

Proprio Ieri

Nel paesaggio barocco di Catania, tra mafiosi pentiti, lussuose feste private, parrucchieri bizzarri e ragazze scatenate, Cappellani racconta con stile travolgente una detective story dalla comicità irresistibile.

Con l'ingresso dell'Italia nel primo conflitto mondiale i direttori dei periodici teramani affidarono al Corriere Abruzzese la pubblicazione di un Bollettino della Guerra, il cui primo numero uscì il 30 maggio 1915, con l'intento di «esaudire un voto non solo del Comitato per l'organizzazione Civile, ma della cittadinanza, desiderosa di essere tenuta sollecitamente informata dalle notizie di guerra». Inoltre il Corriere si fece promotore di un abbonamento eccezionale per i soldati, i quali potevano ricevere il periodico due volte la settimana; l'iniziativa ebbe grande successo e presto iniziarono ad essere pubblicate le numerosissime lettere che giungevano dal fronte, ed alle quali le pagine del periodico dedicò largo spazio (soprattutto nei primi due anni del conflitto) nella rubrica "Il saluto dei nostri soldati". La presente pubblicazione è un'antologia di lettere ed articoli pubblicati negli anni del conflitto. Indice: La guerra raccontata dalle pagine del Corriere; Lettere dal fronte; Articoli ed episodi di guerra; Elenco degli articoli pubblicati sul Corriere Abruzzese; Elenco alfabetico dei militari che hanno scritto dal fronte; Indice dei personaggi.

La tranquillità di un piccolo centro rurale viene scossa da una efferata e sanguinosa rapina in villa. Stesa a terra non rimane la vittima prescelta, bensì uno dei predoni, sospettato di appartenere a una delle tante bande che scorrazzano nel Bel Paese nella quasi assoluta impunità. Gerry Donati, un investigatore privato, viene incaricato di recuperare il cospicuo

bottino che i compari del morto sono riusciti a portar via. Con l'ausilio di un singolare collaboratore, indaga mettendo a nudo vizi e debolezze di una società perbenista e tranquilla solo in apparenza, scoprendo scomode e insospettabili verità. La vicenda si svolge nella cornice della ricca provincia veneta, nella quale i radicati costumi locali si intrecciano con le problematiche ormai globali dei nostri tempi.

This volume of essays offers a wide-ranging comparative analysis of Italian syntax.

Revised and streamlined, the SAM consists of workbook and lab manual activities with skill-based approach to vocabulary and grammar practice (single-response, semi-controlled, and open-ended). A video program is now included in the SAM as well, with activities written expressly to practice these skills. For the online environment, up to 80 percent single-response activities allow for independent practice of vocabulary and structures. This is a personal account of Pier Paolo Pasolini's cinema and literature, written by the author of 'Antonioni' and 'Rocco and his Brothers'.

The study of syntactic complexity and the identification of the elementary structural units involved have always been a component of research in the field of theoretical syntax. Still, these topics have recently acquired a higher degree of prominence and autonomy, which has led to an expansion in the ways syntacticians conceptualize syntactic representations and their interactions with other research topics. The Structure of CP and IP is the second volume in the Cartography of Syntactic Structures, a subgroup within the Oxford Studies in Comparative Syntax series. Funded by the Italian Ministry of Education, this research endeavor gave rise to the publication of the first such volume, The Functional Structure of DP and IP, which focuses primarily on the structure of nominal expressions and on certain aspects of clausal expressions. This second edited volume examines the structure of the clauses, with special

reference to the inflectional domain (IP) and the left peripheral field of the clause (CP). With contributions by a select group of syntacticians, *The Structure of CP and IP* will be useful to scholars with an interest in Italian, Romance, and comparative syntax, and of substantial value to all linguists interested in contemporary research in generative grammar.

