

Respect Yourself Stax Records And The Soul Explosion

The story of Stax Records unfolds like a Greek tragedy. A white brother and sister build a record company that becomes a monument to racial harmony in 1960's segregated south Memphis. Their success is startling, and Stax soon defines an international sound. Then, after losses both business and personal, the siblings part, and the brother allies with a visionary African-American partner. Under integrated leadership, Stax explodes as a national player until, Icarus-like, they fall from great heights to a tragic demise. Everything is lost, and the sanctuary that flourished is ripped from the ground. A generation later, Stax is rebuilt brick by brick to once again bring music and opportunity to the people of Memphis. Set in the world of 1960s and '70s soul music, *Respect Yourself* is a story of epic heroes in a shady industry. It's about music and musicians -- Isaac Hayes, Otis Redding, Sam and Dave, Wilson Pickett, the Staple Singers, and Booker T. and the M.G.'s, Stax's interracial house band. It's about a small independent company's struggle to survive in a business world of burgeoning conglomerates. And always at the center of the story is Memphis, Tennessee, an explosive city struggling through heated, divisive years. Told by one of our leading music chroniclers, *Respect Yourself* brings to life this treasured cultural institution and the city that created it.

The long-awaited memoir of Booker T. Jones, leader of the famed Stax Records house band, architect of the Memphis soul sound, and one of the most legendary figures in music. From Booker T. Jones's earliest years in segregated Memphis, music was the driving force in his life. While he worked paper routes and played gigs in local nightclubs to pay for lessons and support his family, Jones, on the side, was also recording sessions in what became the famous Stax Studios—all while still in high school. Not long after, he would form the genre-defining group Booker T. and the MGs, whose recordings went on to sell millions of copies, win a place in Rolling Stone's list of top 500 songs of all time, and help forge collaborations with some of the era's most influential artists, including Otis Redding, Wilson Pickett, and Sam & Dave. Nearly five decades later, Jones's influence continues to help define the music industry, but only now is he ready to tell his remarkable life story. *Time is Tight* is the deeply moving account of how Jones balanced the brutality of the segregationist South with the loving support of his family and community, all while transforming a burgeoning studio into a musical mecca. Culminating with a definitive account into the inner workings of the Stax label, as well as a fascinating portrait of working with many of the era's most legendary performers—Bob Dylan, Willie Nelson, and Tom Jones, among them—this extraordinary memoir promises to become a landmark moment in the history of Southern Soul.

The vivid history of Beale Street—a lost world of swaggering musicians, glamorous madams, and ruthless politicians—and the battle for the soul of Memphis. Following the Civil War, Beale Street in Memphis, Tennessee, thrived as a cauldron of sex and song, violence and passion. But out of this turmoil emerged a center of black progress, optimism, and cultural ferment. Preston Lauterbach tells this vivid, fascinating story through the multigenerational saga of a family whose ambition, race pride, and moral complexity indelibly shaped the city that would loom so large in American life. Robert Church, who would become “the South’s first black millionaire,” was a mulatto slave owned by his white father. Having survived a deadly race riot in 1866, Church

constructed an empire of vice in the booming river town. He made a fortune with saloons, gambling, and—shockingly—white prostitution. But he also nurtured the militant journalism of Ida B. Wells and helped revolutionize American music through the work of composer W.C. Handy, the man who claimed to have invented the blues. In the face of Jim Crow, the Church fortune helped fashion the most powerful black political organization of the early twentieth century. Robert and his son, Bob Jr., bought and sold property, founded a bank, and created a park and auditorium for their people finer than the places whites had forbidden them to attend. However, the Church family operated through a tense arrangement with the Democrat machine run by the notorious E. H. “Boss” Crump, who stole elections and controlled city hall. The battle between this black dynasty and the white political machine would define the future of Memphis. Brilliantly researched and swiftly plotted, Beale Street Dynasty offers a captivating account of one of America’s iconic cities—by one of our most talented narrative historians.

