantail fanciers be they novices or veterans

HOW TO DRAW VEHICLES is a step-by-step guide, easy to use drawing book which shows how simple it is to draw your favorite vehicles like Car, Truck, Train, Bicycle, Airplane, Fire Truck, Garbage Truck, Boat, Tractor, and many more. Over the past 11 years, game designer "Sachin Sachdeva" has published more than 400 educational games, played by over millions of people worldwide and still counting. Whether in freezing arctic tundra or blazing deserts, human beings have been figuring out how to adapt to hostile environments for centuries. New challenges emerge, however, as we venture to places where we are truly unable to exist without technology. When it comes to surviving underwater, a thorough knowledge of human physiology must be combined with a firm grasp of engineering principles, and Life Support Systems Design provides the student with an extensive grounding in both. A reference text for any beginning life support systems engineer, it also serves as a refresher course for more experienced divers. The text particularly emphasizes the effects of hyperbaric exposures on the diver's ability to function, but it also explores underwater physics, including the transport of light, heat, and gases, in detail. It reviews the practical technological aspects of life support system engineering, such as gas storage and delivery systems, and environmental control design. Finally, once the textbook has been absorbed, the authors encourage the student to design a life support system for a specified application. Armed with the knowledge gained from Life Support Systems Design, it seems like a project any student would ace. 17 Times Amazon Best Seller is giving YOU his Complete System! Not only that, he's also giving you his FREE COURSE and the exact Skeleton File (already formatted!) he personally uses for publishing on Kindle! Has he lost it completely? Most likely, but he swears otherwise! He has this stupid idea that if he gives you exactly what you need to solve your problems you might just stick around. By the way, because he has this delusion that you should always put your money where your mouth is, he actually shows you the video where you can see his 17 Amazon Best Sellers. Bananas! He's no saint, though! If you get his FREE COURSE he will try to sell you his complete, over-the-shoulder, professional Course down the line! He offers it for a crazy affordable price and he doesn't even try to upsell you anything. This lunatic believes in transparency and providing real value. These are the worst scumbags! The craziest part is that, even if you don't buy anything else, this book ALONE will give you EVERYTHING you need to publish your book on Amazon from A to Z! This is what I'll teach you: Choosing the Right Topic: The best way to earn a lot of money while having a sense of purpose! Market Research: Learn how to get inspiration and improve your own book by looking at the right places! Title Creation: Learn how to get readers bursting with curiosity and lining to get your book first! Writing Your Book: The fastest way to structure your book all the way to the end! Outsourcing: If you don't want to write it, learn how to outsource it the right way and end up with a masterpiece! Cover Creation: Do it yourself easily and for free OR Get a professional graphic designer to do it for \$5! Description, Categories & Keywords: Learn the AIDA Formula for magic descriptions and know all the secrets to stand out! Formatting and Publishing your Kindle EBook: I will provide you with the same skeleton file I personally use (already formatted!) and I will show you, step-by-step, how to publish your Kindle book the right way! Formatting and Publishing your Paperback Book: Learn how to publish the paperback version for FREE! I will teach how to get an already formatted template and show you, step-by-step, how to publish your physical book the right way! Free Promotions and Getting Reviews: I will teach you how to set up a free promotion so you can get up to thousands of downloads and honest reviews that will make your book stand miles apart from your competitors! Important Resources: Make your author's page shine and learn about the new world of audiobooks! Explode Your Business: What millionaire authors are really doing behind the scenes! Where to Learn More: The only 2 affordable and honest places you should go to! This is the system you've been dreaming about for finally publishing your book and get your work into the World! Scroll Up and Get It Now!

The Circle of Fifths for Guitarists will teach you to build, understand and use the essential building-blocks of music theory to become a better musician, quickly and easily.

