Not since The Diary of Anne Frank has there been such a book as this: The joyful but ultimately heartbreaking journal of a young Jewish woman in occupied Paris, now being published for the first time, 63 years after her death in a Nazi concentration camp. On April 7, 1942, Hélène Berr, a 21-year-old Jewish student of English literature at the Sorbonne, took up her pen and started to keep a journal, writing with verve and style about her everyday life in Paris — about her studies, her friends, her growing affection for the “boy with the grey eyes,” about the sun in the dewdrops, and about the effect of the growing restrictions imposed by France’s Nazi occupiers. Berr brought a keen literary sensibility to her writing, a talent that renders the story it relates all the more rich, all the more heartbreaking. The first day Berr has to wear the yellow star on her coat, she writes, “I held my head high and looked people so straight in the eye they turned away. But it’s hard.” More, many more, humiliations were to follow, which she records, now with a view to posterity. She wants the journal to go to her fiancé, who has enrolled with the Free French Forces, as she knows she may not live much longer. She was right. The final entry is dated February 15, 1944, and ends with the chilling words: “Horror!

Horror! Horror!" Berr and her family were arrested three weeks later. She went — as was discovered later — on the death march from Auschwitz to Bergen-Belsen, where she died of typhus in April 1945, within a month of Anne Frank and just days before the liberation of the camp. The journal did eventually reach her fiancé, and for over fifty years it was kept private. In 2002, it was donated to the Memorial of the Shoah in Paris. Before it was first published in France in January 2008, translation rights had already been sold for twelve languages.

Discusses the legal and illegal ways that millions of Jews managed to leave Germany, the challenges they faced, and the diversity of the refugee experience.

"In the evening I had to prepare food and cook supper, which exhausted me totally. In politics there's absolutely nothing new. Again, out of impatience I feel myself beginning to fall into melancholy. There is really no way out of this for us." This is Dawid Sierakowiak's final diary entry. Soon after writing it, the young author died of tuberculosis, exhaustion, and starvation--the Holocaust syndrome known as "ghetto disease." After the liberation of the Łódź Ghetto, his notebooks were found stacked on a cookstove, ready to be burned for heat. Young Sierakowiak was one of more than 60,000 Jews who perished in that notorious urban slave camp, a man-made hell which was the longest surviving

concentration of Jews in Nazi Europe. The diary comprises a remarkable legacy left to humanity by its teenage author. It is one of the most fastidiously detailed accounts ever rendered of modern life in human bondage. Off mountain climbing and studying in southern Poland during the summer of 1939, Dawid begins his diary with a heady enthusiasm to experience life, learn languages, and read great literature. He returns home under the quickly gathering clouds of war. Abruptly /Łód'z is occupied by the Nazis, and the Sierakowiak family is among the city's 200,000 Jews who are soon forced into a sealed ghetto, completely cut off from the outside world. With intimate, undefended prose, the diary's young author begins to describe the relentless horror of their predicament: his daily struggle to obtain food to survive; trying to make reason out of a world gone mad; coping with the plagues of death and deportation. Repeatedly he rallies himself against fear and pessimism, fighting the cold, disease, and exhaustion which finally consume him. Physical pain and emotional woe hold him constantly at the edge of endurance. Hunger tears Dawid's family apart, turning his father into a thief who steals bread from his wife and children. The wonder of the diary is that every bit of hardship yields wisdom from Dawid's remarkable intellect. Reading it, you become a prisoner with him in the ghetto, and with discomfiting intimacy you begin to experience the incredible

process by which the vast majority of the Jews of Europe were annihilated in World War II.

Significantly, the youth has no doubt about the consequence of deportation out of the ghetto: "Deportation into lard," he calls it. A committed communist and the unit leader of an underground organization, he crusades for more food for the ghetto's school children. But when invited to pledge his life to a suicide resistance squad, he writes that he cannot become a "professional revolutionary." He owes his strength and life to the care of his family. Antin emigrated from Polotzk (Polotsk), Belarus [Russia], to Boston, Massachusetts, at age 13. She tells of Jewish life in Russia and in the United States. "Anyone who survived the exterminations camps must have an untypical story to tell. The typical camp story of the millions ended in death ... We, the few who survived the war and the majority who perished in the camps, did not use and would not have understood terms such as 'holocaust' or 'death march.' These were coined later, by outsiders." In 1939 twelve-year-old Felix Weinberg fell into the hands of the Nazis. Imprisoned for most of his teenage life, Felix survived five concentration camps, including Terezin, Auschwitz, and Birkenau, barely surviving the Death March from Blechhammer in 1945. After losing his mother and brother in the camps, he was liberated at Buchenwald and eventually reunited at seventeen with his father in

Britain, where they built a new life together. Boy 30529 is an extraordinary memoir of the Holocaust, as well as a moving meditation on the nature of memory.