A gripping narrative that captures the tumult and liberating energy of a nation in transition, Sweet Soul Music is an intimate portrait of the legendary performers--Sam Cooke, Ray Charles, James Brown, Solomon Burke, Aretha Franklin, Otis Redding, and Al Green among them--who merged gospel and rhythm and blues to create Southern soul music. Through rare interviews and with unique insight, Peter Guralnick tells the definitive story of the songs that inspired a generation and forever changed the sound of American music. This enhanced edition includes: Exclusive video footage prepared specifically for the enhanced eBook that has never been seen before. Rare audio clips.

Little Willie John lived for a fleeting 30 years, but his dynamic and daring sound left an indelible mark on the history of music. His deep blues, rollicking rock ‘n’ roll and swinging ballads inspired a generation of musicians, forming the basis for what we now know as soul music. Born in Arkansas in 1937, William Edward John found his voice in the church halls, rec centers and nightclubs of Detroit, a fertile proving ground that produced the likes of Levi Stubbs and the Four Tops, Stevie Wonder, Aretha Franklin, Diana Ross and the Supremes, Smokey Robinson and Hank Ballard and the Midnighters. One voice rose above the rest in those formative years of the 1950s, and Little Willie John went on to have 15 hit singles in the American rhythm & blues chart, with considerable cross-over success in pop. Some of his songs might be best known by their cover versions (“Fever” by Peggy Lee, “Need Your Love So Bad” by Fleetwood Mac and “Leave My Kitten Alone” by The Beatles) but Little Willie John’s original recording of these and other songs are widely considered to be definitive, and it is this sound that is credited with ushering in a new age in American music as the 1950s turned into the 60s and rock ‘n’ roll took its place in popular culture. The soaring heights of Little Willie John’s career are matched only by the tragic events of his death, cutting short a life so full of promise. Charged with a violent crime in the late 1960s, an abbreviated trial saw Willie convicted and incarcerated in Walla Walla Washington, where he died under mysterious circumstances in 1968. In this, the first official biography of one of the most important figures in rhythm & blues history, author Susan Whitall, with the help of Little Willie John’s eldest son Kevin John, has interviewed some of the biggest names in the music industry and delved into the personal archive of the John family to produce an unprecedented account of the man who invented soul music. “Little Willie John is the soul singer’s soul singer.” – Marvin Gaye “My mother told me, if you call

Read Free Respect Yourself Stax Records And The Soul Explosion

yourself 'Little' Stevie Wonder you'd better be as good as Little Willie John." – Stevie Wonder "Willie John was one of the most brilliant singers you would ever want to come across, bar none. There are things that were great, there are things that were good. Willie John was past great." – Sam Moore "Little Willie John did not know how to sing wrong, know what I mean?"– Dion "Little Willie John was a soul singer before anyone thought to call it that." –James Brown

Robert Plant by Paul Rees is the definitive biography of Led Zeppelin's legendary frontman. As lead singer for one of the biggest and most influential rock bands of all time—whose song "Stairway to Heaven" has been played more times on American radio than any other track—Robert Plant defined what it means to be a rock god. Over the course of his twenty-year career, British music journalist and editor Paul Rees has interviewed such greats as Sir Paul McCartney, Bruce Springsteen, Madonna, Bono, and AC/DC. Rees now offers a full portrait of Robert Plant for the first time, exploring the forces that shaped him, the ravaging highs and lows of the Zeppelin years—including his relationship with Jimmy Page and John Bonham—and his life as a solo artist today. Illustrated with more than two dozen photographs, Robert Plant: A Life is the never-before-told story of a gifted, complicated music icon who changed the face of rock 'n' roll.

Traces the rise and fall of the original Stax Records, touching upon the racial politics in Memphis in the 1960s, the personal histories of the sibling founders, and the prominent musicians they featured.

Ministry: The Lost Gospels is both ugly and captivating, revealing a character who has lived a hard life his way, without compromise. Jourgensen, one of the most innovative and prolific artists ever to pick up a guitar, mandolin, harmonica, or banjo, wanted to be a musician, yet became a rock star. And fame and fortune almost killed him. An IV drug abuser from the age of fifteen, Jourgensen delved deeper into heroin, cocaine, methadone, and alcohol for twenty-two years before cleaning up, straightening out, and finding new reasons to live. Filled with humor, heart, decadence, and tragedy, Ministry depicts the epic life of a renegade iconoclast.