Discover how to become an entrepreneur by starting your own small business Do you hate your job? Are you looking for a way to build the lifestyle you want? Do you want to work from home but have no business ideas? Would you like to explore new business opportunities? Becoming an entrepreneur and starting your own business is actually not as difficult as what most people would have you believe. You don't need a MBA or business degree, nor do you need years of experience. Entrepreneurs start small businesses, often highly successful, with a few simple business ideas and not much else. Take Action! and Start your own Business explores why entrepreneurs go out on their own and how they go about it. **** The myths surrounding starting

your own business are stripped away. This book will show you: How to start your own business. Where to look for new business ideas. How entrepreneurs take business ideas and turn them into profit. How running a small business can free you from the rat race. How to build your life around your unique purpose in life. Taking Consistent Action is Key to Changing your Life Do you want your own profitable small business that will bring fame and success? Do you desire financial independence and personal freedom? Would you love to improve your relationships and make them more fulfilling by being able to spend more quality time with your loved ones?***** Becoming an entrepreneur and starting your own business becomes easy once you know how. You can achieve all of the above, but you must be willing to take action. If you apply the principles taught, you can become an entrepreneur and start a small business faster than what you ever imagined possible. Will this be one of those books that will change your life and start you on your entrepreneurial journey? There's only one way to find out ...Starting a business has never been made this easy!

Aquaponics is a method of growing fish and vegetables in a simple recirculating system. This book is designed and written to provide basic information and direction for people interested in building a backyard aquaponics system. It is NOT a "how-to" manual listing parts and with step-by-step procedures, but it's more like a conversation that you might have with a good friend about how he built his system. It is written to be easily understandable and includes lots of pictures and graphics. NOTE: This 5.5"x8.5" version contains the same information as the first edition however the physical size has been substantially reduced.

The Art of Wheelbuilding A Bench Reference for Neophytes, Pros and Wheelaholics Ingram The Bicycle Wheel Building Bicycle Wheels Montana Outdoor Recreation Web Guide An Internet Directory Guide to Montana's Outdoors T. E. Lewis

This easy-to-engage-with book is a short, practical guide with tips and suggested activities relating to the key stages of the dissertation-writing process. A range of topics is covered, from first steps in understanding research through to writing the final report. The book is accompanied by a website that takes forward the themes of each chapter by providing additional reading and sources of information as well as an opportunity to join a discussion with fellow readers. There are video and audio clips from the authors and other experts as well as links to further digital tools and resources. Companion website - <http://www.etextbooks.ac.uk/dissertations/>

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? Click the "Buy Now" button above and get started today!

Second Edition of the study guide to pass the Risk Manager professional exam offered by the Project Management Institute in the USA. The first study guide for the PMI-Risk Management Professional certification exam (RMP). This Book has a unique study framework that will take you step by step to cover all the information needed to thoroughly prepare for the test. Many sample questions, and exercises are designed to strengthen mastery of key concepts and help candidates pass the exam on the first attempt First edition ISBN 978-9948153795

Getting Your FREE Bonus Download this book, read it to the end and see "BONUS: Your FREE Gift" chapter after the conclusion. Survival Guide How to Live without Electricity Welcome to the Survival Guide: How to Live without Electricity and Get Out of A Disaster, a D.I.Y. book designed to show you alternative energy sources that are not based on the electrical grid that you can use during any situation to receive any level of electricity. More and more, individuals are trying to get off the electrical grid anyway they can to either avoid paying a high bill, become more self-sufficient, or replace the need for any type of utility company influence in their life so that they have control over their utilities. In this book, we will go over useful and pointless alternative energies, showing you most of the nitty and gritty mathematics needed to determine what energy sources are viable for you. First, we will go over an energy source that can be used in any

emergency situation that is cheap and affordable; Electrical Food. In this section, we will cover: What foods work Which foods are better How they work We'll go ahead and cover solar energy, but in a unique way; we'll tell you how to transform solar energy into Hydrogen Fuel. Then we'll go over Pointless Energy to help clear your way through the scams of the internet, giving you solid explanations backed by science or mathematics as to why you shouldn't trust those sources for reliable energy. Then the remainder of the book will be about other energy forms, such as Water Wheels Steam Engines Portable Wind Turbines These methods will show you pictures and instructions on either how to make your own or why you should buy your own. This is just a descriptive overview to help beginners live off of the grid. Download your E book "Survival Guide: How to Live without Electricity" by scrolling up and clicking "Buy Now with 1-Click" button!

