“Finally—a fitness book for the rest of us! . . . [Big Fit Girl] is sure to usher in a new generation of tough, curvy athletes.” —Jessamyn Stanley, author of *Every Body Yoga In Big Fit Girl*, Louise Green describes how the fitness industry fails to meet the needs of plus-size women and thus prevents them from improving their health and fitness. By telling her own story of how she stopped dieting, got off the couch, and unleashed her inner athlete—as well as showcasing similar stories from other women—Green inspires other plus-size women to do the same. Green also provides concrete advice, based on the latest research, about how to get started, how to establish a support team, how to choose an activity, what kind of clothing and gear work best for the plus-size athlete, how to set goals, and how to improve one’s relationship with food. And she stresses the importance of paying it forward—for it is only by seeing plus-size women in leadership roles that other plus-size women will be motivated to stop trying to lose weight and get fit instead. “Big Fit Girl impressed me tremendously. Green combines compelling storytelling with practical tips—true to what we know about science—in a unique way that will get you moving.” —Linda Bacon, PhD, scientist, and author of *Health at Every Size* “Inspiring and empowering.” —Taryn Brumfitt, producer and director, founder of the Body Image Movement “I’m thrilled to live in a world where Big Fit Girl will be part of the health section. Thank you Louise—it’s time for every person of every size to have access to this information!” —Jes Baker, *The Militant Baker*

Told with an unflinchingly honest voice as real as the flawed people that populated her world, *The Making of a Woman* is an unexpected memoir exploring the path less traveled. Childhood abuse and trauma powered an alcoholism that would nearly defeat Jewels. Yet Jewels' assures us that even when we lose those things that give shape to our soul-belonging, the need for touch, and safety in our own home—we can go on to devise a new way of being that surpasses our childhood haunts. Jewels was seven years old when her father attempted a family suicide, so her mother whisked her away to the arms and family of another man. Ruled by her mother's delusional survival aspirations and the ignored evidence of her suffering at the hands of her new relatives, life became a daily struggle for survival for Jewels. But when the truth could no longer be hidden, the family split, leaving Jewels to navigate a new world not of her making. Deciding to use her earlier trauma to enter recovery, sexually liberate herself, and enter the competitive world of professional bodybuilding, Jewels created a life that inspires others to push forward no matter the details. In this uncommon ode to survival, Jewels creates a quite unexpected career from her truth—underscored by her complicated relationship with the allure of sexuality. Through a tangle of forgiveness and understanding emerges an elevated journey of the mechanisms for survival, of pain and joy, and of discovering that family is what you make of it.

**NEW YORK TIMES BESTSELLER** • “This book is a gift! I’ve been practicing their strategies, and it’s a total game-changer.”—Brené Brown, PhD, author of the #1 New York Times bestseller *Dare to Lead* This groundbreaking book explains why women experience burnout differently than men—and provides a simple, science-based plan to help women minimize stress, manage emotions, and live a more joyful life. Burnout. Many women in America have experienced it. What’s expected of women and what it’s really like to be a woman in today’s world are two very different things—and women exhaust themselves trying to close the gap between them. How can you “love your body” when every magazine cover has ten diet tips for becoming “your best self”? How do you “lean in” at work when you’re already operating at 110 percent and aren’t recognized for it? How can you live happily and healthily in a sexist world that is constantly telling you you’re too fat, too needy, too noisy, and too selfish? Sisters Emily Nagoski, PhD, and Amelia Nagoski, DMA, are here to help end the cycle of feeling overwhelmed and exhausted. Instead of asking us to ignore the very real obstacles and societal pressures that stand between women and well-being, they explain with compassion and optimism what we’re up against—and show us how to fight back. In these pages you’ll learn • what you can do to complete the biological stress cycle—and return your body to a state of relaxation • how to manage the “monitor” in your brain that regulates the emotion of frustration • how the Bikini Industrial Complex makes it difficult for women to love their bodies—and how to defend yourself against it • why rest, human connection, and befriending your inner critic are keys to recovering and preventing burnout With

the help of eye-opening science, prescriptive advice, and helpful worksheets and exercises, all women will find something transformative in these pages—and will be empowered to create positive change. Emily and Amelia aren't here to preach the broad platitudes of expensive self-care or insist that we strive for the impossible goal of “having it all.” Instead, they tell us that we are enough, just as we are—and that wellness, true wellness, is within our reach. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKRIOT** “Burnout is the gold standard of self-help books, delivering cutting-edge science with energy, empathy, and wit. The authors know exactly what’s going on inside your frazzled brain and body, and exactly what you can do to fix it. . . .
