Watches are worthwhile investments. Of course not all watches, but only certain ones, special ones, selected ones. But not so special that you could not just buy them. At least some of them. How to recognize what in this form of investment pays off, this book is all about. Like all luxury goods, a watch must be rare and in demand to rise in value. Therefore, all consumer goods decrease in value – but not luxury goods: Luxury goods are rare, not available, scarce, durable and timeless, thus stable in value and therefore in demand. This book will give you all the details of investing in luxury watches in a nutshell and focused on the crucial information, so once you've read it, you immediately can go and buy your first watch as an investment.

On the streets of a democratic Russia, espionage, civil war and Mafiya control dominate a new kind of battlefield. Bolan's mission: locate, extract and deliver a ruthless Russian arms dealer to a transport team ready to take him back to the United States to stand trial. But the Russian made friends in high places—CIA, FBI, KGB—during his career as both a player and a pawn. With compromising leaks high up in counterintelligence circles, and a hard force of specialized handlers keeping him alive and doing deals with rogue nations, the arms merchant is a hard man to get to, much less take alive. Bolan doesn't get hung up on odds, risk or the roll of the dice. He's focused on a mission gone sour in hostile territory—and his personal commitment to finishing by any means necessary.

Freelance journalist Emily Merton has moved back to her hometown. For the first time in seventeen years she will be spending August 16 there—the anniversary of the day her childhood innocence died. While doing her best to block the date from her mind, she gets an assignment that throws her right back into the horror of that day and threatens to take away the one thing she has managed to hold on to since that time: her pride. But will it also give her an opportunity to solve the riddles that have plagued her all these years? And does she even want to solve them?

In this smart, engaging book, Lee Eisenberg, best-selling author of *The Number: A Completely Different Way to Think about the Rest of Your Life*, leads us on a provocative and entertaining tour of America's love/hate affair with shopping, a pursuit that, even in hard times, remains a true national pastime. Why do we shop and buy the way we do? In a work that will explain much about the American character, Eisenberg chronicles the dynamics of selling and buying from almost every angle. Neither a cheerleader for consumption nor an anti-consumerist scold, he

explores with boundless curiosity the vast machinery aimed at inducing us to purchase everything from hair mousse to a little black dress. He leads us, with understated humor, into the broad universe of marketing, retailing, advertising, and consumer and scientific research--an arsenal of powerful forces that combine to form what he calls "The Sell Side." Through the rest of the book, Eisenberg leads us through the "Buy Side" -- a journey directly into our own hearts and minds, asking among other questions: What are we really looking for when we buy? Why are we alternately excited, guilt-ridden, satisfied, disappointed, and recklessly impulsive? What are our biases, need for status, impulses to self-express, that lead us individually to buy what we buy? Are you a classic buyer (your head wants to do the right thing), or a romantic buyer (your heart just wants to have fun)? How do men and women differ in their attitudes towards shopping, and does the old cliché -- "Women shop, men buy" -- apply any longer? Of special interest are the author's findings on the subject of What Makes a Good Buy? We all purchase things that we sooner or later regret, but what are the guidelines for making purchases that we'll never regret? What, for instance, defines the perfect gift? Brimming with wit and surprise, Shoptimism will be delightful and instructive reading for anyone with a credit card and a healthy curiosity about American culture, through good times and bad. For here, in one vivid journey, is a memorable, panoramic portrait of our everyday self-delusions, desires, and dreams.

PRESENTATION: HOW TO KNOW EVERYTHING ABOUT THE ROLEX GMT-MASTER The GMT-Master was created to meet the needs of Pan American Airways to supply its pilots with a wristwatch able to indicate the time back home and the time in their arrival destination simultaneously. It was necessary to give the pilots a "technical" wristwatch, which indicated simultaneously the two different times. It is from this point that the request arose from Pan Am to Rolex, to create a new watch for modern age aviators: a watch with two time zones. The name GMT-Master was chosen... Are you a watch collector and you need information about the Rolex GMT-Master? Are you a watch dealer and you want to know exactly what you are buying and selling? Do you want to know the real value of your GMT-Master? For all this and much much more, this book is perfect for you. You will also know the current value of every GMT-Master. TOPICS With high quality images, technical details and updated prices, this book shows and describes every GMT-Master and GMT-Master II reference. For each watch this guide explains every characteristic: crystal, bakelite bezel, anodized aluminium bezel, Cerachrom bezel, bracelet, case

back, winding crown, case number with production year, dial, movement, hands, etc. Furthermore, the book shows: “Albino”, bachelite, “Batman”, bracelets, calibers, “circular” indexes, “circular edged” indexes, “Cornino” crown guards, “standard” crown guards, GMT hand with small arrow, Green Dial, Oysterlock, sunken holes, vintage advertisements, Underline, box, papers, the “Ice” model, “Chuck Yeager”, “Tiffany & Co.”, “Mission Everest”, dials with Arab coats of arms, ... Attached are the updated estimates of every modern and vintage Rolex GMT-Master.
