The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

Francophile Karen Eberwein had always dreamed of becoming fluent in French. She realized that the perfect way to learn is total immersion - in a small village in the Dordogne Valley. So she packs a bag, rents a rustic stone cottage, and spends nearly a year in Cenac-et-Saint-Julien, France. Karen refuses to speak English, vows to speak to anyone who is willing to talk to her, religiously carries a French dictionary, and retains a light-hearted, playful approach to learning the language. She has carefully chosen a village not dominated by tourism, arrived in December, and in a surprisingly short amount of time, the local people befriend her. Claire, her fast-talking neighbor, invites her to dinner (when it is customary to know someone for years before welcoming them inside your home) and to the 31st Exposition Nationale d'Aviculture, where Claire is showing her pigeons. The elderly man down the hill, Jean-Paul, asks Karen along on a truffle hunting adventure, a visit to a hidden, ancient walnut mill, and accompanies her to the local Occitan festival, where he shares childhood and wartime memories. The local baker invites Karen to observe a typical day at the bakery, starting at 3:00 am., to see how the breads and croissants are made. Not to be outdone, the chef at the local restaurant teaches Karen how to make the traditional Garlic Soup in time to serve it to a crowd of locals for lunch. In the process of learning a language, she becomes part of a wonderful French village. Locals who first acknowledged her with a nod, then a handshake, now greet her warmly with kisses on both cheeks. She has gained much more than a language.

Amanda Fisher sees things in her dreams most people don't. Her world is turned upside down when she begins receiving messages through her dreams from her grandmother, who died recently. This leads thirteen-year-old Amanda and her younger brother, Danny, on an adventure where they learn an ancient family secret. They are the last in line of guardians of the mysterious Source Crystals, the most powerful stones in the world. Hunted by the Hraefn Corporation, and horrible, dark creatures who have been after their family for thousands of years, they are caught in a battle between light and dark forces. The guardians seek help from the wise Elders they meet in a mystical place inside the earth. They will be challenged far beyond the training they receive from the Elders. If they are not successful, millions of people will be in danger and the planet will return to the terror of the Dark Ages. A Book Club Discussion Guide is included in the book, perfect for Middle Readers reading groups and study guides. This is the first of a series.

Wealthy David Van Wyck has decided to become a philanthropist and leave his entire vast fortune to the local community. Whilst a noble intention, his family are opposed to the notion as it would leave them penniless. Following a meeting to certify his intentions, David is found dead in a locked room. His beautiful wife Anne is the obvious suspect, but there are many others who would have reason to want David out of the picture. A thrilling whodunnit from the popular author. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, #LanguageHacking shows you how to learn and speak French through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Escal-Vigor (1899) is a novel by Georges Eekhoud. Recognized as a groundbreaking work of LGBTQ literature, Escal-Vigor was praised by some of Belgium's leading critics upon publication, but also led to a trial in which Eekhoud was accused of obscenity. Acquitted, he managed to retain his reputation as a leading writer in Belgium and continued publishing novels and stories, often on homosexuality, until his death in 1927. "Henry, whose nature was passionate and philosophy audacious, told himself, not without reason, that through his affinities, he would feel himself at home amid these beautifully barbarous surroundings, where natural instincts reigned." Having lived freely around Europe, Henry Kehlmark returns to his family's ancestral home, ready to settle down in the role of Dykgrave, or Count. Soon, however, his cosmopolitan ways draw the attention of the local villagers, who mistrust Henry and question his intentions. When the Count strikes up a romantic relationship with the burgomaster's son, an impressionable youth, he risks violent reprisal as a homosexual living in proximity to a traditional, insular people. For once in his life, however, Henry feels like he can be himself, living truthfully and without fear, able to separate himself from the pressures that dogged so many of his loved ones, now deceased. When word of their relationship gets out, however, Henry discovers the limits of provincial hospitality. With a beautifully designed cover and professionally typeset manuscript, this edition of Georges Eekhoud's Escal-Vigor is a classic work of Belgian literature reimagined for modern readers.