Abandoned by her mother, who left to pursue a career as a camp guard at Auschwitz-Birkenau, loathed by her step-mother, cooped up in a cellar, starved, parched, lonely amidst the fetid crush of her neighbours, Helga Schneider endured the horrors of wartime Berlin. *The Bonfire of Berlin* is a searing account of her survival. The grinding misery of hunger, combined with the terror of air-raids, the absence of fresh water and the constant threat of death and disease served not to unite the tenants and neighbours of her apartment block but rather to intensify the minor irritations of communal life into flashpoints of rage and violence. And with Russian victory the survivors could not look forward a return to peacetime but rather to pillage and rape. It was only gradually that Schneider's life returned to some kind of normality, as her beloved father returned from the front, carrying his own scars of the war. This shocking book evokes the reality of life in a wartime city in all its brutality and deprivation, while retaining a kernel of hope that while life remains not all is lost.

Rescued from a Dumpster on the Upper West Side of Manhattan, a discarded diary brings to life the glamorous, forgotten world of an extraordinary young

woman. For more than half a century, the red leather diary lay silent, languishing inside a steamer trunk, its worn cover crumbling into little flakes. When a cleaning sweep of a New York City apartment building brings this lost treasure to light, both the diary and its owner are given a second life.

Recovered by Lily Koppel, a young writer working at the New York Times, the journal paints a vivid picture of 1930s New York—horseback riding in Central Park, summer excursions to the Catskills, and an obsession with a famous avant-garde actress. From 1929 to 1934, not a single day's entry is skipped. Opening the tarnished brass lock, Koppel embarks on a journey into the past, traveling to a New York in which women of privilege meet for tea at Schrafft's, dance at the Hotel Pennsylvania, and toast the night at El Morocco. As she turns the diary's brittle pages, Koppel is captivated by the headstrong young woman whose intimate thoughts and emotions fill the pale blue lines. Who was this lovely ingénue who adored the works of Baudelaire and Jane Austen, who was sexually curious beyond her years, who traveled to Rome, Paris, and London? Compelled by the hopes and heartaches captured in the pages, Koppel sets out to find the diary's owner, her only clue the inscription on the frontispiece—"This book belongs to . . . Florence Wolfson." A chance phone call from a private investigator leads Koppel to Florence, a ninety-year-

old woman living with her husband of sixty-seven years. Reunited with her diary, Florence ventures back to the girl she once was, rediscovering a lost self that burned with artistic fervor. Joining intimate interviews with original diary entries, Koppel reveals the world of a New York teenager obsessed with the state of her soul and her appearance, and muses on the serendipitous chain of events that returned the lost journal to its owner. Evocative and entrancing, *The Red Leather Diary* re-creates the romance and glitter, sophistication and promise, of 1930s New York, bringing to life the true story of a precocious young woman who dared to follow her dreams.

An innovative reassessment of Holocaust testimony, revealing the dramatic ways in which the languages and places of postwar life inform survivor memory. This groundbreaking work rethinks conventional wisdom about Holocaust testimony, focusing on the power of language and place to shape personal narrative. Oral histories of Lithuanian Jews serve as the textual base for this exploration. Comparing the remembrances of Holocaust victims who remained in Lithuania with those who resettled in Israel and North America after World War II, Pollin-Galay reveals meaningful differences based on where survivors chose to live out their postwar lives and whether their language of testimony was Yiddish, English, or Hebrew. The differences between their testimonies relate to notions of love, justice,

community--and how the Holocaust did violence to these aspects of the self. More than an original presentation of yet-unheard stories, this book challenges the assumption of a universal vocabulary for describing and healing human pain.

Profiles the young Jewish girl who kept a diary of her time in hiding from the Nazis during World War II.

The *Diary of a Young Girl*, also known as *The Diary of Anne Frank*, is a book of the writings from the Dutch language diary kept by Anne Frank while in 1942, with the Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. The family was apprehended in 1944, and Anne Frank died of typhus in the Bergen-Belsen concentration camp in 1945. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short. The diary was retrieved by Miep Gies, who gave it to Anne's father, Otto Frank, the family's only known survivor, just after the war was over. The diary has since been published in more than 60 languages.

