

Rapidex English Speaking Course File

A one of its kind bilingual learning course for learning vernacular languages from Hindi and vice-versa. A sequel to the author's well received book *A Practical Course in Spoken English*, this comprehensive yet compact book provides a practical course for enhancing one's English speaking skills. Divided into six parts and 44 chapters, the book in Part I—The Knowledge Paradigm: The What and Why of Effective Speaking—discusses, among others, about phonetics and phonology, the phonemes, and stress and intonation. Part II—The Skill Paradigm A—Public Speaking Skills—covers such areas as using the 4Rs for effective speaking, combating stage fear, using audio-visual aids, and non-verbal communication. Part III—The Skill Paradigm B—Communicating with People—deals with such topics as making effective telephone calls, celebrating teacher's day, expressing gratitude, participating in group discussions, and participating in TV/radio debate. Part IV—Further Strengthening Your Communication Skills—is devoted to a study of reinforcing the reader's vocabulary through such means as using phrasal verbs, linking words, consulting the Ready Reference Wordbook, and frequently used foreign words and phrases. The final two parts—Part V, The Desire to Achieve: Getting Motivated, and Part VI, Effective English Speaking Skills in Action—provide the meaning and techniques of self-motivation, evaluating daily progress, besides giving some memorable speeches delivered by great speakers like Pandit Jawaharlal Nehru, US Presidents Kennedy and Lincoln, and the civil rights activist, Martin Luther King. The book, written in an accessible and student-friendly manner, is meant for anyone who possesses a fair amount of English speaking skills but wishes to further enhance those skills. Undergraduate students of different disciplines and even plus two students should find the book quite useful and interesting. As acquiring communication skills is a must in today's extremely competitive world, this book would do wonders to the student as well as the lay reader.

In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English. The book has been divided into four convenient units of Grammar, Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of learning English - explained with examples. Carefully selected and graded exercises have also been included throughout the book to give readers ample practice and a complete understanding of the subject. In short, the book follows the modern functional approach to the study of English. So readers, it is definitely a one-stop solution for speaking English!

First published in 1996. Routledge is an imprint of Taylor & Francis, an informa company.

A legendary language learning course undoubtedly! Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only. It has already benefited millions of readers across the country. Experts have unanimously declared it as the best self-study course. Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market. What is the secret of its great popularity? Maybe, a no-nonsense down-to-earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners. In any case it is not just another crash course that begins with a bang but ends with a whimper. Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time. The most important part of this self-study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well aware of its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go

ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. A must for every Indian home.

Are you frustrated with your English study? You want to speak English. Instead, you are taught to write English sentences and memorize grammar rules. There is a better way. The best way for you to learn a language is to speak it. Therefore, the author of SPOKEN ENGLISH LEARNED QUICKLY developed a method so that you can learn English by speaking it even when you do not yet know the language. Two U.S. patent applications have been filed on the method. This new method allows even the beginning student to speak grammatically correct English for two or more hours each day. The Fluency Builder Course provides enough audiotape material for nine months of spoken English study. Through repeating grammatically correct English sentences, you will quickly learn to speak fluently. The course emphasizes correct use of the English verb. SPOKEN ENGLISH LEARNED QUICKLY uses neither beginning nor advanced levels of study - all students use the same course, and are immediately immersed in normal, spoken English. This is a self-taught course for highly motivated students. Fluency is achieved at almost twice the rate attainable with typical ESL courses. www.spokenli.com gives two free demonstration lessons.

Discover the Life-Changing Strategy of This Worldwide Bestseller in 17 Languages! UPDATED: Includes the best habit tracking apps of 2017. Lasting Change For Early Quitters, Burnouts, The Unmotivated, And Everyone Else Too When I decided to start exercising consistently 10 years ago, this is what actually happened: I tried "getting motivated." It worked sometimes. I tried setting audacious big goals. I almost always failed them. I tried to make changes last. They didn't. Like most people who try to change and fail, I assumed that I was the problem. Then one afternoon--after another failed attempt to get motivated to exercise--I (accidentally) started my first mini habit. I initially committed to do one push-up, and it turned into a full workout. I was shocked. This "stupid idea" wasn't supposed to work. I was shocked again when my success with this strategy continued for months (and to this day). I had to consider that maybe I wasn't the problem in those 10 years of mediocre results. Maybe it was my prior strategies that were ineffective, despite being off-repeated as "the way to change" in countless books and blogs. My suspicions were correct. Is There A Scientific Explanation For This? As I sought understanding, I found a plethora of scientific studies that had answers, with nobody to interpret them correctly. Based on the science--which you'll find peppered throughout Mini Habits--we've been doing it all wrong. You can succeed without the guilt, intimidation, and repeated failure associated with such strategies as "getting motivated," New Year's Resolutions, or even "just doing it." In fact, you need to stop using those strategies if they aren't giving you great results. Most popular strategies don't work well because they require you to fight against your subconscious brain (a fight not easily won). It's only when you start playing by your brain's rules and taking your human limitations seriously--as mini habits show you how to do--that you can achieve lasting change. What's A Mini Habit? A mini habit is a very small positive behavior that you force yourself to do every day; its "too small to fail" nature makes it weightless, deceptively powerful, and a superior habit-building strategy. You will have no choice but to believe in yourself when you're always moving forward. The barrier to the first step is so low that even depressed or "stuck" people can find early success and begin to reverse their lives right away. And if you think one push-up a day is too small to matter, I've got one heck of a story for you! Aim For The First Step They say when you aim for the moon, you'll land among the stars. Well, that doesn't make sense, as the moon is closer than the stars. I digress. The message is that you should aim very high and even if you fall short, you'll still get somewhere. I've found the opposite to be true in regards to productivity and healthy behaviors. When you aim for the moon, you won't do anything because it's too far away. But when you aim for the step in front of you, you might keep going and reach the moon. I've used the Mini Habits strategy to get into the best shape of my life, read 10x more books, and write 4x as many words. It started from requiring one push-up from myself every day. How ridiculous is that? Not so ridiculous when you consider the science of the brain, habits, and willpower. The Mini Habits system works because it's how our brains are designed to change. Note: This book isn't for eliminating bad habits (some principles could be useful for breaking habits). Mini Habits is a strategy to create permanent healthy habits in: exercise, writing, reading, thinking positively, meditating, drinking water, eating healthy foods, etc. Lasting change won't happen until you take that first step into a strategy that works. Give Mini Habits a try. You won't look back. The book serves as a complete guide and elaborately explains the different usages of nouns, adjectives, adverbs, phrases, proverbs and so on. Hence, it will undoubtedly serve as a bible for both the lovers and wizards of English language. #v&spublishers
