A clear and effective approach to learning evidence-based DBT skills—now in a fully revised and updated second edition.

Do you have trouble managing your emotions? First developed by Marsha M. Linehan for treating borderline personality disorder, dialectical behavior therapy (DBT) has proven effective as treatment for a range of other mental health problems, and can greatly improve your ability to handle distress without losing control and acting destructively. However, to make use of these techniques, you need to build skills in four key areas: distress tolerance, mindfulness, emotion regulation, and interpersonal effectiveness. The Dialectical Behavior Therapy Skills Workbook, a collaborative effort from three esteemed authors, offers evidence-based, step-by-step exercises for learning these concepts and putting them to work for real and lasting change. Start by working on the introductory exercises and, after making progress, move on to the advanced-skills chapters. Whether you're a mental health professional or a general reader, you'll benefit from this clear and practical guide to better managing your emotions. This fully revised and updated second edition also includes new chapters on cognitive rehearsal, distress tolerance, and self-compassion. Once you've completed the exercises in this book and are ready to move on to the next level, check out the authors' new book, *The New Happiness Workbook*. Norwood Russell Hanson was one of the most important philosophers of science of the post-war period. Hanson brought Wittgensteinian ordinary language philosophy to bear on the concepts of science, and his treatments of observation, discovery, and the theory-ladenness of scientific facts remain central to the philosophy of science. Additionally, Hanson was one of philosophy's great personalities, and his sense of humor and charm come through fully in the pages of *Perception and Discovery*. *Perception and Discovery*, originally published in 1969, is Hanson's posthumous textbook in philosophy of science. The book focuses on the indispensable role philosophy plays in scientific thinking. *Perception and Discovery* features Hanson's most complete and mature account of theory-laden observation, a discussion of conceptual and logical boundaries, and a detailed treatment of the epistemological features of scientific research and scientific reasoning. This book is of interest to scholars of philosophy of science, particularly those concerned with Hanson's thought and the development of the discipline in the middle of the 20th century. However, even fifty years after Hanson's early death, *Perception and Discovery* still has a great deal to offer all readers interested in science.

In these troubled times, do you wonder about the future and the destiny of humanity? Do you want to know the true purpose of your existence on Earth and in the Universe? The most secret book in the world holds the answers you seek! Named as one of the 100 Most Spiritually Influential Living People by Watkins Mind Body Spirit, Zinovy Dushkova, Ph.D., is one of the few who has gained access to the million-year-old manuscript widely known as the Book of Dzyan, which contains answers to humanity's most pressing questions. Written in the language of the Gods, called Senzar, it is secretly hidden in the heart of the Himalayas, accessible to only a chosen few over the course of human history, accessible to only a chosen few over the course of human history, including Gautama Buddha, Jesus Christ, Pythagoras, Plato, and Helena Blavatsky. Now, for the first time ever, Dr. Dushkova has presented a never-before-seen excerpt from the mysterious Book of Dzyan in The Book of Secret Wisdom to bring new meaning and hope into your life. Beautiful and enlightening, it will reveal not only our past, but also our present and future. To facilitate your understanding of this profound and poetic text, the book contains a comprehensive glossary gleaned from the supreme sources of wisdom. In The Book of Secret Wisdom, you will discover the answers to these questions: • What are the ultimate goal and purpose of human existence? • What is the cause of natural disasters, global warming, and epidemics? • What really happened in 1999 and 2012? • What Great Event occurred invisibly in 2017? • When will Armageddon and the Last Judgment occur? • What should you expect in the coming decades? • Why are people dying, and is there a chance to be immortal? • Why does it seem that time is speeding up? • What is the famous Philosopher's Stone? • and much, much more! The all-embracing and undistorted Truth presented in this book was once accessible only to the privileged initiates of ancient civilizations who spent much of their lives seeking it. But now it is available to you in the pages of The Book of Secret Wisdom, a book that offers unprecedented access to the world's most ancient mysteries. If you are a spiritual seeker who enjoys expanding the boundaries of your understanding, this book is for you. "This book is an immeasurable treasure of knowledge. Its depth and scope are incredible." — 2016 Benjamin Franklin Awards Judge "It reads beautifully like a storybook, feels like a fable, and reveals valuable lessons of love for this lifetime." — Allyson Gracie, Wellness Specialist, Pilates & Yoga Instructor "One of the most inspiring, all encompassing, volumes of true truth I have read in all my years of seeking truth." — April Gieseke "It is deep, deeper and vast than you could have ever imagined." — Aakriti, Goodreads Don't wait! Buy The Book of Secret Wisdom now to unveil the future and destiny of humanity!