In June of 1964, three young, white blues fans set out from New York City in a Volkswagen, heading for the Mississippi Delta in search of a musical legend. So begins Preachin' the Blues, the biography of American blues signer and guitarist Eddie James "Son" House, Jr. (1902 - 1988). House pioneered an innovative style, incorporating strong repetitive rhythms with elements of southern gospel and spiritual vocals. A seminal figure in the history of the Delta blues, he was an important, direct influence on such figures as Muddy Waters and Robert Johnson. The landscape of Son House's life and the vicissitudes he endured make for an absorbing narrative, threaded through with a tension between House's religious beliefs and his spells of commitment to a lifestyle that implicitly rejected it. Drinking, womanizing, and singing the blues caused this tension that is palpable in his music, and becomes explicit in one of his finest performances, "Preachin' the Blues." Large parts of House's life are obscure, not least because his own accounts of them were inconsistent. Author Daniel Beaumont offers a chronology/topography of House's youth, taking into account evidence that conflicts

sharply with the well-worn fable, and he illuminates the obscurity of House's two decades in Rochester, NY between his departure from Mississippi in the 1940s and his "rediscovery" by members of the Folk Revival Movement in 1964.

Beaumont gives a detailed and perceptive account of House's primary musical legacy: his recordings for Paramount in 1930 and for the Library of Congress in 1941-42. In the course of his research Beaumont has unearthed not only connections among the many scattered facts and fictions but new information about a rumoured murder in Mississippi, and a charge of manslaughter on Long Island - incidents which bring tragic light upon House's lifelong struggles and self-imposed disappearance, and give trenchant meaning to the moving music of this early blues legend.

A comprehensive look at Elvis' days on tour, from his earliest performance in a school gym through his later years performing in Las Vegas, accompanied by photographs, clippings, and tickets from the Graceland archives

A celebration of 78 rpm record subculture reveals the growing value of rare records and the determined efforts of their collectors and archivists, exploring the music of blues artists who have been lost to the modern world.

WINNER OF THE PENDERYN MUSIC BOOK PRIZE 2018In the 1950s and 1960s, Memphis, Tennessee, was the launch pad of musical pioneers such as Aretha Franklin, Elvis Presley, Johnny Cash, Al Green and Isaac Hayes, and by 1968 was a city synonymous with soul music. It was a deeply segregated city, ill at ease with the modern world and yet to adjust to the era of civil rights and racial integration. Stax Records offered an escape from the turmoil of the real world for many soul and blues musicians, with much of the music created there becoming the soundtrack to the civil rights movements. The book opens with the death of the city's most famous recording artist, Otis Redding, who died in a plane crash in the final days of 1967, and then follows the fortunes of Redding's label, Stax/Volt Records, as its fortunes fall and rise again. But, as the tense year unfolds, the city dominates world headlines for the worst of reasons: the assassination of civil rights leader Martin Luther King.

In celebration of the 20th anniversary of Merge Records, founders Mac and Laura offer first-person accounts--with the help of their colleagues and Merge artists--of their work, their lives, and the culture of making music. Hundreds of personal photos of the bands, along with album cover art, concert posters, and other memorabilia are included.

Stubble scuffed up their chins. Tobacco wads ballooned their cheeks. The 1993 Philadelphia Phillies had the look of a slow-pitch softball team itching to kick some serious butt. They did kick butt, too, on and off the field. "They lived the life of professional baseball players as fully as it can be done," manager Jim Fregosi said. Though they weren't a photogenic bunch, their mugs were everywhere, on "Baseball Today," on David Letterman, and on "Saturday Night Live." Even President Clinton quipped about them. The updated softcover edition of Robert Gordon's and Tom Burgoyne's *More than Beards, Bellies and Biceps: The Story of the 1993 Phillies (And the Phillie Phanatic Too)* tells the complete story of this

gang of baseball throwbacks that quickly seduced the hometown fans. By season's end they had won over the rest of the country, too. America's Most Wanted Team became America's Team in a heart-thumping World Series against Toronto. The '93 Phils drew more spectators than any other Philadelphia franchise in the city's century-and-a-quarter of professional sports. More than Beards, Bellies and Biceps offers the story of a team that burned the candle at both ends and lit up a city like a firecracker.

