"A spiritual guidebook for living life through love, not fear"--Provided by the publisher.

Compiles three previously published works that discuss the author's approach to parenting, strategies for disciplining difficult children, and tips for dealing with the problems that children face. New Holland's Horoscopes are the ultimate oracles for 2005. Fun and entertaining, these 12 astrological guides are written by well-known astrologer Yasmin Boland. They feature a personality profile for each star sign as well as forecasts on love, health, money, work and life lessons for 2005. Also included is a week by week review of the events that are predicted to take place in your life, as well as Yasmin's exclusive Moon Meditations - an explanation of the movements and phases of the Moon and how they influence your mood and everyone else's.

The law plays an important role in influencing social welfare policy and social work practice. Court decisions in policy areas, whether the rulings are perceived as positive or negative, determine what social welfare policy is and what social workers do. By reading this book, social work students will gain a useful understanding of and application of key legal concepts that influence social welfare policy. Instead of just telling students that the law has a major influence on social welfare policy, this book will teach students basic constitutional and legal principles as well as how and why the law shapes social welfare policies and social work practices. For example, students will learn that one legal concept, such as the liberty component in the Fourteenth Amendment to the U.S. Constitution, affects a social worker's professional reputation, adoption, mental health treatment in an institutional setting, receipt of public assistance from a state where a person has just moved, dismissal of a student from a school of social work, and child welfare.

Preparing the Performer is a 'must have' manual for all string players and instructors! Enjoyably readable, this volume is chock full of ideas, secrets, upgrades and inspiration from dealing with the practice blahs to tips for elegant bow technique. Hollander's delightfully light touch unites practicality with wisdom.

Iris Sandford is a very successful private investigator who brings in big name clients, and keeps affairs out of the public eye. Her clients range from CEOs, professional athletes, models, to the mailman. Business is booming; however, some cases require more attention than others as Iris tries to balance work and her own personal issues. Yet when the scandals hit too close to home can Iris objectively conduct business as usual or get consumed by the drama? Set in the beautiful city of Chicago, Dangerous Indulgences is a tale of love, lust, and seduction told only as Isis could with steamy sex scenes to accompany the plot. It is indeed an exciting read that will touch all of your emotions with its intense, yet fun characters who will live in your head well after you close the book.

Every hundred years, tradition dictates that all eligible females in Sweetwater assemble for the choosing ceremony. Two vampire kings have separate territories within the surrounding countryside. Both are eager to pick their future brides. What a waste of her freaking time. Tanya is among the many women at the choosing ceremony. As far as she's concerned it's an outdated, sexist event and if it wasn't mandatory she so wouldn't be here. It's not important that the two males are ridiculously rich and handsome. Deep down she knows a plain Jane like her will never be picked by one of the kings anyway. Many of the women in the town square are stunningly beautiful and model thin. Most seem enthusiastic about being a queen even if it means being mated to a blood sucker, which suits her just fine. Imagine her surprise though when King Brant sets his sights firmly on her. Once a vampire king has decided, there's no going back. But her home is in Sweetwater. Being forced to live amongst the vampire species...big gulp...forced to mate with a vampire...is not what she had in mind for herself. Maybe she can convince him to let her go, to pick again. If not, she'll have to find a way to escape his - very muscled and rather delicious - clutches.

In this classic football story by popular children's author Ralph Henry Barbour, readers are introduced to Dan Vinton, a good looking, well-built and kind mannered young man from a small town in Ohio. He is 15 years old and attending the prestigious boarding school Yardley Hall in Pennsylvania. At school, his biggest wish is to play for the football team which was struggling with the new rule allowing the "forward pass" in a game. Making the team, however, proves to be more difficult than he originally thought. Barbour specialized in juvenile sports fiction and was a master at describing the excitement of the games and the determination of the players. Published in 1908, two years after football's revolutionary rule changes, this story is a fun and unique account of the sport's formative years.

In every major city, there exists a complex exchange between urban space and the institution of the theatre. City Stages is an interdisciplinary and materialist analysis of this relationship as it has existed in Toronto since 1967. Locating theatre companies ? their sites and practices ? in Toronto?s urban environment, Michael McKinnie focuses on the ways in which the theatre has adapted to changes in civic ideology, environment, and economy. Over the past four decades, theatre in Toronto has been increasingly implicated in the civic self-fashioning of the city and preoccupied with the consequences of the changing urban political economy. City Stages investigates a number of key questions that relate to this pattern. How has theatre been used to justify certain forms of urban development in Toronto? How have local real estate markets influenced the ways in which theatre companies acquire and use performance space? How does the analysis of theatre as an urban phenomenon complicate Canadian theatre historiography? McKinnie uses the St. Lawrence Centre for the Arts and the Toronto Centre for the Performing Arts as case studies and considers theatrical companies such as Theatre Passe Muraille, Toronto Workshop Productions, Buddies in Bad Times, and Necessary Angel in his analysis. City Stages combines primary archival research with the scholarly literature emerging from both the humanities and social sciences. The result is a comprehensive and empirical examination of the relationship between the theatrical arts and the urban spaces that house them.

The My Itty-Bitty Bio series are biographies for the earliest readers. This book examines the life of teen professional tennis player Coco Gauff in a simple, age-appropriate way that will help children develop word recognition and reading skills. Includes a table of contents, author biography, timeline, glossary, index, and other informative backmatter.

This book investigates how bilingualism affects children's language, cognitive and narrative abilities. The data sample derives from 209 8-12 years old bilingual children, in three different targeted languages (Greek-English, Greek-German, Greek-Albanian) along with 100 monolingual Greek children. The children completed baseline and experimental tasks measuring their vocabulary, grammar, cognitive skills, and narrative production abilities. The outcome of this work reveals that learning to read and write in two languages is beneficial for the development of language and cognitive skills. A strong case can be made to the growing bilingual communities in Germany and beyond to provide literacy training in both languages within mainstream schools, afternoon classes outside of the curriculum or in community schools.