"Mental toughness is the natural or developed psychological edge that results from a collection of skills, attributes, values, emotions, and behaviors that allow people to overcome any obstacle, adversity, or pressure as well as deal with the general day-to-day demands (lifestyle, training, competition) placed upon them and still remain consistent, focused, confident, and motivated to achieve their goals."Fortitude is a guide for high performing athletes and business professionals on understanding mental toughness, how to build and sustain it over time. Kate Allgood built her business helping individuals like you learn what it takes to perform under pressure. In this book you'll discover: - What you need to know to build real and long lasting confidence- How to improve the ability to focus and refocus - The power of mindfulness- How to build motivation in yourself and others - And much, much, more! "Kate is a force in the sports business and with her new book she brings the best insight directly to your field of play." Jeremy M. Evans, Founder of and Managing Attorney at California Sports Lawyer(R) "If you want to step up your game, your business or just kill it in life, Fortitude is an easy to read guide to do it."- Majo Orellana - Pro Athlete, Coach and Entrepreneur

A biography of Beatrice Blore Browne. Born in the industrial town of Middlesbrough to a family of pottery workers, she was the first woman to drive a motor car to the summit of the Great Orme in Llandudno a holiday resort in North Wales. For a woman in the years immediately prior to the First World War this was an unusual feat which challenged some of the stereotypes of women prevalent in that period.

Our consumer society needs a reality check. The landfills are overflowing, the oceans are full of plastic, North American money is now used by China to buy more weapons, and still we think a product that lasts only 4 years is a good one. This book contains over 170 tips, tricks and hacks to help you repair, reuse, lead a simpler life and save money. We have entered a Grand Solar Minimum and it will get colder. This is your Darwin Moment. Survival will no longer be simple, but if you are prepared it will be easier. Inside is a guide inspired by the wisdom of the do-it-yourselfers of 100 years ago. Find out how to use tools, make things last longer, repair them when they break and live a simpler life. Make something at adult education night. Find out which tools are actually useful. How to remove a car engine in your back yard. Get through snow drifts using snow The uses of a come-along winch. Strengthen weak and wobbly furniture. Bend metal with a metal bender. Repair broken windows and dripping taps. Reset the oven temperature on your electric stove. What to do about a "bang" in the fridge. Fix your electric stove elements. Repair a screen and frustrate the mosquitos. The basics of lumber and what is not lumber. Using a table saw, countersink and hand plane. How to get rid of pests: rats, bugs, ants and wasps. Finding the hydraulic oil filter on your tractor. How growing trees in your yard affect your wood stove. Why you should get your wood stove very hot in the morning. The challenges of life in the country and how to meet them. Staying warm with wood heat. Knowing what questions to ask. Getting good stuff for FREE. The ideas and information presented in this book will inspire you and give you great confidence that taking charge of your possessions and your life is not only easy, it is fun, and more rewarding than just buying something new. IT IS EASY AND YOU CAN DO IT!!

Have you ever wondered what life would be like with the freedom to Work From Anywhere you want, whenever you want? Do you desire to work independently and/or wish to be your own boss someday? If so, and you're finally ready to do more than just dream about it, this helpful book will hopefully motivate you to WAKEUP immediately and make it a reality! Most importantly, it offers essential information that you'll need to know in order to properly proceed AND succeed with working from anywhere! In fact, this could actually be considered more of a trusty hand-guide, one that will continue to provide professional advice you can always relook at and rely on. Whether you want to start your own business, work as a freelancer full-time, or simply want to earn additional income, whatever your goal is, there is a better chance of reaching it with this beneficial book. The first several chapters will inspire and allow you to focus and fertilize your thought process. The later chapters feature in-depth explanations of some potential jobs you can work from anywhere. But, when you begin to think outside of the box, the list of opportunities can be almost endless! After completing the reading of all 160 empowering pages, you can go forward on your quest with confidence while applying everything you've learned so far! Order Work From Anywhere NOW - and literally change the way you view your work! *Please realize that this is not intended to be a standalone guide, as the very subject matter inside really IS a work in progress. Not only is working from anywhere a relatively new prospect, but we typically utilize technology to do it. Since innovations are inevitable, we must progress with them and stay up-to-date. Furthermore, it is recommended that you also read The Four Agreements and/or similar introductory works for additional information and inspiration!

