

Salem

Between June 10 and September 22, 1692, nineteen people were hanged for practicing witchcraft in Salem, Massachusetts. One person was pressed to death, and over 150 others were jailed, where still others died. *The Story of the Salem Witch Trials* is a history of that event. It provides a much needed synthesis of the most recent scholarship on the subject, places the trials into the context of the Great European Witch-Hunt, and relates the events of 1692 to witch-hunting throughout seventeenth century New England. This complex and difficult subject is covered in a uniquely accessible manner that captures all the drama that surrounded the Salem witch trials. From beginning to end, the reader is carried along by the author's powerful narration and mastery of the subject. While covering the subject in impressive detail, Bryan Le Beau maintains a broad perspective on events, and wherever possible, lets the historical characters speak for themselves. Le Beau highlights the decisions made by individuals responsible for the trials that helped turn what might have been a minor event into a crisis that has held the imagination of students of American history. Describes the witch hunt that took place in Stamford, Connecticut, in 1692, detailing the story of Kate Branch, a seventeen-year-old afflicted by strange visions and given to wails of pain and fright, who accused several women of bewitching her.

A history and psychological interpretation of Salem witchcraft in 1692

Salem, Massachusetts, 1692. In a plain meetinghouse a woman stands before her judges. The accusers, girls and young women, are fervent and overexcited. The accused is a poor, unpopular woman who had her first child before she was married. As the trial proceeds the girls begin to wail, tear their clothing, and scream that the woman is hurting them. Some of them expose wounds to the horrified onlookers, holding out the pins that have stabbed them -- pins that appeared as if by magic. Are they acting or are they really tormented by an unseen evil? Whatever the cause, the nightmare has begun: The witch trials will eventually claim twenty-five lives, shatter the community, and forever shape the American social conscience.

Witchcraft, Nathaniel Hawthorne and Samuel McIntire made this seaside town famous. But echoes of lesser-known tales linger along its lanes and avenues, from mysterious Chestnut Street to the founding Quakers of Buffum Street. Essex Street is one of the oldest in town, and the crooked street has carried several different names over the years, confusing tourists to this day. The Gedney House on High Street dates back to 1665 and was built by a shipwright, while the neighboring Pease and Price Bakery was a family-owned store that served the community for more than eighty years. Local historian and Salem News columnist Jeanne Stella recounts these and more stories of well-worn paths.

Award-winning historian Mary Beth Norton reexamines the Salem witch trials in this startlingly original, meticulously researched, and utterly riveting study. In 1692 the people of Massachusetts were living in fear, and not solely of satanic afflictions. Horrifyingly violent Indian attacks had all but emptied the northern frontier of settlers, and many traumatized refugees—including the main accusers of witches—had fled to communities like Salem. Meanwhile the colony's leaders, defensive about their own failure to protect the frontier, pondered how God's people could be suffering at the hands of savages. Struck by the similarities between what the refugees had witnessed and what the witchcraft "victims" described, many were quick to see a vast conspiracy of the Devil (in league with the French and the Indians) threatening New England on all sides. By providing this essential context to the famous events, and by casting her net well beyond the borders of Salem itself, Norton sheds new light on one of the most perplexing and fascinating periods in our history. Offers an overview of the Salem witch trials, including the origins of Puritan belief in witchcraft, the accusations leading to the Salem trials, and the impact of the Salem trials on American life and society.

The Moravian town of Salem joined with its industrial neighbor, Winston, to officially become the city of Winston-Salem in 1913. Located in the Piedmont section of North Carolina, at the foothills of the Blue Ridge Mountains, Winston-Salem has a rich cultural heritage. Tourists and residents alike visit Old Salem to experience the restored Moravian village and participate in traditional events. Some come to explore Winston-Salem's historic homes and neighborhoods and to sample the city's varied culinary treats. Others come to tour picturesque college campuses, attend sporting events, and partake in the city's vast array of arts offerings.

In graphic novel format, tells of the events surrounding the Salem witch trials and discusses key figures at the center of these events, including Cotton Mather, a Puritan minister who encouraged the hanging of suspected witches.