A Hudson Booksellers Best Non-Fiction Book of the Year, with foreword by Wilco's Jeff Tweedy High Fidelity meets Killing Yourself to Live when one man searches for his lost record collection. As he finds himself within spitting distance of middle-age, journalist Eric Spitznagel feels acutely the loss of... something. Freedom? Maybe. Coolness? Could be. The records he sold in a financial pinch? Definitely. To find out for sure, he sets out on a quest to find the original vinyl artifacts from his past. Not just copies. The exact same records: The Bon Jovi record with his first girlfriend's phone number scrawled on the front sleeve. The KISS Alive II he once shared with his little brother. The Replacements Let It Be he's pretty sure, 20 years later, would still smell like weed. As he embarks on his hero's journey, he reminisces about the actual records, the music, and the people he listened to it with—old girlfriends, his high school pals, and, most poignantly, his father and his young son. He explores the magic of music and memory as he interweaves his adventures in record-culture with questions about our connection to our past, the possibility of ever recapturing it, and whether we would want to if we could. "Memories are far more indelible when married to the physical world, and Spitznagel proves the point in this vivid book. We love vinyl records because they combine the tactile, the visual, the seeable effects of age and care and carelessness. When he searches for the records he lost and sold, Spitznagel is trying to return to a tangible past, and he details that process with great sensitivity and impact."—Dave Eggers, New York Times bestselling author of The Circle

"Lauterbach's tribute . . . is welcome and overdue." —Jonathan Yardley, Washington Post For generations, "chitlin' circuit" has meant second tier—brash performers in raucous nightspots far from the big-city limelight. Now, music journalist Preston Lauterbach combines terrific firsthand reportage with deep historical research to offer a groundbreaking account of the birth of rock 'n' roll in black America.

When we think of Otis Redding, we remember his classic hits, from 'The Dock of the Bay' and 'Shake' to 'Try a Little Tenderness' and 'Respect,' a song we often forget that he penned before Aretha Franklin made it famous. We know his music, yet we know very little about his life, which ended tragically at the age of 26, at the height of his career. According to Jonathan Gould, that knowledge gap is a shame because, while Redding might not have been as gifted as Ray Charles or as smooth as Sam Cooke, Otis - not Marvin Gaye, not James Brown, not Stevie Wonder - is 'the purest distillation of what we talk about when we talk about

'soul.' Now, in this biography, we'll finally get a fitting look at the unfinished life of the man some call 'the King of Soul.' That said, this book is not just about Redding and his music; it is also about the times from which they emerged

Chronicles the life of the songwriter and record producer who authored several rhythm and blues classics, from his work with the greats of the fifties and sixties to his untimely but expected early death at age thirty-eight.

“A winning look at the stories behind 45 pop, punk, folk, soul and country classics” in the words of Mick Jagger, Stevie Wonder, Cyndi Lauper and more (The Washington Post). Every great song has a fascinating backstory. And here, writer and music historian Marc Myers brings to life five decades of music through oral histories of forty-five era-defining hits woven from interviews with the artists who created them, including such legendary tunes as the Isley Brothers' Shout, Led Zeppelin's Whole Lotta Love, Janis Joplin's Mercedes Benz, and R.E.M.'s Losing My Religion. After receiving his discharge from the army in 1968, John Fogerty did a handstand—and reworked Beethoven's Fifth Symphony to come up with Proud Mary. Joni Mitchell remembers living in a cave on Crete with the mean old daddy who inspired her 1971 hit Carey. Elvis Costello talks about writing (The Angels Wanna Wear My) Red Shoes in ten minutes on the train to Liverpool. And Mick Jagger, Jimmy Page, Rod Stewart, the Clash, Jimmy Cliff, Roger Waters, Stevie Wonder, Keith Richards, Cyndi Lauper, and many other leading artists reveal the emotions, inspirations, and techniques behind their influential works. Anatomy of a Song is a love letter to the songs that have defined generations of listeners and “a rich history of both the music industry and the baby boomer era” (Los Angeles Times Book Review).

