Contemporary worship music shapes the way evangelical Christians understand worship itself. Author Monique M. Ingalls argues that participatory worship music performances have brought into being new religious social constellations, or "modes of congregating". Through exploration of five of these modes--concert, conference, church, public, and networked congregations--*Singing the Congregation* reinvestigates the analytic categories of "congregation" and "congregational music." Drawing from theoretical models in ethnomusicology and congregational studies, *Singing the Congregation* reconceives the congregation as a fluid, contingent social constellation that is actively performed into being through communal practice--in this case, the musically-structured participatory activity known as "worship." "Congregational music-making" is thereby recast as a practice capable of weaving together a religious community both inside and outside local institutional churches. Congregational music-making is not only a means of expressing local concerns and constituting the local religious community; it is also a powerful way to identify with far-flung individuals, institutions, and networks that comprise this global religious community. The interactions among the congregations reveal widespread conflicts over religious authority, carrying far-ranging implications for how evangelicals position themselves relative to other groups in North America and beyond.

Everybody talks about the worship, but nobody does anything about it. The well-known quote associated with Mark Twain actually goes like this—Everybody talks about the weather ... But changing it to "worship" seems appropriate. With *Worship Essentials*, Dove Award-winning worship leader Mike Harland helps leaders do something about it. Perhaps no subject about church generates more opinion and passion than worship. Walk with the typical church-going family on their way to the car after the service and just listen. Everybody really does talk about worship. Now, veteran worship leader and experienced ministry coach Mike Harland offers the tools worship leaders need to build biblically-faithful and effective worship ministries without bringing the disruption that often accompanies change. Psalm 67:5 reads, "Let the peoples praise you, God, let all the peoples praise you." *Worship Essentials* is here to help.

Churches committed to following Christ's example want to see this world changed for the sake of eternity. While the supernatural component of making that happen goes without saying, how does a body of believers do its part to be in that "sweet spot" where true spiritual transformation can occur? In Transformational Church, bestselling research authors Thom S. Rainer and Ed Stetzer have surveyed fifty thousand down to five hundred congregations in search of the qualitative answer. Their book contains a wealth of indispensable new data, nuanced insights, and clear how-to guidance, all centered on this key finding: Transformational churches make disciples whose lives are being transformed by the gospel so that people

engage the culture around them for its ultimate transformation. Deeply committed to the essential foundations of discipleship (worship, community, and mission), transformational churches practice their faith and make disciples through vibrant leadership, prayerful dependence upon God, and relational intentionality. And they do so paying mind to their unique context and with a missionary mindset. The most comprehensive study of the American church to date.

You were made for something more. Deep inside you know it's true. Getting up, going to work, coming home, and going to bed isn't doing it for you. You long for a life that matters. What will people say about you when you're gone? Will they even notice that another cog in the corporate machine is missing? Will people instead talk about the difference you made in their lives? Will anyone say, "My life is better for having known her" or "I'd be so much worse off if he hadn't given of himself?" The path to significance and meaning isn't paved with dollars or fame. It's paved with sacrifice and humility. This book is for every Christian or Christian leader who serves in the church, wants to, or leads people who do. Do you know why you serve? What do you do when it's difficult to do what you know God is calling you to do? Can you really serve in the same church for the rest of your life? What about money? Should people who serve be paid? We'll discuss reasons for serving, the attitude to have, leadership, following, flexibility, being a part of a team, and much more. This is a unique book because the author isn't a Pastor or even paid staff. He's a regular guy who's been serving tirelessly for years and wants to share what he's learned with you. You can affect lives and eternities. Will you or will you stay comfortable on your couch affecting nothing? The choice is yours.

In these ten intensely personal narratives, former Christian Scientists bravely recount their journey out of the religion and into authentic, biblical faith in Jesus Christ. These themes include matter, Jesus Christ, contagion, prayer, and sin. With reflection questions, pastoral teaching, related Bible verses, and a guiding letter from the author, each story navigates common obstacles and paves the way for a deeper understanding of the Christian faith. For those yearning to find truth, there is hope to be found here.
