Unveiled Mysteries' describes Godfre Ray King's encounter with the ascended master, St. Germain. The account is extremely in-depth and detailed, and is vital reading for anyone with an interest in the subject of ascension. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

This book is written as a result of a personal conviction of the value of incorporating historical material into the teaching of chemistry, both at school and undergraduate level. Indeed, it is highly desirable that an undergraduate course in chemistry incorporates a separate module on the history of chemistry. This book is therefore aimed at teachers and students of chemistry, and it will also appeal to practising chemists. While the last 25 years has seen the appearance of a large number of specialist scholarly publications on the history of chemistry, there has been little written in the way of an introductory overview of the subject. This book fills that gap. It incorporates some of the results of recent research, and the text is illustrated throughout. Clearly, a book of this length has to be highly selective in its coverage, but it describes the themes and personalities which in the author's opinion have been of greatest importance in the development of the subject. The famous American historian of science, Henry Guerlac, wrote: 'It is the central business of the historian of science to reconstruct the story of the acquisition of this knowledge and the refinement of its method or methods, and perhaps above all to study science as a human activity and learn how it arose, how it developed and expanded, and how it has influenced or been influenced by man's material, intellectual, and even spiritual aspirations' (Guerlac, 1977). This book attempts to describe the development of chemistry in these terms.

The Emerald Tablet—an ancient document that contains the essence of the alchemical teachings—has had an important influence on many Western spiritual and religious traditions. Ostensibly concerned with turning base metals into gold, alchemy was in fact dedicated to transforming the lead of self into the gold of spirit. This brilliant history of alchemy traces its sources back to ancient Egypt, and presents alchemy as a useful, practical system of self-transformation. Each of the seven steps of alchemical transformation is explained, with hands-on techniques and exercises, treating alchemy as a living discipline for achieving a spiritual awakening.

"“Reads like a detective thriller! It picks you up and never lets go of you.” —Jess Stearn, bestselling author of Edgar Cayce, The Sleeping Prophet Ancient texts reveal that Jesus spent 17 years in the Orient. They say that from age 13 to age 29, Jesus traveled to India, Nepal, Ladakh and Tibet as both student and teacher. For the first time, Elizabeth Clare Prophet brings together the testimony of four eyewitnesses—and three variant translations—of these remarkable documents. She tells the intriguing story of how Russian journalist Nicolas Notovitch discovered the manuscripts in 1887 in a monastery in Ladakh. Critics “proved” they did not exist—then three distinguished scholars and educators rediscovered them in the twentieth century. Now you can read for yourself what Jesus said and did prior to his Palestinian mission. It’s one of the most revolutionary messages of our time.”

Alchemy Rediscovered and Restored is a book by Archibald Cockren published in 1941. Cockren discusses not only the alleged history of alchemy, but also makes the claims that he had rediscovered and perfected the alchemical methods and that he had successfully created the philosopher's stone.

"The Chela and the Path contains personal instruction from the master El Morya for all spiritual seekers and chelas (students of a spiritual teacher). As El Morya Khan at the conclusion of the nineteenth century, he is known for his efforts in founding the Theosophical Society with the adept Koot Hoomi and for his far-reaching work in bringing together the ancient spiritual truths of the East with the traditions of the West. El Morya's instruction came in part in the form of personal letters addressed to a handful of disciples of the “Mahatma of the Himavat.” Those letters are now on file with the British Museum in London. Now, with the incomparable skill of a Zen master, El Morya teaches us in The Chela and the Path to see beneath the surface of daily life and the ego of the lesser self to become who we really are. He calls us to “experience life with the faculties of the soul” as we learn and practice the keys to self-mastery on the spiritual path. A foundational work for all who aspire to a higher level of consciousness and spirituality.”

"The great lights who have come out of all the world's spiritual traditions and graduated from earth's schoolroom have become widely known as masters. They demonstrate that in the world of Spirit, there is no division of race, religion or philosophy—there is simply oneness, ineffable sweetness and love. What is not so widely known is that these great masters have retreats—temples and cities of light in the heaven world—where we can go in spiritual meditation and while our bodies sleep at night. In this comprehensive work, Mark and Elizabeth Prophet talk about these great masters, the stories of their lives and their magnificent spiritual retreats.”