Nick Hornby meets Patti Smith, Mean Streets meets A Visit From the Goon Squad in this quintessential New York City story about two people who knew each other in the downtown music scene in the 1980s, meet again in the present day, and fall in love. Mike knew June in New York's downtown music scene in the eighties. Back then, he thought she was “the living night—all the glamour and potential of a New York night when you're 25.” Now he's twice divorced and happy to be alone—so happy he's writing a book about it. Then he meets June again. “And here she was with a raincoat over the back of the chair talking about getting a divorce and saying she's done with relationships. Her ice-calm eyes are the same, the same her glory of curls.” Jacket Weather is about awakening to love—dizzying, all-consuming, worldview-shaking love—when it's least expected. It's also about remaining alert to today's pleasures—exploring the city, observing the seasons, listening to the guys at the gym—while time is slipping away. Told in fragments of narrative, reveries, recipes, bits of conversation and snatches of weather, the book collapses a decade in Mike and June's life and shifts a reader to a glowing nostalgia for the present.

The popular singer traces the story of her life and career from her Arizona upbringing in a musical family and her rise to stardom in Southern California to her role in shaping 1970s sounds and her collaborations with fellow artists.

“Evokes the fire of Redding. . . . Ribowsky tells the story with nonstop energy, while always probing for the larger social and musical pictures.” —New York Times Book Review When he died in one of rock's string of tragic plane crashes, Otis Redding was only twenty-six, yet already the avatar of a new kind of soul music. The beating heart of Memphis-based Stax Records, he had risen to fame belting out gospel-flecked blues in stage performances that seemed to ignite not only a room but an entire

generation. If Berry Gordy's black-owned kingdom in Motown showed the way in soul music, Redding made his own way, going where not even his two role models who had preceded him out of Macon, Georgia—Little Richard and James Brown—had gone. Now, in this transformative work, New York Times Notable Book author Mark Ribowsky contextualizes his subject's short career within the larger cultural and social movements of the era, tracing the crooner's rise from preacher's son to a preacher of three-minute soul sermons. And what a quick rise it was. At the tender age of twenty-one, Redding needed only a single unscheduled performance to earn a record deal, his voice so "utterly unique" (Atlantic) that it catapulted him on a path to stardom and turned a Memphis theater-turned-studio into a music mecca. Soon he was playing at sold-out venues across the world, from Finsbury Park in London to his ultimate conquest, the 1967 Monterey Pop Festival in California, where he finally won over the flower-power crowd. Still, Redding was not always the affable, big-hearted man's man the PR material painted him to be. Based on numerous new interviews and prodigious research, *Dreams to Remember* reintroduces an incredibly talented yet impulsive man, one who once even risked his career by shooting a man in the leg. But that temperament masked a deep vulnerability that was only exacerbated by an industry that refused him a Grammy until he was in his grave—even as he shaped the other Stax soul men around him, like Wilson Pickett, Sam and Dave, and Booker T. and The MG's. As a result, this requiem is one of great conquest but also grand tragedy: a soul king of truth, a mortal man with an immortal voice and a pain in his heart. Now he, and the forces that shaped his incomparable sound, are reclaimed, giving us a panoramic of an American original who would come to define an entire era, yet only wanted what all men deserve—a modicum of respect and a place to watch the ships roll in and away again. Exploring interwoven threads of personality, coincidence, progress, and taste--all essentially unrelated to music--a veteran journalist explains how popular culture and business intersected in Memphis to set the stage for rock and roll well before Elvis arrived. Reprint.

Copiously researched and documented, *Hit Men* is the highly controversial portrait of the pop music industry in all its wild, ruthless glory: the insatiable greed and ambition; the enormous egos; the fierce struggles for profits and power; the vendettas, rivalries, shakedowns, and payoffs. Chronicling the evolution of America's largest music labels from the Tin Pan Alley days to the present day, Fredric Dannen examines in depth the often venal, sometimes illegal dealings among the assorted hustlers and kingpins who rule over this multi-billion-dollar business. Updated with a new last chapter by the author.

