"Over 1,111 answers to everything"--Cover.

They hug and cuddle each other. They slip and slide across the ice and snow. They waddle to and fro with their little pudgy bodies. Let's face it: Penguins are SO CUTE ... and so is this book. They'll warm your heart at even the coldest of temperatures. But there's more to these cutie patooties than meets the eye! They've got some serious skills, too--and loads of attitude! They can dive deep into frigid waters with lightning speed and withstand fierce cold and wind. Some male penguins will even search through piles of stones to find the perfect one and then 'propose' to his mate. Prepare to be charmed by what these adorable cold-weather animals are thinking and wowed by the totally cool penguin facts on every page! This new series from National Geographic Kids combines two wonderful things: supercute photos of all your favorite adorable animals and silly text that will have the whole family laughing. Add to that some great nonfiction content that gets kids learning, and what can we say? This series is just so cute!

As Judy and the rest of the Virginia Dare Bookworms prepare for the Book Quiz Blowout competition against second- and third-grade readers, her team discovers the other group has a fourth-grader and worry about their chance of winning sets in.

Put your general knowledge to the test, and impress your family and friends with your astonishing brainpower and trivia genius. An addictive quiz ebook for all the family featuring 10,000 questions, The Big Quiz Book has something for everyone. With 10 different general knowledge categories - from Science & Technology, Art & Literature, and Natural History, to Food & Drink, Film & TV, and Sport & Leisure - and three increasing levels of difficulty, it offers a fresh and up-to-the-minute quizzing experience that will educate and entertain all the family. Bursting with fascinating facts to boost your trivia knowledge, whatever your specialist subject or your nemesis topic, The Big Quiz Book is perfect for home entertainment and virtual pub quizzes. You won't be able to put it down!

A treasure house of exciting and informative quiz questions. Do you know what a camelopard is? Can you name the postman in the Asterix comics? Can you say offhand which animal is measured in 'hands' rather than feet? Would you be able to reel off the name the first recipient of the Param Vir Chakra? Do you know how many runs Don Bradman scored in his last Test innings, how many moons Venus has, and what the opposite of gravity is? If a number of these questions have got you stumped, never fear. The Hindu Young World Quiz Book 1 is chock-full of information like this, and it has been designed specifically to give you and your friends a rollicking good time even as you learn about new things on every page. This first-ever official quiz book from The Hindu Young World draws on V.V. Ramanan's immensely popular quiz column in Young World, the Saturday children's supplement to The Hindu. It is a companion volume to The Hindu Young World Quiz, currently India's biggest live quiz show for high school students—in 2002 it was held in eleven cities, with 3000 teams from over 1200 schools participating. The 1200 questions that make up this first volume of The Hindu Young World Quiz Book are a heady mix of general knowledge, curious factoids, and trivia. Comprising questions divided into sets of ten, this book is ideal for quizzing with friends, and also for reading on one's own, for information and sheer pleasure.

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

In this fun, fascinating and full-color guide, the fan-favorite heroes of Big Hero 6 introduce young readers to the most fascinating, unusual and downright mind-boggling concepts from science, technology, engineering and math – and of the critical thinking skills they'll need to become super-brain superheroes in their own right! Jam-packed with answers to hundreds of fascinating “why” questions that are sure to keep kids turning pages for hours, this book leverages the STEM backgrounds of the Big Hero 6 characters to make every question and concept relevant to today’s kids. They’ll learn why robots will soon develop AI (whether we want them to or not), why our fingertips wrinkle when they get wet, why the sun is able to eject solar flares into space when there’s no oxygen to feed them, why water sometimes runs uphill, and much, much more. While there are other books for children that try to answer the question “why?,” the Big Hero 6 Super-Brain Science Book of Why is the only one completely devoted to STEM topics, which are a huge focus of children’s education today. What’s more, this book also introduces kids to the concept of “critical thinking,” with sidebars and callouts throughout, challenging readers to understand how the scientists arrived at the conclusions to these STEM-based questions. With publication timed to coincide with the second season of this hit Disney cartoon, this book will help keep young kids educated and entertained year round.

Presents one thousand trivia questions and answers on various subjects, from geography and nature to popular culture and history, as well as map, photographic, and game show quizzes.