No one has ever posed a satisfactory explanation for the extreme inhumanity of the Holocaust. What was going on in the heads and hearts of the millions of Germans who either participated in or condoned the murder of the Jews? In this provocative book, Thomas Kuhne offers a new answer. A genocidal society was created not only by the hatred of Jews or by coercion, Kuhne contends, but also by the love of Germans for one another, their desire for a united "people's community," the *Volksgemeinschaft*. During the Third Reich, Germans learned to connect with one another by becoming

brother and sisters in mass crime.

Diary entries written by five Holocaust victims document the ordeals suffered in Nazi-occupied Lithuania, Hungary, Belgium, and Holland.

The author documents her experiences during World War II through a secret diary she kept during her time in a concentration camp and the years following the war.

A gripping biography of the infamous Nazi doctor, from a former Justice Department official tasked with uncovering his fate. Perhaps the most notorious war criminal of all time, Josef Mengele was the embodiment of bloodless efficiency and passionate devotion to a grotesque worldview. Aided by the role he has assumed in works of popular culture, Mengele has come to symbolize the Holocaust itself as well as the failure of justice that allowed countless Nazi murderers and their accomplices to escape justice. Whether as the demonic doctor who directed mass killings or the elusive fugitive who escaped capture, Mengele has loomed so large that even with conclusive proof, many refused to believe that he had died. As chief of investigative research at the Justice Department's Office of Special Investigations in the 1980s, David G. Marwell worked on the Mengele case, interviewing his victims, visiting the scenes of his crimes, and ultimately holding his bones in his hands. Drawing on his own experience as well as new scholarship and sources, Marwell examines in scrupulous detail Mengele's life and career. He chronicles Mengele's university studies, which led to two PhDs and a promising career as a scientist; his wartime service both in frontline combat and at Auschwitz, where his "selections" sent innumerable innocents to their deaths and his "scientific" pursuits—including his studies of twins and eye color—traumatized or killed countless more; and his postwar flight from Europe and refuge in South America. Mengele describes the international search for the Nazi doctor in 1985

that ended in a cemetery in Sao Paulo, Brazil, and the dogged forensic investigation that produced overwhelming evidence that Mengele had died—but failed to convince those who, arguably, most wanted him dead. This is the riveting story of science without limits, escape without freedom, and resolution without justice.

Terrorist attacks regularly trigger the enactment of repressive laws, setting in motion a vicious cycle that threatens to devastate civil liberties over the twenty-first century. In this clear-sighted book, Bruce Ackerman peers into the future and presents an intuitive, practical alternative. He proposes an 'emergency constitution' that enables government to take extraordinary actions to prevent a second strike in the short run while prohibiting permanent measures that destroy our freedom over the longer run. Ackerman's 'emergency constitution' exposes the dangers lurking behind the popular notion that we are fighting a war on terror. He criticizes court opinions that have adopted the war framework, showing how they uncritically accept extreme presidential claims to sweeping powers. Instead of expanding the authority of the commander-in-chief, the courts should encourage new forms of checks and balances that allow for decisive, but carefully controlled, presidential action during emergencies. In making his case, Ackerman explores emergency provisions in constitutions ranging from France to South Africa, retaining aspects that work and adapting others. He shows that no country today is well equipped to both fend off terrorists and preserve fundamental liberties, drawing particular attention to recent British reactions to terrorist attacks. Written for thoughtful citizens throughout the world, this book is democracy's constitutional reply to political excess in the sinister era of terrorism.

The moving, untold family story behind Abraham Zapruder's film footage of the Kennedy assassination and its lasting impact on our world. Abraham Zapruder didn't know when he ran home to grab his video camera on November 22, 1963 that this single spontaneous decision would change his family's life for generations to come. Originally intended as a home movie of President Kennedy's motorcade, Zapruder's film of the JFK assassination is now shown in every American history class, included in Jeopardy and Trivial Pursuit questions, and referenced in novels and films. It is the most famous example of citizen journalism, a precursor to the iconic images of our time, such as the Challenger explosion, the Rodney King beating, and the 9/11 attack on the Twin Towers. But few know the complicated legacy of the film itself. Now Abraham's granddaughter, Alexandra Zapruder, is ready to tell the complete story for the first time. With the help of the Zapruder family's exclusive records, memories, and documents, Zapruder tracks the film's torturous journey through history, all while American society undergoes its own transformation, and a new media-driven consumer culture challenges traditional ideas of privacy, ownership, journalism, and knowledge. Part biography, part family history, and part historical narrative, Zapruder demonstrates how one man's unwitting moment in the spotlight shifted the way politics, culture, and media intersect, bringing about the larger social questions that define our age. From the award-winning author of *Sons and Daughters of Ease and Plenty* and the new story collection, *Awayland*. In 1939, the families in a remote Jewish

