Although the cry for justice in human society is an important theme in the Bible, in many church and academic circles action for and discourse about social justice is carried on without a thorough exploration of this theme in Scripture. This volume brings together chapters by experts in the various sections of the Old and New Testaments to give a full spectrum of what the Bible has to say about social justice, and to point to ways forward for Christians seeking to think and act in harmony with God in pursuing social justice in the world today.

With this new lectionary commentary series, Westminster John Knox offers the most extensive resource for preaching on the market today. When complete, the twelve volumes of the series will cover all the Sundays in the three-year lectionary cycle, along with movable occasions, such as Christmas Day, Epiphany, Holy Week, and All Saints' Day. For each lectionary text, preachers will find four brief essays--one each on the theological, pastoral, exegetical, and homiletical challenges of the text. This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion. The editors and contributors to this series are world-class scholars, pastors, and writers representing a variety of denominations and traditions. And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary, each volume will contain an index of biblical passages so that nonlectionary preachers, as well as teachers and students, may make use of its contents.

A profound exploration of the Bible's most controversial book—from the author of *Beyond Belief* and *The Gnostic Gospels* The strangest book of the New Testament, filled with visions of the Rapture, the whore of Babylon, and apocalyptic writing of the end of times, the Book of Revelation has fascinated readers for more than two thousand years, but where did it come from? And what are the meanings of its surreal images of dragons, monsters, angels, and cosmic war? Elaine Pagels, New York Times bestselling author and "the preeminent voice of biblical scholarship to the American public" (*The Philadelphia Inquirer*), elucidates the true history of this controversial book, uncovering its origins and the roots of dissent, violence, and division in the world's religions. Brilliantly weaving scholarship with a deep understanding of the human needs to which religion speaks, Pagels has written what may be the masterwork of her unique career.

WHY A REVELATION? In a Revelation of Conflict for the Soul Becoming, there is a question that is being asked of all who might pick up this book and press through from cover to cover. The premise of this writing is to ask you one simple question and to ask it in many different applications as our lives are all moving through distinct seasons. Why does anyone need a revelation? It is for the purpose of gaining a knowing that comes not from this realm but from the realm where this domain was created. If that peaks your interest then I can't wait for you to read and glean and ask for more of why? WHY NOW? Why now is not for me to answer as much as it is for the Lord of Heaven to reveal to you, why not now? We wake up, we go to sleep and we wake up, maybe? The time is now! It is time to answer the question that has not been asked in a way that has brought you the confirmation that you need. You need to know, and you need to be known! The time is now and it is now for this reason; tomorrow is a hope and just because it is, does not mean that you are guaranteed to have it, at least in this kingdom.

WHY ME? Why you is for one simple reason. Until the revelation becomes in you, you will never know why and for what purpose you were

created. You were created to become the Bride of Christ. This was always the Father's desire, that you would have intimacy with Him. THE QUESTION IS THIS: ARE YOU WHO YOU SAY YOU ARE OR ARE YOU SOMETHING ELSE?

The Book of Revelation. The Apocalypse. Words that often call to mind bizarre creatures, strange seals, dreadful plagues, and a slew of other mystifying symbols. Most of us approach this last book of the Bible with forebodings rather than hope. To us John's vision seems more like a nightmare. But the elderly apostle begins with a statement that doesn't seem to fit the rest of the book: "The revelation of Jesus Christ." Apparently he intends to unveil something tremendously important about Jesus. Something life-changing. Something we can't afford to miss. Larry Lichtenwalter explores a side of Revelation seldom portrayed: Christ's passionate love for humanity. This recurring theme subtly appears in the imagery and symbolism throughout John's vision. The slain Lamb. The divine protective sealing. The blood-bleached-white robes. The heart-wrenching prayer of the saints. Without Christ's love, these scenes and symbols would mean nothing. Ultimately John's vision reveals the extraordinary love of our Savior for His rebellious, undeserving children-and the incredible reasons we can love Him in return.

This unique eBook edition of Algernon Blackwood's collected novels has been formatted to the highest digital standards and

adjusted for readability on all devices. Algernon Blackwood (1869-1951) was an English short story writer and novelist, one of the most prolific writers of ghost stories in the history of the genre. Though Blackwood wrote a number of horror stories, his most typical work seeks less to frighten than to induce a sense of awe. Good examples are the novels *The Centaur*, which climaxes with a traveler's sight of a herd of the mythical creatures; and *Julius LeVallon* and its sequel *The Bright Messenger*, which deal with reincarnation and the possibility of a new, mystical evolution in human consciousness. Table of Contents: *Jimbo: A Fantasy The Education of Uncle Paul The Human Chord The Centaur A Prisoner in Fairyland: Sequel to The Education of Uncle Paul The Extra Day Julius LeVallon The Wave The Promise of Air The Garden of Survival The Bright Messenger; Sequel to Julius LeVallon* Offers a fresh appraisal of the ascent of Christ to the third heaven in 2 Corinthians 12, proposing that it records a failed, not a successful, ascent into heaven.

This is a study of how American theologian Jonathan Edwards (1703-58) battled deist arguments about revelation and God's fairness to non-Christians. Author Gerald McDermott argues that Edwards was preparing before his death a sophisticated theological response to Enlightenment religion that was unparalleled in the eighteenth century and surprisingly generous toward non-Christian traditions.

Elisabeth Schussler Fiorenza charts a new and provocative course in the interpretation of the book of Revelation. She recognizes not only the ideological distortions but also the sociopolitical location of the Apocalypse. In this way she opens to the reader the world of vision of this powerful New Testament book. This book has three major sections: (1) an introduction that centers on social location and rhetorical analysis; (2) the commentary; and (3) a theo-ethical rhetorical reading of the visionary world of the book of Revelation under the headings of empire, tribulation, resistance, and competing voices.

The object of Dr Owen in this treatise is to illustrate the mystery of divine grace in the person of Christ. It bears the title, ""The Christology of John Owen;" but it differs considerably from modern works of the same title or character. It is not occupied with a formal induction from Scripture in proof of the supreme Godhead of the Saviour. Owen assumes the truth of this doctrine, and applies all his powers and resources to expound its relations in the Christian system, and its bearings on Christian duty and experience.

This interdisciplinary book breaks new ground by systematically examining ways in which two of the most important works of late medieval English literature – Julian of Norwich’s Revelations of Love and William Langland’s Piers Plowman – arose from engagement with the biblical Apocalypse and exegetical writings. The study contends that the exegetical approach to the Apocalypse is more extensive in Julian’s Revelations and more sophisticated in Langland’s Piers Plowman than previously thought, whether through a primary textual influence or a discernible Joachite influence. The author considers the implications of areas of confluence, which both writers reapply and emphasise – such as spiritual warfare and other salient thematic elements of the Apocalypse, gender issues, and Julian’s explications of her vision of the soul as city of Christ and all believers (the fulcrum of her eschatologically-focused Aristotelian and Augustinian influenced pneumatology). The liberal soteriology implicit in Julian’s ‘Parable of the Lord and the Servant’ is specifically explored in its Johannine and Scotistic Christological emphasis, the absent vision of hell, and the eschatological ‘grete dede’, vis-à-vis a possible critique of the prevalent hermeneutic.