Salem witchcraft will always have a magnetic pull on the American psyche. During the 1692 witch trials, more than 150 people were arrested. An estimated 25 million Americans—including author Diane Foulds—are descended from the twenty individuals executed. What happened to our ancestors? *Death in Salem* is the first book to take a clear-eyed look at this complex time, by examining the lives of the witch trial participants from a personal perspective. Massachusetts settlers led difficult lives; every player in the Salem drama endured hardships barely imaginable today. Mercy Short, one of the "bewitched" girls, watched as Indians butchered her parents; Puritan minister Cotton Mather outlived all but three of his fifteen children. Such tragedies shaped behavior and, as Foulds argues, ultimately played a part in the witch hunt's outcome. A compelling "who's who" to Salem witchcraft, *Death in Salem* profiles each of these historical personalities as it asks: Why was this person targeted?

Salem's haunted tales date back to the 1830s, when indigenous tribes, trappers and homesteaders shared the lush

Willamette Valley. Murders, hangings and dark underground passageways defined the city's early days as the Willamette River moved old stern-wheelers up to the city's docks. Today, the sounds of those phantom vessels can be heard plying along the river late at night. Oregon's capital city has long been the site of mental hospitals, prisons and other notorious institutions, famously depicted in the movie *One Flew Over the Cuckoo's Nest*. The residual effects of decades of torture and depravity cling to the old facilities in both sight and sound. Author Tim King examines many of these chilling encounters along with eyewitness accounts of spirits that refuse to be quiet.

Follows the beginnings of the witchcraft hysteria that led to the Salem witch trials and describes the impact of these trials on the people and community.

Young witch Salem Hyde is stubborn, impulsive and loves flying. Whammy is nervous, careful and loves staying on the ground. Somehow, though, they're friends. This book continues the series and will contain more adventures (and spells gone awry!) and laughs.

Prudence Stewart had it all at Beverly Hills High: straight A's, the cutest crush, and a sweet gig as captain of the cheerleading squad. Then poof! Mom and Dad announce they're moving to Salem, Massachusetts. Turns out, Pru comes from a long line of witches and it's time for her to learn the craft. Buh-bye, Beverly Hills High -- hello, Agatha's Day School! But Pru's not about to trade in her spirit stick for a broomstick! She's sure she can keep her kewl at her new school -- until she discovers it's all magic, all the time, and she's failing Witchcraft 101. Worst of all, even the cheerleaders bring a special "spirit" to their routine. As in, triple-back-somersault-with-a-twist kind of spirit. It's time for Pru to cast a spell and prove she's just as enchanting as the next girl -- and somehow make cheering tryouts a flying S-U-C-C-E-S-S!

Describes the social and religious conditions surrounding the Salem witch hunts, the extensive trials and executions, and the aftermath of the hysteria.

Few people realize that West Salem was an independent town for over 30 years. From its early development in the mid-19th century--when valley homesteaders grew wheat, hops, and fruits--to the founding of Fairview School in 1868, the opening of the Center Street Bridge across the Willamette River in 1886, the rail line in 1909, and a city charter in 1913 to the surrender of that charter to Salem in 1949, the West Salem area forged its own unique identity. Today, West Salem is a thriving community full of cherished memories alongside physical reminders of its independence, such as the Art Deco-style city hall and jailhouse.

Historian Peter Charles Hoffer reexamines a notorious episode in American history and presents many of its legal details in true perspective for the first time. Hoffer also shows how rights we take for granted today did not exist in colonial times, and he demonstrates how these cases

relate to current instances of children accusing adults of abuse.

Shares the story of the victims, accused witches, corrupt officials and mass hysteria that turned a mysterious illness affecting two children in Salem Village, Massachusetts, into a witch hunt that took more than a dozen lives and ruined hundreds more.

Salem Witchcraft is one of the most famous books published on the Salem Witch Trials. Author Charles Upham was a foremost scholar on the subject, as well as a Massachusetts senator. Only volume one of the series is included in this Anthology.

