On a day when everything goes wrong for him, Alexander is consoled by the thought that other people have bad days too. From the best-selling author of *The Wind-Up Bird Chronicle* and *After Dark*, a rich and revelatory memoir about writing and running, and the integral impact both have made on his life. In 1982, having sold his jazz bar to devote himself to writing, Haruki Murakami began running to keep fit. A year later, he'd completed a solo course from Athens to Marathon, and now, after dozens of such races, not to mention triathlons and a slew of critically acclaimed books, he reflects upon the influence the sport has had on his life and—even more important—on his writing. Equal parts training log, travelogue, and reminiscence, this revealing memoir covers his four-month preparation for the 2005 New York City Marathon and includes settings ranging from Tokyo's Jingu Gaien gardens, where he once shared the course with an Olympian, to the Charles River in Boston among young women who outpace him. Through this marvellous lens of sport emerges a cornucopia of memories and insights: the eureka moment when he decided to become a writer, his greatest triumphs and disappointments, his passion for vintage LPs, and the experience, after the age of fifty, of seeing his race times improve and then fall back. By turns funny and sobering, playful and philosophical, *What I Talk About When I Talk About Running* is both for fans of this masterful yet guardedly private writer and for the exploding population of athletes who find similar satisfaction in distance running.

What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom

Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism-as though he has forgotten that he is reporting on himself. Tom is even less forgiving-he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." —Michael Jackson, *The Beer Hunter(r)* "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" —Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" —Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." —Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, *The Road to Success: How to Manage Growth* "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously

undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." —Ken Grossman, founder, Sierra Nevada Brewing Co.

This short story is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a "temporary nervous depression – a slight hysterical tendency", a diagnosis common to women during that period.

An intimate trip through queer history. "An absolute tour de force." ?Maggie Nelson Strobing lights and dark rooms; throbbing house and drag queens on counters; first kisses, last call: the gay bar has long been a place of solidarity and sexual expression—whatever your scene, whoever you're seeking. But in urban centers around the world, they are closing, a cultural demolition that has Jeremy Atherton Lin wondering: What was the gay bar? How have they shaped him? And could this spell the end of gay identity as we know it? In *Gay Bar*, the author embarks upon a transatlantic tour of the hangouts that marked his life, with each club, pub, and dive revealing

itself to be a palimpsest of queer history. In prose as exuberant as a hit of poppers and dazzling as a disco ball, he time-travels from Hollywood nights in the 1970s to a warren of cruising tunnels built beneath London in the 1770s; from chichi bars in the aftermath of AIDS to today's fluid queer spaces; through glory holes, into Crisco-slicked dungeons and down San Francisco alleys. He charts police raids and riots, posing and passing out—and a chance encounter one restless night that would change his life forever. The journey that emerges is a stylish and nuanced inquiry into the connection between place and identity—a tale of liberation, but one that invites us to go beyond the simplified Stonewall mythology and enter lesser-known battlefields in the struggle to carve out a territory. Elegiac, randy, and sparkling with wry wit, *Gay Bar* is at once a serious critical inquiry, a love story and an epic night out to remember.

Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling.
