Learn about the early life of Abraham Lincoln in this picture book biography that Kirkus Reviews calls "a moving tribute to the power of books and words." In a tiny log cabin a boy listened with delight to the storytelling of his ma and pa. He traced letters in sand, snow, and dust. He borrowed books and walked miles to bring them back. When he grew up, he became the sixteenth president of the United States. His name was Abraham Lincoln. He loved books. They changed his life. He changed the world. How did the rhinoceros get his wrinkly skin? Why won't cats come when they're called? How did one curious elephant change the lives of all elephants? These eight best-loved stories give answers to these and other intriguing questions.

Rikki-tikki tavi, a young mongoose, becomes a hero when he saves Teddy, a little boy, and his parents from Nag and Nagaina, the deadly cobras.

Ten years later he was sent home to America. Upon arrival, he learned an epidemic had wiped out his entire village. But God had plans for Squanto. God delivered a Thanksgiving miracle: an English-speaking Indian living in the exact place where the Pilgrims landed in a strange new world.

*Steam Tactics* is a short story by Rudyard Kipling. Joseph Rudyard Kipling (30 December 1865 - 18 January 1936) was an English short-story writer, poet, and novelist. He wrote tales and poems of British soldiers in India and stories for children. He was born in Bombay, in the Bombay Presidency of British India, and was taken by his family to England when he was five years old. Kipling's works of fiction include *The Jungle Book* (a collection of stories which includes "Rikki-Tikki-Tavi"), the *Just So Stories* (1902), *Kim* (1901), and many short stories, including "The Man Who Would Be King" (1888). His poems include "Mandalay" (1890), "Gunga Din" (1890), "The Gods of the Copybook Headings" (1919), "The White Man's Burden" (1899), and "If-" (1910). He is regarded as a major innovator in the art of the short story; his children's books are enduring classics of children's literature; and one critic described his work as exhibiting "a versatile and luminous narrative gift." Kipling was one of the most popular writers in England, in both prose and verse, in the late 19th and early 20th centuries. Henry James said: "Kipling strikes me personally as the most complete man of genius (as distinct from fine intelligence) that I have ever known." In 1907, he was awarded the Nobel Prize in Literature, making him the first English-language writer to receive the prize, and its youngest recipient to date. Among other honours, he was sounded out for the British Poet Laureateship and on several occasions for a knighthood, all of which he declined. Kipling's subsequent reputation has changed according to the political and social climate of the age and the resulting contrasting views about him continued for much of the 20th century. George Orwell called him a "prophet of British imperialism." Literary critic Douglas Kerr wrote: "He [Kipling] is still an author who can inspire passionate disagreement and his place in literary and cultural history is far from settled. But as the age of the European empires recedes, he is recognised as an incomparable, if controversial, interpreter of how empire was experienced. That, and an increasing recognition of his extraordinary narrative gifts, make him a force to be reckoned with.