A fictionalized account of the West Indian slave Tituba, who was accused of witchcraft in Salem, Massachusetts in 1692, and was arrested and jailed for two years

Longlisted for the 2019 National Book Award for Young People's Literature A Publishers Weekly Best Young Adult Book of 2019 The best Teen Zombie Werewolf Witchy Faerie fantasy murder mystery you've ever read—by debut author, Hal Schrieve. Genderqueer fourteen-year-old Z Chilworth has to adjust quickly to their new status as a zombie after waking from death from a car crash that killed their parents and sisters. Always a talented witch, Z now can barely perform magic and is rapidly decaying. Faced with rejection from their remaining family members and old friends, Z moves in with their mother's friend, Mrs. Dunnigan, and befriends Aysel, a loud would-be-goth classmate who is, like Z, a loner. As Z struggles to find a way to repair the broken magical seal holding their body together, Aysel fears that her classmates will discover her status as an unregistered werewolf. When a local psychiatrist is murdered by what seems to be werewolves, the town of Salem, Oregon, becomes even more hostile to "monsters," and Z and Aysel are driven together in an attempt to survive a place where most people wish that neither of them existed. Rarely has a first-time author created characters of such immediacy and power as Z, Aysel, Tommy (suspected fey) and Elaine (also a werewolf), or a world that parallels our own so clearly and disturbingly.

Ben Mears has returned to Jerusalem's Lot in hopes that exploring the history of the Marsten House, an old mansion long the subject of rumor and speculation, will help him cast out his personal devils and provide inspiration for his new book. But when two young boys venture into the woods, and only one returns alive, Mears begins to realize that something sinister is at work—in fact, his hometown is under siege from forces of darkness far beyond his imagination. And only he, with a small group of allies, can hope to contain the evil that is growing within the borders of this small New England town. With this, his second novel, Stephen King established himself as an indisputable master of American horror, able to transform the old conceits of the genre into something fresh and all the more frightening for taking place in a familiar, idyllic locale.

From Printz Honor winner and Your Own, Sylvia author Stephanie Hemphill comes this fictionalized account of the Salem Witch trials from three of the real young women living in Salem in 1692. Ann Putnam Jr. is the queen bee. When her father suggests a spate of illnesses in the village is the result of witchcraft, she puts in motion a chain of events that will change Salem forever. Mercy Lewis is the beautiful servant in Ann's house who inspires adulation in some and envy in others. With her troubled past, she seizes her only chance at safety. Margaret Walcott, Ann's cousin, is desperately in love. She is torn between staying loyal to her friends and pursuing a life with her betrothed. With new accusations mounting against the men and women of the community, the girls will have to decide: Is it too late to tell the truth?

While clearing out her grandmother's cottage for sale, Connie Goodwin finds a parchment inscribed with the name Deliverance Dane. And so begins the hunt to uncover the woman behind the name, a hunt that takes her back to Salem in 1692 . . . and the infamous witchcraft trials. But nothing is entirely as it seems and when Connie unearths the existence of Deliverance's spell book, the Physick Book, the situation takes on a menacing edge as interested parties reveal their desperation to find this precious artefact at any cost. What secrets does the Physick

Book contain? What magic is scrawled across its parchment pages? Connie must race to answer these questions - and reveal the truth about Salem's women - before an ancient family curse once more fulfils its dark and devastating prophecy . . .

In *The Specter of Salem*, Gretchen A. Adams reveals the many ways that the Salem witch trials loomed over the American collective memory from the Revolution to the Civil War and beyond. Schoolbooks in the 1790s, for example, evoked the episode to demonstrate the new nation's progress from a disorderly and brutal past to a rational present, while critics of new religious movements in the 1830s cast them as a return to Salem-era fanaticism, and during the Civil War, southerners evoked witch burning to criticize Union tactics. Shedding new light on the many, varied American invocations of Salem, Adams ultimately illuminates the function of collective memories in the life of a nation.

"Imaginative and thoughtful. . . . Thought-provoking, informative, and convincingly presented, *The Specter of Salem* is an often spellbinding mix of politics, cultural history, and public historiography."— *New England Quarterly* "This well-researched book, forgoing the usual heft of scholarly studies, is not another interpretation of the Salem trials, but an important major work within the scholarly literature on the witch-hunt, linking the hysteria of the period to the evolving history of the American nation. A required acquisition for academic libraries."—Choice, Outstanding Academic Title 2009

West Salem is located in the southeast corner of Winston-Salem. It has the historical distinction of containing the land that made up the farms and industry of Colonial Salem. While East Salem, the congregational town and village, controlled business and religious interests, West Salem provided the heart, soul, and backbone of the area with the work of its blue-collar residents. The residents produced the food, mills, and industrial interests that allowed the town to function so successfully in its early years. Throughout West Salem's history, it always triumphed over such challenges as wars and the Great Depression. *Images of America: Historic West Salem* showcases the stories and photographs of the regular folks whose hard work and sacrifice fueled the greatness of our American leaders.