In this first official visual history of the label, new research, a dazzling array of images, and unprecedented access to the archives of the makers and stars of Motown lend new insight to the legend. In addition to extensive specially commissioned photography of treasures extracted from the Motown archives, as well as the personal collections of Barney Ales and Motown stars, *Motown: The Sound of Young America* draws on interviews with key players from the label's colorful history, including Motown founder Berry Gordy, Barney Ales, Smokey Robinson, Mary Wilson, founding member of the Supremes, and many more.

Wilson Pickett was arguably the greatest male soul screamer of the 1960s and '70s. With a career spanning half a century, he sold millions of albums and tens of millions of singles, leaving a legacy of unforgettable hits, including "In the Midnight Hour," "Land of 1000 Dances," and "Mustang Sally." A first ballot inductee into the Rock and Roll Hall of Fame, Pickett collaborated with some of the biggest names in '60s and '70s pop, rock, and soul, and his passionate stage performances frequently garnered invasions by frenzied audience members of all colors eager to bask-and dance-in his radiant aura. A musician of rare instinct with an unmistakable intensity and charisma, the "Wicked" Pickett was for many the living embodiment of soul. In the first biography of this legendary artist, veteran music journalist Tony Fletcher goes far beyond anecdote, weaving the turns of Pickett's extraordinary career into the larger story of black American music in the late 20th Century. As Fletcher shows, from his childhood in the gospel-rich cotton fields of Alabama to his early career in pre-Motown Detroit and long tenure at Atlantic Records, Wilson Pickett always positioned himself at the cutting edge of rhythm 'n' blues and soul. By the time he was thirty, Pickett had five #1 R&B hits, rubbed shoulders with the likes of James Brown, Otis Redding and the Who, and traveled to Ghana with Ike and Tina Turner, Santana and others to headline the first American popular music package to visit the continent. As with so many artists of his generation, the price of superstardom was a career punctuated by violence and drug abuse, with fits of erratic and wild behavior leading to a career slump and two jail terms in the late 1990s before a late career redemption. Drawn from extensive interviews with the singer's close family and friends and regular members of his studio and touring bands, *In the Midnight Hour* is a narrative portrait of one of the greatest voices of soul and a rare window into the social upheavals that surrounded him, the genre he helped shape along the way, and the pitfalls of the fame that success brought him. Do you have a child, or know of a child, who is failing in school because he or she has "turned off" to the learning process? These children need to have their negative thinking, problems, and behaviors changed in order to rid themselves of anger, depression, and other learning obstacles and to become happy and successful students with a positive outlook. Robert and Myrna Gordon have more than thirty years of experience as classroom teachers, resource specialists, and educational therapists—they know what works! Trust them and *The Turned-Off Child* to inform you about the ways you can see the troubled child become a winner!

Tracing the development of the Moog synthesizer from its initial conception to its ascension to stardom in 'Switched-on Bach', this text conveys the consequences of a technology that would provide the soundtrack for a chapter in cultural history.

A witty, candid, sharply written memoir by the cofounder of Steely Dan In his entertaining debut as an author, Donald Fagen—musician, songwriter, and cofounder of Steely Dan—reveals the cultural figures and currents that shaped his

artistic sensibility, as well as offering a look at his college days and a hilarious account of life on the road. Fagen presents the “eminent hipsters” who spoke to him as he was growing up in a bland New Jersey suburb in the early 1960s; his colorful, mind-expanding years at Bard College, where he first met his musical partner Walter Becker; and the agonies and ecstasies of a recent cross-country tour with Michael McDonald and Boz Scaggs. Acclaimed for his literate lyrics and complex arrangements as a musician, Fagen here proves himself a sophisticated writer with his own distinctive voice. It started with the searing sound of a slide careening up the neck of an electric guitar. In 1970, twenty-three-year-old Bruce Iglauer walked into Florence’s Lounge, in the heart of Chicago’s South Side, and was overwhelmed by the joyous, raw Chicago blues of Hound Dog Taylor and the HouseRockers. A year later, Iglauer produced Hound Dog’s debut album in eight hours and pressed a thousand copies, the most he could afford. From that one album grew Alligator Records, the largest independent blues record label in the world. *Bitten by the Blues* is Iglauer’s memoir of a life immersed in the blues—and the business of the blues. No one person was present at the creation of more great contemporary blues music than Iglauer: he produced albums by Koko Taylor, Albert Collins, Professor Longhair, Johnny Winter, Lonnie Mack, Son Seals, Roy Buchanan, Shemekia Copeland, and many other major figures. In this book, Iglauer takes us behind the scenes, offering unforgettable stories of those charismatic musicians and classic sessions, delivering an intimate and unvarnished look at what it’s like to work with the greats of the blues. It’s a vivid portrait of some of the extraordinary musicians and larger-than-life personalities who brought America’s music to life in the clubs of Chicago’s South and West Sides. *Bitten by the Blues* is also an expansive history of half a century of blues in Chicago and around the world, tracing the blues recording business through massive transitions, as a genre of music originally created by and for black southerners adapted to an influx of white fans and musicians and found a worldwide audience. Most of the smoky bars and packed clubs that fostered the Chicago blues scene have long since disappeared. But their soul lives on, and so does their sound. As real and audacious as the music that shaped it, *Bitten by the Blues* is a raucous journey through the world of Genuine Houserockin’ Music.