Do you know Italian already and want to go a stage further? If you're planning a visit to Italy, need to brush up your Italian for work, or are simply doing a course, *Colloquial Italian 2* is the ideal way to refresh your knowledge of the language and to extend your skills. *Colloquial Italian 2* is designed to help those involved in self-study; structured to give you the opportunity to listen to and read lots of modern, everyday Italian, it has also been developed to work systematically on reinforcing and extending your grasp of Italian grammar and vocabulary. This volume presents articles that focus on the application of formal models in the study of language in a variety of innovative ways, and is dedicated to Jacques Moeschler, professor at University of Geneva, to mark the occasion of his 60th birthday. The contributions, by seasoned and budding linguists of all different linguistic backgrounds, reflect Jacques Moeschler's diverse and visionary research over the years. The book contains three parts. The first part shows how different formal models can be applied to the analysis of such diverse problems as the syntax, semantics and pragmatics of tense, aspect and deictic expressions, syntax and pragmatics of quantifiers and semantics and pragmatics of connectives and negation. The second part presents the application of formal models to the treatment of cognitive issues related to the use of language, and in particular, demonstrating cognitive accounts of different types of human interactions, the context in utterance interpretation (salience, inferential comprehension processes), figurative uses of language (irony pretence), the role of syntax in Theory of Mind in autism and the analysis of the aesthetics of nature. Finally, the third part addresses computational and corpus-based approaches to

natural language for investigating language variation, language universals and discourse related issues. This volume will be of great interest to syntacticians, pragmatics, computer scientists, semanticists and psycholinguists.

"Music cultures in sounds, words and images", edited by Antonio Baldassarre and Tatjana Markovic, is dedicated to the 60th birthday of the Croatian-American musicologist Zdravko Blažekovic (b. 1956, Zagreb). After his studies of musicology and first working experiences in Zagreb, Blažekovic moved to New York City, where he is since 1996 the executive editor of the RILM - Répertoire International de Littérature Musicale, and since 1998 director of the RCMI - Research Center for Music Iconography as well as editor of one of the leading journals for music iconography, "Music in Art", in the framework of the Barry S. Brook Center for Music Reserach and Documentation at the Graduate Center of the City University of New York. In view of Blažekovic's very broad multidisciplinary interests, including historical musicology, music iconography, organology, archeology, lexicography and databases, this book contains 38 studies in six languages (English, German, Italian, Serbian, Croatian, Chinese) organized in six chapters: Sounds of nations, Words on musics, Performance of musical cultures, Images on musics, Organology, and Classifying data on music. Poetical vision out of war and hope during dark times.

Cultural warfare and trust: fighting the Mafia in Palermo concentrates on a central issue in research on democratic processes: the development of generalised trust. The existence of generalised trust and confidence in a society is decisive for economic development and an effective democracy. Is it possible to fight persistent values of distrust and non-cooperation? Is it possible to support the development of generalised trust through public action and education? The book addresses these questions by examining political efforts to combat Palermo's Mafia-controlled heritage and to turn a tradition of non-cooperation and distrust into cooperation and trust. In particular, it focuses on the school program launched in Palermo during the mid-1990s, which was designed to break the Mafia's territorial and mental control. Combining theories on social capital and civic education, the author presents and analyses new quantitative and qualitative research carried out in seven public schools in Palermo. This book will be valuable to students, academics and researchers interested in social capital and trust, Italian politics, civic education, organised crime, local government and democratic practice.

- Digital flashcards for all vocabulary lists throughout the book
- Streaming audio recordings for conversation practice

Giuseppe Tartini è un giovane violinista che come tanti, per realizzare i propri sogni, è posto davanti al dilemma se seguire la via più giusta per raggiungerli o affidarsi a percorsi più rapidi, ma oscuri. All'inizio del XVIII secolo egli si impossessa, con l'inganno, di alcuni spartiti musicali, dando così inizio ad una vita di grandi successi, ma travagliata. L'intelligenza e l'intraprendenza gli consentiranno di progredire negli studi della più varia natura, tra cui la Magia e la Teurgia, e quindi di scoprire il segreto per non morire. Molti anni dopo, la vita del conte decaduto, André D'Aguilles, attento studioso di antropologia del Sud-est europeo, viene sconvolta dalle Guerre Napoleoniche. Audace ufficiale di cavalleria verrà involontariamente risucchiato nella terribile Crisi di Vampirismo che sconvolgeva l'area carpato-balcanico-danubiana. Fra Moravia, Regno