The first book-length study of two overlooked engagements that helped turned the tide of a pivotal Civil War battle. By May of 1863, the stone wall at the base of Marye's Heights above Fredericksburg, Virginia, loomed large over the Army of the Potomac, haunting its men with memories of slaughter from their crushing defeat there the previous December. They would assault it again with a very different result the following spring. This time the Union troops wrested the wall and high ground from the Confederates and drove west into the enemy's rear. The inland drive stalled in heavy fighting at Salem Church. *Chancellorsville's Forgotten Front* is the first book to examine Second Fredericksburg and Salem Church and the central roles they played in the final Southern victory. Authors Chris Mackowski and Kristopher D. White have long appreciated the pivotal roles these engagements played in the Chancellorsville campaign, and just how close the Southern army came to grief—and the Union army to stunning success. Together they seamlessly weave their extensive newspaper, archival, and firsthand research into a compelling narrative to better understand these combats, which usually garner little more than a footnote to the larger story of Stonewall Jackson's march and fatal wounding. *Chancellorsville's Forgotten Front* offers a thorough examination of the decision-making, movements, and fighting that led to the bloody stalemate at Salem Church, as Union soldiers faced the horror of an indomitable wall of stone—and an undersized Confederate division stood up to a Union juggernaut.

Presents a history of the Salem witch trials, including the events that led up to the trials and the efforts by colony leaders which finally brought an end to the hysteria.

A brilliant analysis of the most famous case of witchcraft hysteria in American history.

"Something wicked was brewing in the small town of Salem, Massachusetts, in 1692. It started when two girls, Betty Parris and Abigail

Williams, began having hysterical fits. Soon after, other local girls claimed they were being pricked with pins. With no scientific explanation available, the residents of Salem came to one conclusion: it was witchcraft. Over the next year and a half, nineteen people were convicted of witchcraft and hanged while more languished in prison as hysteria swept the colony. Author Joan Holub gives readers and inside look at this sinister chapter in history"--Provided by publisher.

Witchcraft, Wrath, and war. Salem, Oregon isn't a tourist destination, or even remotely interesting at all. However, even a small town can hide big secrets. Two unlikely teenagers confront this secret head on, and are launched into the world of witches and demons.

"What was it like to be there and, if you were lucky, to live through it? In a compelling combination of narrative and groundbreaking historical research, Salem Witch Trial scholar Marilynne K. Roach vividly brings the terrifying times to life while skillfully illuminating the lives of the accused, the accusers, and the afflicted."--Back cover.

A study of the Puritan village and the people involved in the witch trials of 1692 provides insight into the causes and implications of this notorious episode in American history

It's no surprise that the historic Massachusetts seaport's history is checkered with violence and heinous crimes. Originally called Naumkeag, Salem means "peace." However, as its historical legacy dictates, the city was anything but peaceful during the late seventeenth century. Did the reputed Boston Strangler, Albert DeSalvo, strike in Salem? Evidence supports the possibility of a copy-cat murder. From the recently pinpointed gallows where innocents were hanged for witchcraft to the murder house on Essex Street where Capt. Joseph White was bludgeoned to death and then stabbed thirteen times in the heart, Sam Baltrusis explores the ghost lore and the people behind the tragic events that turned the "Witch City" into a hot spot that has become synonymous with witches, rakes, and rogues.

Young witch Salem Hyde needs an idea for her science project, and she needs it fast. While on a field trip to the Natural History Museum, Salem decides that dinosaurs are the perfect answer. She uses magic to cut corners but finds that her efforts have disastrous results when the egg she brings home hatches during the night. Good thing Whammy is there to help Salem keep the baby dinosaur out of trouble and clean up this magical mess! Salem and Whammy are an irresistible duo in a book perfect for the youngest independent readers.

The magic begins when the Good Witch of Salem glares into her crystal ball to find that someone is in need of kindness and love. With the help of her cat Aura, the Good Witch creates colorful potions in her gleaming cauldron. Will the potions be enough to guide the way to healing and happiness? Can the Good Witch of Salem use her magic to help one find their true self?
