Exam Board: Edexcel Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2017 Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 2 student book. - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book. - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers and an Extended Glossary.

Exam Board: Edexcel Level: AS/A-level Subject: French First Teaching: September

2016 First Exam: June 2017 Endorsed for the Edexcel A Level specification from 2016. Develop all four language skills with a single textbook that has clear progression from GCSE and throughout the new A Level. - Clear progression through four stages of learning: transition, AS, A-level and extension - Develops language skills through reading, listening, speaking and writing tasks, plus translation and research practice - Exposes students to authentic topical stimulus and film and literature tasters for every work - Equips students with the tools they need to succeed with learning strategies throughout - Prepares students for the assessment with advice on the new individual research project and essay-writing - Builds grammar skills with exercises throughout and a detailed grammar reference section Audio resources to accompany the Student Book must be purchased separately through your institution. They can be purchased in several ways: 1) as part of the Dynamic Learning Teaching and Learning resource; 2) as a separate audio download; 3) as part of the Student eTextbook. The Audio resources are not part of the Edexcel endorsement process.

The Edexcel Chemistry for A2 Student Book has been developed by two highly experienced chemistry authors to support the revised Edexcel specification. Every copy of the book is supported by a student's website (powered by Dynamic Learning), providing students with an interactive version of the book enhanced with additional resources such as audiovisual tutorials, data sheets, weblinks and extension questions. Tailored precisely to the Edexcel specification, the Student Book provides both quick 'test yourself' questions and end of chapter review questions. Data analysis exercises and practical guidance are included throughout to help teachers and students address the new How Science Works components and practical skills assessment. The student's website additionally provides: - Audiovisual tutorials that work through selected problems using a voiceover and animated diagrams, graphs and worked calculations - Data sheets - Practical guidance for students - Extension questions to stretch the most able and extension material explaining some ideas in greater depth - Answers to test yourself questions and questions in activities - Chapter summaries and specification checklists help students see where learning objectives and skills are covered in the book. - Useful websites linked to each section

Target success in Edexcel International GCSE Biology with this proven formula for effective, structured revision; key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. - Plan and manage a successful revision programme using the topic-by-topic planner - Consolidate subject knowledge by working through clear and focused content coverage - Test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - Improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid - Get exam ready with extra quick quizzes and answers to the practice questions available online

The Edexcel Chemistry for AS Book and Student's website have been developed by two highly experienced chemistry authors to support the revised Edexcel specifications. The website (powered by Dynamic Learning), provides students with interactive pages enhanced with additional resources. Tailored precisely to the revised Edexcel specification, The Student's Book includes both quick 'Test yourself' questions throughout each of the 19 topics and end of topic Review questions. Activities involving

data analysis and contemporary contexts are also included throughout the book to help teachers and students address the new How Science Works components. The website has a full copy of the book with icons linking it to:

- Learning outcomes showing a complete list of the requirements in the specification to help students see where learning objectives and skills are covered in the book.
- Data tables
- Practical guidance on, for example, risk assessments, errors and uncertainty, titrations and the preparation of organic compounds
- Tutorials that work through selected problems and explain the more difficult concepts using a voiceover and animated diagrams, graphs and worked calculations
- Extension questions to stretch the more able, covering some ideas in greater depth
- Answers to all Test yourself questions and questions in the activities in the Student's Book

We are working towards endorsement of this title for the Edexcel A level specification from 2016. Develop all four language skills with exam-style practice and a thematic approach to the latest specification.

- Ease the transition from GCSE to AS with transitional sub-units covering AS themes
- Equip students with the tools for film and literary analysis
- Build grammar and translation skills with theme-related practice .

Exam Board: Edexcel Level: AS/A-level Subject: German First Teaching: September 2016 First Exam: June 2017 Endorsed for the Edexcel A-level specification from 2016. Develop all four language skills with a single textbook that has clear progression from GCSE and throughout the new A level.

- Clear progression through four stages of learning: transition, AS, A-level and extension
- Develops language skills through reading, listening, speaking and writing tasks, plus translation and research practice
- Exposes students to authentic topical stimulus and film and literature tasters for every work
- Equips students with the tools they need to succeed with learning strategies throughout
- Prepares students for the assessment with advice on the new individual research project and essay-writing
- Builds grammar skills with exercises throughout and a detailed grammar reference section

Audio resources to accompany the Student Book must be purchased separately through your institution. They can be purchased in several ways: 1) as part of the Dynamic Learning Teaching and Learning resource; 2) as a separate audio download; 3) as part of the Student eTextbook. The Audio resources are not part of the Edexcel endorsement process.

Help your students achieve their full potential while ensuring pace, enjoyment and motivation with this unique series from the leading History publisher; developed by expert educators who know how to instil deep subject knowledge and an appetite for lifelong learning.

- Provides distinct approaches to the different components of the 2016 specification, ensuring that your classroom resources are tailored to learners' changing needs as they progress through the curriculum
- Caters for varying learning styles, using an exciting mix of clear narrative, visual stimulus materials and a rich collection of contemporary sources to capture the interest of all students