There is a serious problem with our modern fruits and vegetables! The produce we feed our family members is far less healthy now than at any other time in human history! Does that statement bother you? It should! How and why did this happen? What can we do about it? Most importantly, how can you ensure that you are feeding your family the most healthy, most nutritious fruits and vegetables possible? If you are going to grow a tomato in your garden anyway why not grow the healthiest, most phytonutrient-rich tomato packed with the most lycopene and antioxidants possible? Are you planning to grow lettuce? Why not grow the lettuce that packs the most nutrition into every leaf? These simple questions are at the very heart of the author's concept of "Phytonutrient Gardening." In this first book in a series of three, Joe Urbach, creator and publisher of the popular website www.GardeningAustin.com and creator of The Phytonutrient Blog answers those questions and more while providing gardeners with a wealth of information including which specific varieties of your favorites to grow to get the biggest nutritional bang for your gardening buck! Filled with fascinating details about the state of modern produce and backed by state-of-the-art research and scientific testing, this useful book will change your life by changing how you look at produce. Read just a few pages and you will change the way you garden, the way you buy groceries, the way you store your produce and even the way you cook your meals! Changes all for the better! Leading to a healthier, more active and longer life!

When entrepreneur Len Forkas learned that his nine-year-old son had leukemia, his own life changed forever. In 2003, Len founded Hopecam, a nonprofit that uses technology to connect young cancer patients with their friends at school. Ten years later, Len's fight against childhood cancer rose to a new level. He qualified as a solo competitor in Race Across America, a 3,000-mile bicycle race that traverses scorching deserts and 11,000-foot mountain elevations. As Len fought to finish the race in just 12 days, an all-volunteer crew supported him around the clock. What Spins the Wheel is a true story about fatherhood and fortitude, business grit and growth ? and the power of combining the right mission with the right team to help others.

ATTENTION TRAINERS: It's Not About YOU - It's About the LEARNER! What is the biggest mistake a trainer can make? Quite simply, it is focusing all of their efforts on themselves and not their students! Many inexperienced trainers fall into this trap, but it doesn't have to happen to you! This book provides easy-to-execute examples that, when utilized, will make any rookie trainer look like a seasoned pro in just one day! The book covers subjects as diverse as parenting, finances, relationships, career, and more.