village in Romania feel the war close in on them. Their tribe has moved and escaped for thousands of years-across oceans, deserts, and mountains-but now, it seems, there is nowhere else to go. Danger is imminent in every direction, yet the territory of imagination and belief is limitless. At the suggestion of an eleven-year-old girl and a mysterious stranger who has washed up on the riverbank, the villagers decide to reinvent the world: deny any relationship with the known and start over from scratch. Destiny is unwritten. Time and history are forgotten. Jobs, husbands, a child, are reassigned. And for years, there is boundless hope. But the real world continues to unfold alongside the imagined one, eventually overtaking it, and soon our narrator-the girl, grown into a young mother-must flee her village, move from one world to the next, to find her husband and save her children, and propel them toward a real and hopeful future. A beguiling, imaginative, inspiring story about the bigness of being alive as an individual, as a member of a tribe, and as a participant in history, *No One Is Here Except All Of Us* explores how we use storytelling to survive and shape our own truths. It marks the arrival of a major new literary talent.

A New York Times bestseller A USA Today bestseller
The long-hidden diary of a young Polish woman's life during the Holocaust, translated for the first time into English Renia Spiegel was born in 1924 to an upper-middle class Jewish family living in southeastern Poland, near what was at that time the border with Romania. At the start of 1939 Renia began a diary. "I just want a friend. I want somebody to talk to about my everyday worries and joys. Somebody who would feel what I feel, who would believe me, who would never reveal my secrets. A human being can never be such a friend and that's why I have decided to look for a confidant in the form of a diary." And so begins an extraordinary document of an adolescent girl's hopes and dreams. By the fall of 1939, Renia and her younger sister Elizabeth (née Ariana) were staying with their grandparents in Przemysl, a city in the south, just as the German and Soviet armies invaded Poland. Cut off from their mother, who was in Warsaw, Renia and her family were plunged

into war. Like Anne Frank, Renia's diary became a record of her daily life as the Nazis spread throughout Europe. Renia writes of her mundane school life, her daily drama with best friends, falling in love with her boyfriend Zygmund, as well as the agony of missing her mother, separated by bombs and invading armies. Renia had aspirations to be a writer, and the diary is filled with her poignant and thoughtful poetry. When she was forced into the city's ghetto with the other Jews, Zygmund is able to smuggle her out to hide with his parents, taking Renia out of the ghetto, but not, ultimately to safety. The diary ends in July 1942, completed by Zygmund, after Renia is murdered by the Gestapo. Renia's Diary has been translated from the original Polish, and includes a preface, afterword, and notes by her surviving sister, Elizabeth Bellak. An extraordinary historical document, Renia Spiegel survives through the beauty of her words and the efforts of those who loved her and preserved her legacy. Documents the historical, political, social, cultural, and military context of the Holocaust, discussing the persecution of the Jews, Gypsies, Soviet prisoners of war, and Polish citizens.

Seventy years have passed since the tortured inmates of Hitler's concentration and extermination camps were liberated. When the horror of the atrocities came fully to light, it was easy for others to imagine the joyful relief of freed prisoners. Yet for those who had survived the unimaginable, the experience of liberation was a slow, grueling journey back to life. In this unprecedented inquiry into the days, months, and years following the

arrival of Allied forces at the Nazi camps, a foremost historian of the Holocaust draws on archival sources and especially on eyewitness testimonies to reveal the complex challenges liberated victims faced and the daunting tasks their liberators undertook to help them reclaim their shattered lives. Historian Dan Stone focuses on the survivors—their feelings of guilt, exhaustion, fear, shame for having survived, and devastating grief for lost family members; their immense medical problems; and their later demands to be released from Displaced Persons camps and resettled in countries of their own choosing. Stone also tracks the efforts of British, American, Canadian, and Russian liberators as they contended with survivors' immediate needs, then grappled with longer-term issues that shaped the postwar world and ushered in the first chill of the Cold War years ahead.