"We have all been here before . . . The word karma has made it into the mainstream. But not everyone knows what it really means or how to deal with it. This insightful book will help you come to grips with karmic connections from past lives that have helped create the circumstances of your life today. You'll discover how your actions in past lives—good and bad—affect which family you're born into, who you're attracted to, and why some people put you on edge. You'll learn about group karma, what we do between lives, and what the great lights of East and West, including Jesus, have to say about karma and reincarnation. Most of all, you'll find out how to turn your karmic encounters into grand opportunities to shape the future you want.”

Explores the power of radiant aura, explaining that to create an effulgent, rainbow-colored energy field--supercharged with light and spiritual purpose--we must first enter into the space of being where all life is felt and embraced as sacred.

The Alchemy Key

"Voltaire called him the "man who never dies and knows everything." The Count Saint Germain turned base metals into gold, removed the flaws from diamonds and discovered the elixir of youth. In the eighteenth century, this "Wonderman of Europe" was the confidant of kings and a friend to the poor. Today the master Saint Germain shows that miracles are nothing more than the natural outgrowth of the practice of spiritual alchemy. In this greatest of all self-help books, he describes the principles of alchemy and how you can use them in your own life to bring about spiritual, mental, emotional and physical transformation."

"In the 1700s, Saint Germain dazzled royal courts with his amazing alchemical feats such as removing the flaws from diamonds and became known as the Wonderman of Europe. His skills were praised by Louis XV, who provided him a laboratory and residence at the royal castle of Chambord. He formed secret societies and was a leading figure in the Rosicrucians, Freemasons and Knights Templar of the period. This intriguing book reveals many key roles the master Saint Germain has played throughout history and today as the immortal sponsor of the Aquarian Age. It also shares his priceless alchemical secrets for personal transformation."

The adventures of a seductive immortal in Nero's Rome from a Bram Stoker Award winner: "Nobody does historical vampire fiction better" (Laurell K. Hamilton). Since 1978, Chelsea Quinn Yarbro has produced about two dozen novels and numerous short stories detailing the life of a character first introduced to the reading world as Le Comte de Saint Germain. We first meet him in Paris during the reign of Louis XV when he is, apparently, a wealthy, worldly, charismatic aristocrat, envied and desired by many but fully known to none. In fact, he is a vampire, born in the Carpathian Mountains in 2119 BCE, turned in his late thirties in 2080 BCE, and destined to roam the world forever, watching and participating in history and, through the author, giving us an amazing perspective on the time tapestry of human civilization. In Blood Games, beginning during the reign of Nero, Saint Germain finds his way through the political turmoil of the time and becomes the lover of the incomparable Atta Olivia Clemens.

Facsimile of 1935 Edition. This volume contains the author's second group of experiences with Saint Germain. These experiences were the result of his applying the knowledge he had previously learned, as described in Unveiled Mysteries. "I LEFT you, my reader, at the end of Unveiled Mysteries, with the Great Ascended Master Lanto sending forth His Blessing to America and mankind from the Retreat in the Royal Teton. In this book I shall describe another group of important and wonderful experiences which I was privileged to have during those months of association with our Beloved Ascended Master Saint Germain." Herein the author continues his conversation with St. Germain, an Ascended Master, who is able to manipulate the fabric of reality. In Unveiled Mysteries the author, Guy Ballard, using the pen name Godfré Ray King, describes a series of astral trips in time and space with St. Germain. They travelled to lost civilizations in South America and the Sahara, as well as well-stocked bunkers of the ancients in the Grand Tetons, Yellowstone, and Mount Shasta. The author and St. Germain revisit past lives as citizens of Atlantis and Mu, and they turn out to be relatives. A final chapter mentions encounters with entities from Venus.

HOW DO WE VERIFY THE TEACHINGS? These Teachings are as old as Man, and according to them, man has been in physical embodiment on Planet Earth for 18 million years, since Lemurian times or the last third of the 3rd Root Race. There has never been a time on Earth when the Teachings were not available somewhere. All books that claim Great

Antiquity including the Bible are a Translation or a Distillation of a previous Work. The Higher Teachings have remained Hidden, for the most part, since the Fall of Man, since the time when we were all individually able to walk and talk with Angels and Higher Beings. In the Beginning we were aware of our Higher Self and then Earth and Humanity began to densify. Because there is a Hierarchy for this planet as there is for every planet, star and celestial body, that Hierarchy was allowed to interpret the Law from a level of Absolute Clarity of Vision into practice on the planet while still allowing the use of Free Will for humanity. There could be no evolution, or learning, without the possibility of choice. In the Divine Plan, all was a covenant from the beginning.