“A biography that will send readers back to the music of Mavis and the Staple Singers with deepened appreciation and a renewed spirit of discovery” (Kirkus Reviews, starred review)—from the acclaimed music journalist and author featured prominently in the new HBO documentary *Mavis!* This is the untold story of living legend Mavis Staples—lead singer of the Staple Singers and a major figure in the music that shaped the civil rights era. One of the most enduring artists of popular music, Mavis and her talented family fused gospel, soul, folk, and rock to transcend racism and oppression through song. Honing her prodigious talent on the Southern gospel circuit of the 1950s, Mavis and the Staple Singers went on to sell more than 30 million records, with message-oriented soul music that became a soundtrack to the civil rights

movement—inspiring Martin Luther King, Jr. himself. Critically acclaimed biographer and Chicago Tribune music critic Greg Kot cuts to the heart of Mavis Staples's music, revealing the intimate stories of her sixty-year career. From her love affair with Bob Dylan, to her creative collaborations with Prince, to her recent revival alongside Wilco's Jeff Tweedy, this definitive account shows Mavis as you've never seen her before. *I'll Take You There* was written with the complete cooperation of Mavis and her family. Readers will also hear from Prince, Bonnie Raitt, David Byrne, and many others whose lives have been influenced by Mavis's talent. Filled with never-before-told stories, this fascinating biography illuminates a legendary singer and group during a historic period of change in America. "Ultimately, Kot depicts the endurance of Mavis Staples and her family's music as an inspiration, a saga that takes us, like the song that inspired this book's name, to a place where ain't nobody crying" (The Washington Post).

Until his death aged thirty-three in 1982, Lester Bangs wrote wired, rock 'n' roll pieces on Iggy Pop, The Clash, John Lennon, Kraftwerk, Lou Reed. As a rock critic, he had an eagle-eye for distinguishing the pre-packaged imitation from the real thing; written in a conversational, wisecracking, erotically charged style, his hallucinatory hagiographies and excoriating take-downs reveal an iconoclast unafraid to tell it like it is. To his journalism he brought the talent of a great a renegade Beat poet, and his essays, reviews and scattered notes convey the electric thrill of a music junky indulging the habit of a lifetime. As Greil Marcus writes in his introduction, 'What this book demands from a reader is a willingness to accept that the best writer in America could write almost nothing but record reviews.'

Walk the halls of the famous studio that produced hits for Otis Redding, Isaac Hayes, Sam and Dave, and Booker T. and the MGs. Soulsville, U.S.A. provides the first history of the groundbreaking label along with compelling biographies of the promoters, producers, and performers who made and sold the music. Over 45 photos. Winner of the 1998 ASCAP-Deems Taylor Award Winner of the ARSC Award for Best Research in Record Labels

Los Angeles Times Bestseller "Authoritative and impressive." –Los Angeles Times "Monumental." –Guardian A magisterial, riveting movement history of Los Angeles in the Sixties Los Angeles in the sixties was a hotbed of political and social upheaval. The city was a launchpad for Black Power—where Malcolm X and Angela Davis first came to prominence and the Watts uprising shook the nation. The city was home to the Chicano Blowouts and Chicano Moratorium, as well as being the birthplace of "Asian American" as a political identity. It was a locus of the antiwar movement, gay liberation movement, and women's movement, and, of course, the capital of California counterculture. Mike Davis and Jon Wiener provide the first comprehensive movement history of L.A. in the sixties, drawing on extensive archival research and dozens of interviews with principal figures, as well as the authors' storied personal histories as activists. Following on from Davis's awardwinning L.A. history, *City of Quartz, Set the Night on Fire* is a historical tour de force, delivered in scintillating and fiercely beautiful prose.

