This is the first critical biography to explore John Fogerty's life and his music. When inducting Creedence Clearwater Revival into the Rock and Roll Hall of Fame in 1993, Bruce Springsteen referred to the "music's power and its simplicity... [its] beauty and poetry and a sense of the darkness of events and of history, of an American tradition shot through with pride, fear, and paranoia." This book investigates those aspects and more of Fogerty's songs and life: his Americanism, his determined individualism, and unyielding musical vision which led to conflicts with his band, isolation from his family, constant legal battles, and some of the greatest songs of the 20th century.

Mary dragged herself from humble beginnings to run a market stall in Sweyn's Eye, until the Sutton brothers knocked her down again. Dean Sutton would set her up in her own shop but at his price. Brandon Sutton threatened to destroy her with a love neither could control. Proud Mary was a fighter; she would win regardless of the odds and the sacrifice.

Growing up in Arizona, Mary Fox endured parental desertion, abuse, poverty, and no understanding of what it means to love and be loved. At age 18, she changes her name to Carolina Palmer and hops a bus on the road to a new life in Columbia, South Carolina. Twelve years later, she is an educated successful woman living in Washington, D.C. All she lacks is the love and family life she craves. She sees all of this in Doctor Stede Foster, the man who rescues her from an embarrassing fall when she returns to Arizona to rediscover her roots. Not just a doctor, Stede rides the rodeo circuit. He invites Carolina to travel with him to Texas so she can follow clues to her father. The journey leads them both to love and new challenges. Will their feelings be strong enough for her to face her fears and find Mary Fox again?

After her debut with the widely praised stories in *Blood and Milk*, Sharon Solwitz offers us her first, darkly radiant, full-length novel. *Bloody Mary*, which takes its title from the childhood game, tells the story of socially adept, 12-year-old Hadley and her protective mother. They live a privileged life in the Chicago neighborhood of Lakeview, but soon find themselves in a state of chaos and flux. Writing with her signature, edgy prose and ironic humor, Solwitz demonstrates that happiness "isn't our birthright" and that "we have to work for it and even then we can't be sure." We are led to consider our own degree of complicity in the hard times that seem to fall from nowhere. "A flair for dark comedy and the ability to turn on a dime are prized qualities for these unpredictable characters; time and again, their intrepid investigations lead them into uncharted territory where bizarre dramatic action seems to be the only possible move. Solwitz's fine-toothed examinations of complex emotional states are dead on..."--The New York Times Book Review Sharon Solwitz's first collection of stories, *Blood and Milk*, won the 1998 Carl Sandburg Prize from Friends of the Chicago Public Library, the prize for adult fiction from the Society of Midland Authors, and was a finalist for the National Jewish Book Award. Her short stories, published in such magazines as *TriQuarterly*, *Mademoiselle*, and *Ploughshares*, have won numerous awards, including the Pushcart Prize, the Katherine Anne Porter Prize, and grants and fellowships from the Illinois Arts Council. Currently, along with her husband, poet Barry Silesky, she has worked as fiction editor of *Another Chicago Magazine*. She teaches fiction at Purdue University in Lafayette, Indiana.

Excerpt: Creedence Clearwater Revival (often abbreviated CCR or Creedence) was an American rock band that gained popularity in the late 1960s and early 1970s with a number of successful singles drawn from various albums. The group consisted of lead vocalist, lead guitarist, and primary songwriter John Fogerty, his brother and rhythm guitarist Tom Fogerty, bassist Stu Cook, and drummer Doug Clifford. Their musical style encompassed country rock and swamp rock genres. Despite their San Francisco Bay Area origins, they positioned themselves as Southern rock stylists, singing often about bayous, the Mississippi River, catfish, and other popular elements of Southern iconography. CCR's music is still a staple of American and worldwide radio airplay and often figures in various media. The band has sold 26 million albums in the United States alone. CCR was inducted into the Rock and Roll Hall of Fame in 1993. John Fogerty, Doug Clifford, and Stu Cook (all born 1945) met in junior high school in El Cerrito, California and began playing instrumentals and "juke box standards" together...

The long-awaited memoir from John Fogerty, the legendary singer-songwriter and creative force behind Creedence Clearwater Revival. Creedence Clearwater Revival is one of the most important and beloved bands in the history of rock, and John Fogerty wrote, sang, and produced their instantly recognizable classics: "Proud Mary," "Bad Moon Rising," "Born on the Bayou," and more. Now he reveals how he brought CCR to number one in the world, eclipsing even the Beatles in 1969. By the next year, though, Creedence was falling apart; their amazing, enduring success exploded and faded in just a few short years. Fortunate Son takes readers from Fogerty's Northern California roots, through Creedence's success and the retreat from music and public life, to his hard-won revival as a solo artist who finally found love. Rightly called the saddest story in rock 'n' roll history, this Creedence biography--newly updated with stories from band members, producers, business associates, close friends, and families--recounts the tragic and triumphant tale of one of America's most beloved bands. Hailed as the great American rock band from 1968 to 1971, Creedence Clearwater Revival captured the imaginations of a generation with classic hits like "Proud Mary," "Down on the Corner," "Green River," "Born on the Bayou," and "Who'll Stop the Rain." Mounting tensions among bandmates over vibrant guitarist and lead vocalist John Fogerty's creative control led to the band's demise. Tracing the lives of four musicians who redefined an American roots-rock sound with unequalled passion and power, this music biography exposes the bitter end and abandoned talent of a band left crippled by debt and dissension.

In this book, David Temperley addresses a fundamental question about music cognition: how do we extract basic kinds of musical information, such as meter, phrase structure, counterpoint, pitch spelling, harmony, and key from music as we hear it? Taking a computational approach, Temperley develops models for generating these aspects of musical structure. The models he proposes are based on preference rules, which are criteria for evaluating a possible structural analysis of a piece of music. A preference rule system evaluates many possible interpretations and chooses the one that best satisfies the rules. After an introductory chapter, Temperley presents preference rule systems for generating six basic kinds of musical structure: meter, phrase structure, contrapuntal structure, harmony, and key, as well as pitch spelling (the labeling of pitch events with spellings such as A flat or G sharp). He suggests that preference rule systems not only show how musical structures are inferred, but also shed light on other aspects of music. He substantiates this claim with discussions of musical ambiguity, retrospective revision, expectation, and music outside the Western canon (rock and traditional African music). He proposes a framework for the description of musical styles based on preference rule systems and explores the relevance of preference rule systems to higher-level aspects of music, such as musical schemata, narrative and drama, and musical tension.

This is the story of Mary, who grew up in hard times when she and most people she knew were poor. They had to live off the land and plant and grow all they ate. They made the clothes on their backs and the quilts that covered their bodies on long, cold winter nights. When she married, she married the most handsome man she had ever met; life with him turned out to be hard also. They had dreams of a farm and at least a dozen kids. But things in life do not go as you plan them. They never got the farm, though they came very close to having a dozen children they had ten. Read as Mary faces each battle in life that so many of us can relate to and see just how at the end of her life she can look back and still hold her head up and be known as a Proud Mary. a
