Class reunions: a time for memories—good, bad, and, as Virgil Flowers is about to find out, deadly—in this New York Times bestselling thriller from John Sandford. Virgil knows the town of Tripton, Minnesota, a little too well. A few years back, he investigated the corrupt—and as it turned out, homicidal—local school board, and now the town's back in view with more alarming news: A woman's been found dead, frozen in a block of ice. There's a possibility that it might be connected to a high school class of twenty years ago that has a mid-winter reunion coming up, and so, wrapping his coat a little tighter, Virgil begins to dig into twenty years' worth of traumas, feuds, and bad blood. In the process, one thing becomes increasingly clear to him. It's true what they say: High school is murder.

The extraordinary new Lucas Davenport thriller from the number one New York Times bestselling author and Pulitzer Prize winner John Sandford. 'He knows where the bodies are buried.' A familiar expression, often said with a laugh. But in Lucas Davenport's line of work, it's sometimes all too true.... When a county deputy is called out to an abandoned farmhouse in the cornfields of Minnesota by a couple of terrified teenagers, he finds that a body has been stuffed down a cistern. And then another, and another. By the time Lucas Davenport is called in, the police are up to fifteen bodies, and counting. And when Lucas begins to investigate, he makes some disturbing discoveries of his own. The victims have been killed over a great many years, one every summer, regular as clockwork. How could this have happened without anybody noticing? Because one thing was for sure: The killer has to live close by. He is probably even someone they see every day...

Fan-favorite heroes Lucas Davenport and Virgil Flowers join forces on a deadly maritime case in the remarkable new novel from #1 New York Times bestselling author John Sandford. An off-duty Coast Guardsman is fishing with his family when he calls in some suspicious behavior from a nearby boat. It's a snazzy craft, slick and outfitted with extra horsepower, and is zipping along until it slows to pick up a surfaced diver . . . a diver who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense unless there's something hinky going on, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. When the FBI's investigation stalls out, they call in Lucas Davenport. And when his case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers.

Lucas Davenport confronts an old nemesis, now a powerful U.S. senator, in this thrilling #1 New York Times bestselling new novel in the Prey series. Lucas Davenport had crossed paths with her before. A rich psychopath, Taryn Grant had run successfully for the U.S. Senate, where Lucas had predicted she'd fit right in. He was also convinced that she'd been responsible for three murders, though he'd never been able to prove it. Once a psychopath had gotten that kind of rush, though, he or she often needed another fix, so he figured he might be seeing her again. He was right. A federal marshal now, with a very wide scope of investigation, he's heard rumors that Grant has found her seat on the Senate intelligence committee, and the contacts she's made from it, to be very...useful. Pinning those rumors down was likely to be just as difficult as before, and considerably more dangerous. But they had unfinished business, he and Grant. One way or the other, he was going to see it through to the end.

Lucas Davenport investigates an unsettling series of murders in this classic novel in the #1 New York Times bestselling series—and this one is John Sandford “at the top of his game” (New York Post)... In life she was a high-profile model. In death she is the focus of a media firestorm that's demanding action from Lucas Davenport. One of his own men is a suspect in her murder. FEATURING A NEW INTRODUCTION BY THE AUTHOR

Years ago, Lucas Davenport almost died at the hands of Clara Rinker, a pleasant, soft-spoken, low-key Southerner, and the best hitwoman in the business. Now retired and living in Mexico, she nearly dies herself when a sniper kills her boyfriend, the son of a local druglord, and while the boy's father vows vengeance, Rinker knows something he doesn't: The boy wasn't the target—she was—and now she is going to have to disappear to find the killer herself. The FBI and DEA draft Davenport to help track her down, and with his fiancée deep in wedding preparations, he's really just as happy to go—but he has no idea what he's getting into. For Rinker is as unpredictable as ever, and between her, her old bosses in the St. Louis mob, the Mexican druglord, and the combined, sometimes warring, forces of U.S. law enforcement, this is one case that will get more dangerous as it goes along. And when the crossfire comes, anyone standing in the middle won't stand a chance.... Filled with the rich characterization and exceptional drama that are his hallmarks, *Mortal Prey* proves that John Sandford just keeps getting better.

Don't miss this “sexy, bloody thriller”(Publishers Weekly) in #1 New York Times bestselling author John Sandford's Prey series... The first body is of a young woman, found on a Minneapolis riverbank, her throat cut, her body scourged and put on display. Whoever did this, Lucas Davenport knows, is pushed by brain chemistry. There is something wrong with him. This isn't a bad love affair. The second body is found three weeks later, in a farmhouse six miles south. Same condition, same display—except this time it is a man. Nothing to link the two victims, nothing to indicate that the killings end here. “This guy...” Lucas said. He took a deep breath, let it out as a sigh. “This guy is going to bust our chops.” And soon he is going to do far, far worse than that...

And there is worse to come—much, much worse. “All but impossible to put down.”—The Washington Post “Fast paced and full of surprises, this may be Sandford's best novel yet.”—Library Journal

The novel that introduced Minneapolis cop Lucas Davenport-and John Sandford's deft touch for heartstopping suspense...

It's the dead of winter, and a killer like no other is turning a small Wisconsin town into a death trap-one that's closing in on Lucas Davenport.

A senseless slaughter leads Lucas Davenport down a twisted path in this thriller from the #1 New York Times bestselling author. Lucas Davenport has seen many terrible murder scenes. This is one of the worst. In the Minnesota town of Wayzata, an entire family has been killed—husband, wife, two kids, dogs. On the wall, in blood: “Were coming.” No apostrophe. There’s something about the scene that tugs at Lucas’s cop instincts—it looks an awful lot like the kind of scorched-earth retribution he’s seen from Mexican drug gangs. But this is a seriously upscale town, the husband ran a modest software company, the wife dabbled in local politics. None of it seems to fit. Until it does...

He seems like such a nice man. You’d never guess what was going on in his mind... Art history professor James Qatar has a hobby: he takes secret photographs of women to fuel more elaborate fantasies. When he’s alone. Behind locked doors. Then one day, he goes a step further and... well, one thing leads to another. Qatar has no choice. He has to kill her. And you know something? He likes it. When Deputy Chief Lucas Davenport takes the case, he assumes it’ll be straightforward police work. He couldn’t be more wrong. As the investigation trail takes some unexpected turns, it becomes clear that nothing is straightforward about this killer, his victims, or his motives. And to stop him Lucas has no choice but to walk right into his lair.

The problem is: the killings may not be cartel hits—they may be carried out by corrupt cops looking to get information, and then silence the source. Or, as the veteran investigators will soon discover, they could be dealing with a very different kind of killer—and to draw him out, Lily and Amelia will have to pose as bait. Among this group of wildly impassioned, diametrically opposed zealots lurks a killer, and it will be up to Virgil to sort the murderer from the mere maniacs.