What's Your Green Goldfish is based on the simple premise that employees are the key drivers of customer experience and that "Happy Employees Create Happy Customers." The book focuses on 15 different ways to drive employee engagement and reinforce a strong corporate culture. It's the second book in the goldfish trilogy. The first book was an Amazon Best Seller entitled, What's Your Purple Goldfish. Purple focused on customers, whereby Green focuses on employees. Both books are based on a revolutionary new approach called marketing g.i.u.e. (marketing by giving little unexpected extras). The book is based on the findings of the Green Goldfish Project, an effort which crowd sourced 1,001 examples of signature added value for employees. Key themes emerged from the Project. The book is filled with over 200 examples. PRAISE FOR WHAT'S YOUR GREEN GOLDFISH "Stan is the sherpa that guides executives along the journey between the heart and mind of business stakeholders. Stakeholders aren't always customers though. At a time when company vision and culture matters more than ever, it takes inspired and engaged employees to bring them to life." - Brian Solis, author of What's the Future of Business #WTF, The End of Business as Usual and Engage "So often overlooked, and so very vital to building company value... empowering employees to support each other and the brand. Stan Phelps 'gets' it and Green Goldfish will walk you step-by-step though achieving this critical goal." - Ted Rubin, author of Return on Relationship "Great customer centric organizations only exist because of engaged and empowered employees. The Green Goldfish is packed with awesome examples of what world class companies are doing today to inspire and reward their employees. If you see value in truly building an "A Team," Green Goldfish will be, without question, your single best reference." - Chris Zane, Founder and President of Zane's Cycles, author of Reinventing the Wheel, the Science of Creating Lifetime Customers "Stan Phelps takes customer service to a whole new level by focusing on EMPLOYEE service, and how to do well by your employees - so they take care of your customers. Packed with stories, insights and R.U.L.E.S. any company can follow, this book is a must-read for managers of companies of all shapes and sizes who know that employees don't leave jobs - they leave managers, especially when they don't feel your love and appreciation. Pick this up, and start engaging your team and making more GREEN - Phil Gerbyshak, author of The Naked Truth of Social Media "Our large-scale research shows unequivocally that engaged employees are more likely to work longer, try harder, make more suggestions for improvement, recruit others to join their company, and go out of their way to help customers. They even take less sick time. Companies can tap into the enormous value of engaged employees by following the 15 ideas that Stan lays out in this book." - Bruce Temkin, author of The Six Laws of Customer Experience "Too often, the actual employment experience delivered on the job does not measure up to the version sold to job candidates during the interview process. In What's Your Green Goldfish, Stan Phelps offers 15 ways to close the gap." - Steve Curtin, author of Delight Your Customers: 7 Simple Ways to Raise Your Customer Service from Ordinary to Extraordinary (AMACOM, June 2013) "In What's Your Green Goldfish, Stan Phelps brilliantly applies the idea of 'doing a little something extra' for employees. You know, those people that actually get the work done and keep customers happy. Read it, put some of the ideas to work, and soon you'll be reaping more 'green' from your customers." - Bob Thompson, Founder and CEO, CustomerThink Corp.

In the Design Professional's Guide to Zero Net Energy Buildings, Charles Eley draws from over 40 years of his own experience, and interviews with other industry experts, to lay out the principles for achieving zero net energy (ZNE) buildings, which produce as much energy as they use over the course of a year. Eley emphasizes the importance of building energy use in achieving a sustainable future; describes how building energy use can be minimized through smart design and energy efficiency technologies; and presents practical information on how to incorporate renewable energy technologies to meet the lowered energy needs. The book shows the reader through examples and explanations that these solutions are viable and cost effective.

Sometimes the best way to understand history is to ride a bicycle through it. Daunted Courage tells the story of an adventurous father and his two young children who spend a summer re-tracing the Lewis

and Clark Trail, first by car then by bike. Offering entertaining insights into the most famous expedition in U.S. history - and into raising resilient children - the story takes the reader on a thoroughly enjoyable ride. Is 1,700 miles too far to cycle for a twelve-year-old boy and six-year-old girl? Can they really pedal over the Rocky Mountains all the way to the Pacific Ocean? Charles Scott and his kids were daunted, but decided to try anyway, telling people, "Kids can do a whole lot more than most adults think." And like any good adventure, things did not always go as planned. Daunted Courage mixes danger, history, child-rearing, and the travails of exploring the unknown into a grand tale that will leave you wanting to go out and create your own adventure.

When Zane and Megan crack the Secnet, they stumble across Project Net Rider. The awesome Cyber Warfare program immerses the user in virtual reality, and has a netbike to infiltrate any computer in the new global network. But the software is dangerous and in the wrong hands, capable of unlimited destruction. So when the Underground's most notorious hacker steals a copy, the entire world is threatened. And the two friends have to risk everything to stop him.

A Spectacular Enhancement to the Skill System Mythic Skills introduces a system of skill exploits that take the basic tasks your skills allow you to perform and dials them up to amazing levels. In addition, every skill in the Pathfinder Roleplaying Game Core Rulebook also gets brand-new skill exploits, as well as greater exploits that only the most skilled masters would even attempt. This book contains rules for using these enhanced skills with mythic characters but also provides an alternative system for use in non-mythic Pathfinder campaigns! This system allows your characters to focus on their skills as a key part of their character construction and to invest more of their character's abilities in their character itself, rather than the character's gear or magical tools. You can use these rules generally with mythic characters, allowing them to attempt all manner of skill-based exploits, or you can limit the ability to pull off these amazing skill stunts to those mythic characters that have really invested in making their skills a key part of their character's identity. The mythic rules offer an opportunity to magnify what makes a character special, and the skills they choose to hone as part of their background narrative and throughout the course of the campaign should be just as important in defining them as their marvelous magic and fabulous feats. With Mythic Skills in your hands, your skills will be just as spectacular!"