Visuals of all kinds (photographs, checklists, line drawings, cartoons, flowcharts, stick figures, etc.) are commonly used as supports for individuals on the autism spectrum who tend to think and learn visually. However, not all visuals are created equal and, therefore, visuals

don't all work equally well. This companion to Learning With a Visual Brain in an Auditory World helps the reader understand how to match the developmental levels of pictures and visuals to the developmental level of the person looking at the visual. In this way, appropriate visuals provide the language development for children with autism spectrum disorders. Drawing from their experience with children and youth for decades, the authors also show how effective communication can help reduce the confusion and anxiety that often lead to behavioral outbursts.

Respect Yourself Stax Records and the Soul Explosion Bloomsbury Publishing USA

Memphis, Tennessee. The early 1950s. The Mississippi rolls by, and there's a train in the night. Down on Beale Street there's hard-edged blues, on the outskirts of town they're pickin' hillbilly boogie. At Sam Phillips' Sun Records studio on Union Avenue, there's something different going on. "Shake it, baby, shake it!" "Go, cat, go!" "We're gonna rock..." This is where rock 'n' roll was born--the record company that launched Elvis Presley, Jerry Lee Lewis, Johnny Cash, Roy Orbison, and Carl Perkins. The label that brought the world, "Blue Suede Shoes," "Whole Lotta Shakin' Goin' On," "Breathless," "I Walk the Line," "Mystery Train," "Baby, Let's Play House," "Good Rockin' Tonight." Good Rockin' Tonight is the history, in words and over 240 photographs, of Sam Phillips' legendary storefront studio, from the early days with primal blues artists like Howlin' Wolf and B.B. King to the long nights in the studio with Elvis and Jerry Lee. As colorful and energetic as the music itself, it's a one-of-a-kind book for anyone who wants to know where it all started.

"Blues, being the wellspring of all American music for over a century, is always worth studying. Robert does it right." --Keith Richards "An emotional map of musical Memphis. If you don't know these characters, let Robert Gordon introduce you." --Elvis Costello "Robert Gordon's book is proof that Southern heritage is American heritage, and all sorts of people--black and white, familiar and strange, dead and alive--are what it is." --Greil Marcus Profiles and stories of Southern music from the acclaimed author of Respect Yourself: Stax Records and the Soul Explosion. The fabled city of Memphis has been essential to American music--home of the blues, the birthplace of rock and roll, a soul music capital. We know the greatest hits, but celebrated author Robert Gordon takes us to the people and places history has yet to record. A Memphis native, he whiles away time in a crumbling duplex with blues legend Furry Lewis, stays up late with barrelhouse piano player Mose Vinson, and sips homemade whiskey at Junior Kimbrough's churning house parties. A passionate listener, he hears modern times deep in the grooves of old records by Lead Belly and Robert Johnson. The interconnected profiles and stories in Memphis Rent Party convey more than a region. Like mint seeping into bourbon, Gordon gets into the wider world. He beholds the beauty of mistakes with producer Jim Dickinson (Replacements, Rolling Stones), charts the stars with Alex Chilton (Box Tops, Big Star), and mulls the tragedy of Jeff Buckley's fatal swim. Gordon's Memphis inspires Cat Power, attracts Townes Van Zandt, and finds James Carr always singing at the dark end of the street. A rent party is when friends come together to hear music, dance, and help a pal through hard times; it's a celebration in the face of looming tragedy, an optimism when the wolf is at the door. Robert Gordon finds mystery in the mundane, inspiration in the bleakness, and revels in the individualism that connects these diverse encounters.