A bold new exploration that answers the most commonly asked questions about the Holocaust. Despite the outpouring of books, movies, museums, memorials, and courses devoted to the Holocaust, a coherent explanation of why such ghastly carnage erupted from the heart of civilized Europe in the twentieth century still seems elusive even seventy years later. Numerous theories have sprouted in an attempt to console ourselves and to point the blame in emotionally satisfying directions—yet none of them are fully convincing. As witnesses to the Holocaust near the ends of their lives, it becomes that much more important to unravel what happened and to educate a new generation about the horrors inflicted by the Nazi regime on Jews and non-Jews alike. Why? dispels many misconceptions and answers some of the most basic—yet vexing—questions that remain: why the Jews and not another ethnic group? Why the Germans? Why such a swift and sweeping extermination? Why didn't more Jews fight back more often? Why didn't they receive more help? Holocaust historian and professor Peter Hayes brings a wealth of scholarly research and experience to bear on conventional, popular views of the history, challenging some of the most prominent recent interpretations. He argues that there is no single theory that “explains” the Holocaust; the convergence of multiple forces at a particular moment in time led to catastrophe. In clear prose informed by an encyclopedic knowledge of Holocaust literature in English and German, Hayes weaves together stories and statistics to heart-stopping effect. *Why?* is an authoritative, groundbreaking exploration of the origins of one of the most tragic events in human history.

Unlike many Holocaust books, which deal primarily with the concentration camps, this book focuses on Jewish life before Jews lost their autonomy and fell totally under Nazi power. These essays concern various aspects of Jewish daily life and governance, such as the Judenrat, the Warsaw Ghetto uprising, religious life, housing, death, smuggling, art, and the struggle for survival while under siege by the Nazi regime. Written by survivors of the ghettos throughout Poland, Czechoslovakia, and Hungary, this collection contains historical and cultural articles by prominent scholars, an essay on Holocaust theatre, and an article on teaching the Holocaust to students.

Twelve-year-old Michael Kraus began keeping a diary while he was still living at home in the Czech city of Nachód but continued writing while a prisoner at Theresienstadt (Terezín). When he was shipped with other prisoners to the death camp at Auschwitz-Birkenau, all of his writings were confiscated and destroyed. After his liberation and while convalescing, he began to draw and make notes again about his experiences in Theresienstadt, in Auschwitz, the first death march out of Mauthausen, and its satellite camps, in Melk and Gunskirchen. As a teenager confronting the traumas of these experiences, Kraus found that recording his memories in words and pictures helped him overcome his hatred for those who had murdered his parents. The process of writing and drawing also helped him begin the painful transition to a so-called normal life. As a survivor, Kraus also felt the need to recount his experiences for the benefit of future generations, especially on behalf of the many who did not survive. The present edition makes this memoir, originally written in Czech and significant for having been written so close to the author's liberation, widely available to English readers for the first time. It also reproduces pages from the original booklets that show how the teenage Kraus illustrated his memories with pencil drawings that both complement and extend his story, giving readers a sense of its character as an unusual and important

A timeless story rediscovered by each new generation, *The Diary of a Young Girl* stands without peer. For both young readers and adults it continues to capture the remarkable spirit of Anne Frank, who for a time survived the worst horror the modern world has seen—and who remained triumphantly and heartbreakingly human throughout her ordeal.

Adapted by Ari Folman, illustrated by David Polonsky, and authorized by the Anne Frank Foundation in Basel, this is the first graphic edition of *The Diary* and includes extensive quotation directly from the definitive edition. It remains faithful to the original, while the stunning illustrations interpret and add layers of visual meaning and immediacy to this classic work of Holocaust literature.

This book considers the largely under-recognised contribution that young writers have made to life writing genres such as memoir, letter writing and diaries, as well as their innovative use of independent and social media. The authors argue that these contributions have been historically silenced, subsumed within other literary genres, culturally marginalised or co-opted for political ends. Furthermore, the book considers how life narrative is an important means for youth agency and cultural participation. By engaging in private and public modes of self-representation, young people have contested public discourses around the

representation of youth, including media, health and welfare, and legal discourses, and found means for re-engaging and re-appropriating self-images and representations. Locating their research within broader theoretical debates from childhood and youth studies: youth creative practice and associated cultural implications; youth citizenship and autonomy; the rights of the child; generations and power relationships, Poletti and Douglas also position their inquiry within life narrative scholarship and wider discussions of self-representation from the margins, representations of conflict and trauma, and theories of ethical scholarship.