Home Building for the Wise Woman: A Blueprint for Designing a Life That Fits. Seven lessons for group or individual study. Do you feel like a failure next to your best friend who works part-time, helps out at school, and has a perfectly clean house and a husband who's always smiling; while you feel like you're drowning if you have to make cookies for the bake sale? Do you find yourself asking, "Did I choose the wrong priority? After all, aren't the kids more important than . . .?" Do you wish you could just be you? Through Home Building for the Wise Woman, you will develop a personalized blueprint that will help you: visualize your priorities, make wise decisions, defeat guilt, and build the beautiful life God created you to live—a life that fits!

What are you waiting for? Do your dreams a favor and buy this book today! Tags: Shopify, Shopify Pro, Shopify Store, Shopify Dropshipping, Shopify Beginners Guide"

"A Long Ride Coming" is a deeply personal memoir filled with poignancy and tinged with wry humor. The book takes the reader on a 1,900 mile bicycle ride from the Golden Gate Bridge to the Mexican border and then from Canada through Washington, Oregon, and California. The journey meets steep, challenging terrain and memorable, once-in-a-lifetime characters. But the book is much more than a story about a bicycle trip. "A Long Ride Coming" unveils a tribute to a father who died when the author was just 18 years old. When told by a doctor to keep the news of his father's terminal illness a secret, the deception led to nearly 50 years of regret and despair. Testing his stamina and age, the bike ride begins at the Golden Gate Bridge on September 11, 2014 and ends nearly exactly one year later on the Golden Gate. In between, the author finds solace and a fitting tribute to a father who died too soon. From the book: The doctor left the room and left my mother, my brother, and myself to fend for ourselves. Fend off such assaults as when just a few days later, the surgeon summoned us to his office. My father was still in the hospital, still reeling from his surgery, when the doctor in all of his professorial genius opined that we were not to tell my father of his terminal disease. "Keep it to yourselves," he said in whispered, conspiratorial, haunting tones. "The patient shouldn't know. If he did, his last few months would be even more uncomfortable." So when my father returned home and for a brief time felt good and hopeful, even going back to work for several days, his wife and two sons had the insufferable burden of lying to him. "I'm so damn glad the worst part is over," he'd say during his short reprieve. "I told you I'm going to beat this thing..." But we were committed to obeying doctor's orders, committed to the code of silence.

What does it mean to have a "warrior mindset"? What is different in the way a warrior thinks than the rest of us? Throughout the ages, warriors - ancient and modern - have had a determination to win like no

other. They are willing to take calculated risks for the betterment of their fellow warriors. They live to stand for something greater than themselves. The warrior mindset is different. It is about knowing what you want and going for it. It's about being hard and it's about not letting little things get you down. It's about pushing ahead with what you know is right and it's about carrying responsibility and hardship on your shoulders with dignity and pride. It's about not letting your emotions get the better of you and it's about not taking the easy answer or the easy route to solve your problems. Instead, it's about taking the hard right and not the easy wrong. Now imagine if you could take that same mindset and apply it to modern life. Instead of getting tired or bogged down, instead of being distracted and tempted, you would instead drive forward with an unstoppable, bulletproof mentality. Your enemies would quake knowing that there was nothing they could do to stop you and the obstacles that normally would block another person's career, relationship goals and financial plans would all crumble beneath your will. Developing a warrior mindset makes you unstoppable. You are a warrior! In Warrior Mindset, we delve into how a warrior thinks and how you can learn that same way of thinking and apply it to your career, relationships and financial goals.
