Operation Job Search is the ultimate guide for US military veterans seeking employment after discharge. It provides information about the civilian workforce, rubrics for navigating one's career, and a list of essential resources to consult during the job search. Also included are sections dedicated specifically to suggestions and resources available to female veterans. Weiss explains that hiring managers and human resources directors hire veterans who make the effort to build a professional relationship. He discusses the importance of leaving the house and meeting employers at venues such as job fairs, trade shows, office parks, and even Starbucks. Weiss offers practical instructions and crucial tips, such as: Establish an operations center (home office) for job hunting Don't be afraid to make cold calls Dress appropriately for job interviews and practice communicating in civilian-speak, not military jargon Target military-friendly companies that value the skills of returning military personnel If you are a US military veteran searching for a job, Operation Job Search will guide you every step of the way—from translating your skills into civilian-speak to negotiating your contract.

A unique, integrative, team-centered approach to writing and formatting technical documents  
Technical Professionals: Do you have difficulty producing high-quality documents with multiple contributors when faced with a tight deadline? Do you need a process that enables global team members to collaborate online as they produce sophisticated documents? Do you prefer the ease of a WYSIWYG desktop publishing tool like Microsoft Word rather than more complex software like LaTeX? Professors and Graduate Students: Do you want to streamline the process of writing multi-investigator papers, reports, proposals, and books? Do you spend a lot of time formatting documents instead of thinking and writing? Do you write research papers in

\*One of The Most Anticipated Books of Fall 2021 (Kirkus Reviews, Publishers Weekly)\* An incandescent and inspiring memoir of resilience from a courageous young woman whose powerful advocacy brings to mind the presence, resolve, and moral authority of Amanda Gorman and Greta Thunberg Before launching an unprecedented protest movement, Toufah Jallow was just a 19-year-old dreaming of a scholarship. Encouraged by her mother to pursue her own ambitions, Toufah entered a presidential competition purportedly designed to identify the country's smart young women and support their educational and career goals. Toufah won. Yahya Jammeh, the dictator who had ruled The Gambia all of Toufah's life, styled himself as a pious yet progressive protector of women. At first he behaved in a fatherly fashion toward Toufah, but then proposed marriage, and she turned him down. On a pretext, his female

cousin then lured Toufah to the palace, where he drugged and raped her. Toufah could not tell anyone. There was literally no word for rape in her native language. If she told her parents, they would take action, and incur Jammeh's wrath. Wearing a niqab to hide her identity, she gave Jammeh's security operatives the slip and fled to Senegal. Her eventual route to safety in Canada is full of close calls and intrigue. 18 months after Jammeh was deposed, Toufah Jallow became the first woman in The Gambia to make a public accusation of rape against him, sparking marches of support and a social media outpouring of shared stories among West African women under #IAmToufah. Each brave and bold decision she made set Toufah on the path to reclaim the personal growth and education that Jammeh had tried to steal from her, a future also of leadership and advocacy for survivors of sexual violence, especially in heavily patriarchal countries lacking resources and laws to protect women and even the language with which to speak openly about sexual threats and violence.

John Henry Weiss. In *Welcome to the Real World*, Weiss provides much-needed guidance to recent college graduates seeking their first jobs in the real world of work. Weiss explains that companies do not hire resumes. They hire candidates who make the effort to build personal relationships. He discusses the importance of leaving the house to find employers at venues such as job fairs, trade shows, and conferences, and even Starbucks. Weiss points out that work is a means to getting out on your own, and he offers encouraging advice and tips for how to do just that, such as: Establishing a home office for job hunting Using social media effectively to find employers and increase your chances of getting hired Dressing appropriately for job interviews Starting your own business Targeting companies that value the skill sets of returning military personnel Evaluating and negotiating job offers And much more! *Welcome to the Real World* is not only the ultimate career guide for finding your first job, but also for understanding the real world of work, and for beginning the rest of your life.
